PROFILE OF FIRM

Neel-Schaffer, Inc. is a consulting engineering firm incorporated in Jackson, Mississippi. The firm provides general consulting engineering, planning and community development services through its Jackson, Hattiesburg and Oxford, Mississippi and New Orleans, Louisiana offices.

The firm has a staff of about 51, including 18 registered professional engineers, eight of whom have advanced degrees. Expertise based in Neel-Schaffer, Inc. includes civil, structural, hydraulic, environmental, traffic and transportation, highway and bridge, electrical and mechanical engineers; hydrologists; landscape architects; surveyors; urban planners; and community development specialists. Professional services can be provided for the complete scope of a project to include the planning, surveying, design and construction phases. The firm maintains an educated staff of professionals with access to current technical research materials and construction cost data. Staff engineers also have access to several computer systems and are trained in computer analysis, modeling and design techniques. Many operations are conducted with modern, state of the art equipment.

Every project undertaken is evaluated and approached individually to ensure the assembly of the appropriate professional and technical staff. A project manager is selected and has direct responsibility for scope, quality, cost, and time control. All project managers have extensive experience on both large and small scale assignments. The project manager has direct responsibility for communications with the client and his staff; however, principals of the firm also play an active role in client communications. Critical Path Method scheduling is used to ensure that critical schedules are met and that the projects are managed professionally. The firm utilizes cost and quality control methods in all phases of its work assignments. The objective of Neel-Schaffer is to provide the client with quality work within specified schedules, budgets and fees.

Clients of Neel-Schaffer, Inc. are located in Mississippi, Alabama, Louisiana and Tennessee and include municipalities, state and federal government agencies and private business. To further client needs and project success, Neel-Schaffer, Inc. holds substantial knowledge and experience with state and federal financial assistance programs and general obligation and revenue bond financing for projects. Working relationships are maintained with federal and state regulatory agencies at both the regional and national levels. The firm has special skills in project funding from application to coordination of public and private funding resources available for client projects.

RE: Proposal for FY-87 CDBG Rental Rehabilitation
Application and Administration

Dear Ms. Daniel:

Neel-Schaffer, Inc. is pleased to submit this proposal for the above referenced project. This is in response to your advertisement on July 20, 1987, which requests information relative to our qualifications, experience, and capacity for performance.

We have extensive experience in the area of CDBG applications and administration of such projects throughout Mississippi. We are familiar with the Federal and State requirements for implementation of this project and have established as good working relationship with those agencies.

We have been successful with two previous CDBG Rental Rehab projects in Petal and we look forward to working with you on this FY-87 project.

We appreciate the opportunity to submit this proposal and will be happy to furnish any additional information or answer any questions.

Sincerely,

NEEL-SCHAFFER, INC.

Robert W. Hatten
Project Administrator

RWH/jm

UNDERSTANDING OF TASK

Neel-Schaffer, Inc. will provide application preparation and administration services for an FY-87 Rental Rehabilitation program. The application is to be filed with the Governor's Office of Federal-State Programs, Department of Community Development, approximately September 15, 1987.

The preparation of this application involves the program presentation at one public meeting as a minimum. It requires data collection on all proposed projects from rental property owners, rating and selection of those properties to be approved, neighborhood surveys, tenant interviews and other documentation required for the application.

Close coordination must be maintained with the City of Petal, the Regional Housing Authority, and the Governor's Office of Federal-State Programs.

Separate documentation will be prepared and submitted with this application to request a CDBG budget for application, administration, and audit services.

The project services to be performed are as listed below:

1. Preparation of the application and request for Administration funding and timely submission to the Governor's Office of Federal-State Programs.
2. Provide complete administration and management of the program to include environmental review procedures, preparation of program guidelines, financial management, overall program management, equal employment opportunities, and fair housing compliance monitoring.
3. Rental housing rehabilitation activities including soliciting and qualifying rental properties, conducting inspections, work write-ups, and cost estimates.

THEREUPON, ALDERMAN Boutwell made a Motion to accept the only Bid received subject to the approval and direction of the Governor's Office of Federal and State Programs. Alderman Scott seconded the Motion.
