WHEREAS, MAYOR GAY STATED THAT MRS. JAMES B. CLARK OF 217 E. 7TH AVENUE HAS REQUESTED A HEARING CONCERNING HER WATER CONSUMPTION AND WATER BILL, BUT MRS. CLARK IS NOT PRESENT.

THEREUPON, MAYOR GAY EXPLAINED THAT THE CLARK'S, BECAUSE OF A LEAK IN THE POOL, CONTINUALLY RUN WATER INTO THE POOL TO KEEP THE WATER LEVEL UP. WATER DEPARTMENT EMPLOYEES, RALPH EDDLEMON AND ERVIN KITCHENS STATED THAT THEY HAVE TALKED TO THE CLARK'S ABOUT THE WATER BEING RUN CONSTANTLY INTO THE POOL AND THE OVERFLOW OF THE WATER INTO THE DITCHES AND THAT THE WASTING OF WATER IS A VIOLATION OF THE CITY'S ORDINANCE. MAYOR GAY ALSO EXPLAINED THAT THE CLARK'S SEWER BILL WAS ADJUSTED LAST MONTH AND REQUESTED THE WISHES OF THE BOARD CONCERNING THE BILL WHICH NOW TOTALS \$618.00.

THEREUPON, ALDERMAN ROWELL MADE A MOTION THAT TO CUT-OFF THE WATER AT JAMES B. CLARK'S RESIDENCE AT 217 E. 7TH AVENUE IF THE BILL IS NOT PAID AND TO MONITOR THE USAGE AND IF THE WASTING OF WATER CONTINUES TO CITE THE CLARK'S IN VIOLATION OF THE CITY'S ORDINANCE. ALDERMAN RUNNELS SECONDED THE MOTION.

RE: Railroad Grade Crossing Program, FY-90

Dear Mayor Gay:

Section 130 of the 1986 Federal-Aid Highway Act provided funds to correct the more hazardous railroad grade crossings selected on a statewide priority basis. Some of these crossings are located on streets that are under local jurisdiction. The Highway Department in conjunction with the Federal Highway Administration, has agreed to aid these cities that desire to participate in correcting those crossings identified as hazardous in your City.

Attached are two (2) copies of an agreement for each crossing eligible for improvement with Federal Safety Funds. The agreement between the City and the Highway Department establishes conditions and terms to allow your City to participate in the program on a 90/10 percent matching ratio. The agreement provides the means for transmitting the ten (10) percent matching funds for each project. These funds will be requested upon receipt of a final estimate from the railroad company and must be received before authority to proceed can be given to the company.

Please execute both copies of the Agreement for each project in which the City agrees to participate, and mail to Newton McCormick Jr., Construction Office Engineer, P.O. Box 1850, Jackson, MS 39215-1850.

You will be notified as to when the City must forward a check payable to the Department for the City's 10% matching portion. These funds will be set aside for each project and one executed copy of the Agreement will be returned to you for your records. We must receive both copies of the agreements executed by the City for each crossing location the City wishes to improve by October 15, 1990, if the City wishes to participate in the program.

Since the Department has overall responsibility for accomplishing the program, and has entered into a master agreement with each railroad company, it will not be necessary for the City to enter into such an agreement with the railroad company. However, if the City participates in the program, please indicate the name and address of the City Engineer or Consulting Engineer on the form attached to the agreement.

RAILROAD GRADE CROSSING PROTECTION PROGRAM AGREEMENT

Project No. RRP-9333(1)

Termini: W. 1st Ave.-Petal

DOT No. 725593Y

This AGREEMENT made by and between the CITY of Petal,
Forrest County, Mississippi, hereinafter referred to as the
CITY, and the STATE HIGHWAY COMMISSION of the State of
Mississippi, hereinafter referred to as the COMMISSION for the
purpose of establishing the agreed conditions under which the
CITY may participate in correcting the more hazardous railroad
crossings in the State.

WHEREAS: The CITY recognizes the need to participate in the
Statewide Railroad Grade Crossing Protection Program at locations
under their jurisdiction.

WHEREAS: It is understood that conditions presented herein
are general in nature with details and specific requirements
contained in Highway Department Standard Operating Procedures and
Federal Highway Administration Federal Program Manuals, and

WHEREAS: A statewide survey of railroad crossings has been
made and a resulting list of hazardous crossings has been
developed, and

WHEREAS: A crossing(s) within the CITY has(have) been
identified and is(are) included on the list of hazardous
crossings, and

WHEREAS: The CITY proposes to cooperate with the
COMMISSION, Federal Highway Administration, and the applicable

EXHIBIT "A"

Railroad Companies to correct these identified critical crossing(s) and to provide the necessary engineering services and required local funds to match federal-aid funds at a funding ratio of 90% Federal and 10% CITY.

