2. driver name
3. date of fueling and site
4. odometer and miles per gallon

1. Unleaded regular gasoline (87 octane), seventy-five cents (\$.750)
or
Unleaded plus gasoline (89 octane), eighty-one cents (\$.810)

B. ACCEPTANCE PERIOD

This proposal is valid for 30 days, with one exception. Should the New York Mercantile Exchange price for the products quoted in this proposal change more than 2% during the acceptance period, Fuelman may opt to adjust the price up or down by the amount of the price change. Upon acceptance, this price would be fixed for the contract period.

Acceptance period is defined as the date on the front page of this proposal up to receipt of this contract, legally executed, and delivered or faxed to our office.

C. CONTRACT PERIOD

Firm pricing is for the period of November 1, 1997 through October 31, 1998. City of Petal agrees to purchase all of its fuel through Fuelman. City of Petal agrees to ratably purchase a minimum of 75% and a maximum of 125% of fuel gallons nominated below. D. TERMS

Payment is due no later than the tenth day of the month following purchase. Invoices will be mailed each Monday for the preceding week ending Sunday midnight. A prompt pay discount of one cent (\$.01) per gallon will be allowed for payments received within seven (7) days of billing date.

E. FEDERAL EXCISE TAX EXEMPTION

Fuelman will, according to current federal excise tax regulations, allow for the exemption of federal excise taxes on gasoline and diesel at the time of purchase.

F. MONEY BACK GUARANTEE

Because Fuelman "miles per gallons" reporting has been so useful to other customers, including savings of 10% to 30%, we provide a guarantee as part of this proposal.

After six (6) months usage, if the Mayor and Councilmembers determine that this contract has not served the best interests of City of Petal for any reason, the full amount of service fees invoiced will be promptly refunded. This contract would terminate at that time.

4. CONCLUSION

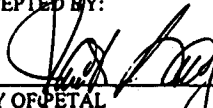

Fuelman is a programmable, high performance, automated system for commercial and government fleet owners. By capitalizing on the latest advances in hardware, software, and design methods, Fuelman has produced an innovative management system.

Abundant fueling sites provide wide coverage for full utilization of the system. Comprehensive weekly reporting provides clerical savings, eliminates abuse, and increases productivity.
