AGREEMENT OF MUTUAL AID
AAA AMBULANCE SERVICE, INC.
AND

AAA Ambulance Service (AAA) is licensed by the Mississippi State Department of Health, Division of Emergency Medical Services, to provide basic and advanced life support to the citizens of Forrest, Lamar, and Pearl River Counties. The County Fire Services, through the Volunteer Fire Departments and fire districts, have resources available to supplement and enhance the system of emergency medical service (EMS) in their respective areas. For this reason, the following agreement is made.

The Volunteer Fire Departments First Responders, hereinafter referred to as VFD FR, will respond when available, with AAA to the following calls within the jurisdictional boundaries of their fire response areas:

1. Suspected or confirmed EMS calls which represent an immediate life threat.
2. Calls requiring extrication.
3. Hazardous material calls.
4. Mass casualty incidents.
5. Calls where fire hazards exist.
6. To secure a landing zone for R-7 Helicopter.

GENERAL GUIDELINES

1. Authority for management at the scene of an emergency shall be as described in documents published in the Rules and Regulations of the State Department of Health, Division of EMS. Authority for patient management will be defined by AAA and its Medical Control Authority.
2. AAA will determine when to request assistance from VFD FR for EMS calls in accordance with approved dispatch protocols. Response by the VFD FR will be spontaneous when they are officially notified of these specific calls. AAA will reserve the right to modify the response to EMS calls as conditions dictate.
3. AAA will provide advanced life support (ALS) to the counties of Forrest, Lamar, and Pearl River Counties as needed and as available.
4. It shall be the responsibility of the VFD FR to keep adequate records of all calls that they respond on. These records are to be confidential and must not be shared with any person(s) outside of the VFD FR and AAA. Any problem or question concerning calls should be directed to the AAA supervisor on duty. Patient confidentiality must be maintained. Proper authorization must be obtained prior to releasing patient information. page 1
5. If the VFD FR receives an initial request for EMS, the person receiving the call shall, at the minimum attempt to obtain the following information and relay promptly to AAA:
 - a. patient complaint/incident type
 - b. location of incident
 - c. age (approximate)
 - d. conscious? alert?
 - e. breathing? difficulty?
 - f. number of patients
 - g. call back number
6. AAA will be immediately notified of any and all EMS calls, suspected or confirmed. Rather than have the VFD FR 'check out' a situation to determine if an ambulance is needed, it would be better to go ahead and dispatch an ambulance and cancel them in route if their services are not required.
7. AAA and the VFD will determine who within their departments shall be authorized to make the determination that an ambulance is not required, and thus cancel the responding unit and carry out established 'Refusal' procedures. This refusal form will be provided to AAA within one (1) day from the time of the call.
8. If the communications capabilities exist, the VFD FR should notify AAA dispatch when they are responding to a call, when they arrive at the call, and advise of the medical situation once on the scene. All radio traffic should be kept to a minimum. Permission will be granted, upon written request, for the AAA frequency to be installed in VFD radios (depending on availability).
9. VFD FR personnel will accompany patients in AAA ambulances only when absolutely necessary, and when adequate VFD FR personnel are available. Certain fire service obligations will take precedence over EMS calls. The VFD will establish these priorities. If AAA does transport with VFD FR personnel and an alternate means of transportation is not available to return the fireman, AAA will be responsible for his/her return.
10. VFD FR should only respond to EMS medical calls with personnel trained in advanced life support care (i.e., EMTs, EMB, First Responders, or CPR). The VFD FR should be available to respond 24 hours if possible.
11. The number of responders from the VFD to EMS calls will be limited to a maximum of three (3) unless otherwise requested. Only authorized personnel functioning in an official FR capacity shall respond. These personnel should respond in official, marked, VFD vehicles when available. AAA does not advocate the use of private vehicles to respond to EMS calls. All VFD FR personnel will be expected to follow posted speed limits and all other 'rules' of the road and to drive in a safe and cautious manner. VFD FR are encouraged to have an adequate amount of automobile insurance coverage.
12. All EMS personnel, once approved by AAA and its on-line medical director,

EXHIBIT "B"