NOW THEREFORE, it is mutually agreed that the CITY will for each project:

ARTICLE I: Agree to the covenants and agreements specified in the Master Agreement executed between the COMMISSION and the Railroad Company and made a part of this agreement as Supplement A. Assist the COMMISSION where necessary in carrying out the provisions specified in the Master Agreement when the maintenance of the road at the crossing is under the jurisdiction of the CITY.

ARTICLE II: Assume responsibility for ten percent (10%) of the total cost of the installation, unless assumed by the Railroad Company, and agree to perform incidental construction in accordance with the final plans, if required, at no cost to the State or Railroad.

ARTICLE III: Agree that the designated City Engineer for the CITY who is a salaried employee of the CITY and a registered professional engineer; or, for those cities without a City Engineer, the designated Consulting Engineer, provide the Railroad Company any engineering surveys, layouts, supplements to this agreement, or other information the Railroad Company deems necessary to complete the preparation of plans and specifications on complex projects where engineering is not being provided by the Highway Department.

EXHIBIT "A"

ARTICLE IV: It is understood that a project fund in the amount of \$160,000.00 will be established by the Highway Department with the CITY or Railroad Company depositing \$16,000.00 (ten (10) percent of the total estimated costs) to the State Highway Fund earmarked for this project. CITY and State construction engineering charges will not exceed fifteen (15) percent of total project costs. The Mayor is hereby authorized to take such action as necessary to effectuate this transfer. In case of overruns in cost which would increase the cost of the project beyond the amount of the project fund established herein, the City will deposit additional matching funds to the project fund as are needed to pay such overruns in cost. Any funds remaining in the project fund deposited by the CITY or Railroad Company which were not obligated during the project will be returned to the CITY or Railroad Company after the project is completed. Also Federal funds earmarked for the Railroad Grade Crossing Protection Program in the amount of \$144,000.00 (or ninety percent (90%) of the estimated cost) will also be credited to the project fund by the State Highway Department.

ARTICLE V: Provide for the City Engineer of the CITY; or, for those cities without a City Engineer, the Consulting Engineer, to conduct all necessary construction inspections, preparation and certification of work completed, and preparation of final estimates on complex projects where construction engineering is not being provided by the Department. Payment to the City Engineer will be on the actual cost if the engineer is a full time CITY employee. Payment will be actual cost plus fixed

EXHIBIT "A"

fee if the CITY enters into an agreement with a Consultant.

ARTICLE VI: Assume all responsibility for and save the COMMISSION harmless from any suits, action or claims of any character, brought for or on account of any injuries or damages received or sustained by any person, persons or property growing out of any action or omission to act in the conduct of this work.

ARTICLE VII: Construct by using CITY forces or by contract any pavement markings or advance warning signs that are deemed necessary to meet the requirements of the Department and Manual of Uniform Traffic Control Devices. Payment to the CITY will be 90% of the following rates:

Detail Traffic Stripe (Paint) Sq. Ft.	\$ 4.00/sf
or Detail Traffic Stripe (Thermoplastic) Sq. Ft.	\$ 6.00/sf
or Detail Preformed Pavement Markings Sq. Ft.	\$ 9.00/sf
Railroad Advance Warning Sign Each	\$150.00/each

The Highway Department will for each project:

ARTICLE I: On request from the CITY furnish technical assistance and guidance in accomplishing all requirements necessary to comply with Federal procedures.

ARTICLE II: Provide the preliminary engineering for each project requiring installation of warning devices or elastomeric surfaces without reconstruction or relocation of the crossing itself with costs to be recovered from project funds.

ARTICLE III: Notify the CITY when the project has been authorized and the notice to proceed has been given to the Railroad Company.

ARTICLE IV: Refund to the CITY or Railroad Company any unused portion of the matching funds deposited to the State Highway Fund in the event the total cost of the improvement is less than the original estimated.

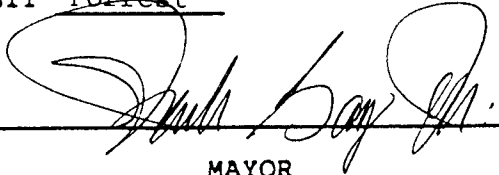

ARTICLE V: Make payments to the Railroad Company, the Consultant, or the CITY for allowable and acceptable billings charged to the project.