- ~~shall equally be functioning under the direction of AAA and its medical control authority with respect to providing prehospital care. These personnel shall adhere to all guidelines for the practice of prehospital care as established by AAA and its medical control authority.~~
13. All EMS personnel will follow guidelines established by AAA with regard to use and replacement of EMS equipment.
 1. ~~It will be the responsibility of the VFD to replace/stock oxygen.~~
 2. Bandages, collars, tape, etc., will be replaced at the AAA office. VFD FR personnel are not to remove supplies from the AAA ambulance on the scene.
 3. Only items that are compatible with those that are used by AAA will be replaced.
 14. The VFD FR will be responsible for coordinating all extrication, water recovery, and search and rescue operations within their area. They will respond outside of their area on an 'as needed' basis if they deem it to be appropriate based upon established VFD policy.
 15. All VFD FR personnel will be required to be trained to the Awareness level with regard to hazardous materials.
 16. All VFD FR and Rescue personnel will be required to meet the requirements set forth by OSHA in regards to infection control (i.e. immunizations, proper equipment when treating patients, reporting contamination or diseases).
 17. All VFD FR personnel will be required to carry on their person at all times a picture I.D card that includes pertinent physical information, specifies which VFD they serve with, and gives their level of training.
 18. ~~Each VFD FR will be encouraged to have an adequate amount of malpractice insurance, either personal or provided by the VFD.~~
 19. Each VFD Person, in assisting R-7, must be trained in finding and securing an appropriate landing zone and with protecting the LZ from curious bystanders. This training is available to all VFDs in our area by request.

SUBJECT: RESIDENCY ORDINANCE

THOMAS W. TYNER
CITY ATTORNEY

EVENTHOUGH I AM IN TOTAL AGREEMENT WITH YOU, PERTAINING TO THE IMPORTANCE OF OUR EMPLOYEES ESTABLISHING THEIR RESIDENCY WITHIN THE PETAL CITY LIMITS, I CANNOT AGREE WITH CREATING A MANDATORY REQUIREMENT, ESPECIALLY WHEN SINGLING OUT TWO POSITIONS.

I KNOW THE ROLES OF FIRE/POLICE CHIEFS ARE VITAL TO THE WELFARE OF OUR CITY, AND AS IN THE PAST, WE ARE OPEN FOR CRITICISM WHEN LOCAL RESIDENCY IS NOT PREVALENT. HOWEVER, I FEEL I MUST VETO THE PROPOSED ORDINANCE ESTABLISHING RESIDENCY REQUIREMENTS FOR CHIEFS OF POLICE/FIRE DEPARTMENTS AND LIST THE FOLLOWING REASONS:

- 1) WRONGFULLY SINGLING OUT TWO INDIVIDUALS, ALBEIT SO IMPORTANT POSITION THEY FILL.
- 2) OUR POLICY MANUAL AS STATED ON PAGE 4 UNDER RULE 111 2 (A) DICTATES OUR HIRING PRIORITY WHICH STATE RESIDENTS OF THE CITY OF PETAL AS FIRST CHOICE PROVIDING QUALIFICATIONS ARE MET.
- 3) LIMITING TWO EMPLOYEES FROM LOCATING THEIR FAMILY IN AN AREA OF THEIR CHOOSING.
- 4) POSSIBILITY OF YOU, AS THE HIRING AUTHORITY OF THE CITY, BE LIMITED TO SELECTING A PERSON THAT MAY NOT BE THE MOST QUALIFIED.

AS A COMPROMISE TO OUR INDIFFERENCE, I OFFER THE FOLLOWING SOLUTION.

- 1) SUBSTITUTE PETAL SCHOOL DISTRICT IN THE PLACE OF MUNICIPALITY/CITY OF PETAL

IN DOING THIS, NOT ONLY WILL IT BE FAIR TO THE TWO AFOREMENTIONED INDIVIDUALS, BUT WOULD GIVE YOU AS A BOARD, MORE FLEXIBILITY IN SELECTING THE "BEST" QUALIFIED PERSON AND WOULD NOT HINDER THE ENHANCEMENT OF COMMUNICATIONS, LEADERSHIP, CONTROL AND COMMAND OF THE PETAL POLICE/FIRE DEPARTMENTS WHILE THEY PRESERVE AND MAINTAIN THE PUBLIC HEALTH, SAFETY AND WELFARE OF THIS COMMUNITY.

THANK YOU FOR THIS CONSIDERATION AND YOUR CONTINUING SUPPORT.
