# International Property Maintenance Code

1998

## PREFACE

### Introduction

Internationally, code officials recognize the need for a modern, up-to-date property maintenance code governing the maintenance of existing buildings. The *International Property Maintenance Code*, in this first edition, is designed to meet this need through model code regulations that contain clear and specific property maintenance requirements, which required property improvement provisions.

The *International Property Maintenance Code* was developed by the International Code Council (ICC) through a committee made of representatives from Building Officials and Code Administrators International, Inc. (BOCA), the International Conference of Building Officials (ICBO) and the Southern Building Code Congress International (SBCCI). It is designed to be compatible with the BOCA National Codes published by BOCA, the Uniform Codes published by ICBO, the Standard Codes published by SBCCI, and, eventually, all the International Codes published by the International Code Council.

The *International Property Maintenance Code* provides many benefits, among which is the model code development process that offers an international forum for code officials and other interested parties to discuss performance and prescriptive code requirements. This forum provides an excellent arena to debate proposed revisions. This model code also encourages international consistency in the application of provisions.

### Development

The first draft of the *International Property Maintenance Code* was prepared in 1996 by a development committee appointed by and consisting of representatives of BOCA, ICBO and SBCCI. The intent was to draft a comprehensive set of regulations for existing buildings that was consistent with and inclusive of the scope and content of the existing model property maintenance codes. These codes were the current editions of the *BOCA National Property Maintenance Code*, *Uniform Code for Abatement of Dangerous Buildings*, *Uniform Housing Code*, *Uniform Code for Building Conservation* (Chapters 4 and 7), *Standard Housing Code*, *Standard Unsafe Buildings Abatement Code*, and the *Standard Existing Buildings Code* (maintenance provisions only), including any approved amendments thereto.

### Public Hearing

In order to gain the views of property maintenance code users, industries and all other interested parties, the final draft of the *International Property Maintenance Code* was developed by utilizing the formal ICC Code Development Process. Hearings were conducted to consider proposed changes to the First Draft in April of 1997 at a joint meeting of BOCA, ICBO and SBCCI, in conjunction with the processing of proposed changes to the *International Plumbing, Private Sewage Disposal and Mechanical Codes* and the *Second Draft of the International Zoning Code*. Final action on the proposed changes was taken at the respective Annual Business Meetings of the three organizations, in accordance with the formal ICC Code Development Procedures.

### Adoption

The *International Property Maintenance Code* is available for adoption and use by jurisdictions internationally. Its use within a governmental jurisdiction is intended to be accomplished through adoption by reference in accordance with proceedings establishing the jurisdiction's laws. At the time of adoption, jurisdictions should insert the appropriate information in provisions requiring specific local information, such as the name of the adopting jurisdiction. These locations are shown in bracketed words in small capital letters in the code and in the sample adoption ordinance. The sample adoption ordinance on page 5 addresses several key elements of a code adoption ordinance, including the information required for insertion into the code text.

### Maintenance

The *International Property Maintenance Code* is kept up to date through the review of proposed changes submitted by code enforcement officials, industry representatives, design professionals and other interested parties. Proposed changes are carefully considered through an open code development process in which all interested and affected parties may participate.

For more information regarding the code development process, contact BOCA, 4051 West Flossmoor Road, Country Club Hills, Illinois 60478-5795; ICBO, 5360 Workman Mill Road, Whittier, California 90601-2298; or SBCCI, 900 Montclair Road, Birmingham, Alabama 35213-1206.

While the development procedure of the *International Property Maintenance Code* assures the highest degree of care, BOCA, ICBO, SBCCI, their members and those participating in the development of this code do not accept any liability resulting from compliance or non-compliance with the provisions given herein, for any restrictions imposed on materials or processes, or for the completeness of the text. BOCA, ICBO and SBCCI do not have power or authority to police or enforce compliance with the contents of this code. Only the governmental body that enacts the code into law has such authority.

**SAMPLE ORDINANCE FOR ADOPTION OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE**

The International Codes are designed and promulgated to be adopted by reference by ordinance. Jurisdictions wishing to adopt the 1998 *International Property Maintenance Code* as an enforceable regulation governing existing structures and premises should ensure that certain factual information is included in the adopting ordinance at the time adoption is being considered by the appropriate governmental body. The following sample adoption ordinance addresses several key elements of a code adoption ordinance, including the information required for insertion into the code text.

Bill Number \_\_\_\_\_ Ordinance Number \_\_\_\_\_

An ordinance establishing the minimum regulations governing the conditions and maintenance of all property, buildings and structures; by providing the standards for supplied utilities and facilities and other physical things and conditions essential to ensure that structures are safe, sanitary and fit for occupation and use; and the condemnation of buildings and structures unfit for human occupancy and use and the demolition of such structures; known as the *Property Maintenance Code*.

Be it ordained by the (GOVERNING BODY) of the (NAME OF JURISDICTION), as follows:

**Section 1.** That a certain document, three (3) copies of which are on file in the office of the (JURISDICTION'S KEEPER OF RECORDS) of the (NAME OF JURISDICTION), being marked and designated as "The International Property Maintenance Code, First Edition, 1998" as published by the Building Officials and Code Administrators International, Inc., the International Conference of Building Officials, and the Southern Building Code Congress International, Inc., be and is hereby adopted as the *Property Maintenance Code* of the (NAME OF JURISDICTION), in the State of (STATE NAME); for the control of buildings and structures as herein provided; and each and all of the regulations, provisions, penalties, conditions and terms of said *Property Maintenance Code* are hereby referred to, adopted, and made a part hereof, as if fully set out in this ordinance, with the additions, insertions, deletions and changes, if any, prescribed in Section 2 of this ordinance.

**Section 2.** The following sections are hereby revised:

- Section 101.1. Insert: (NAME OF JURISDICTION)
- Section 103.6. Insert: (APPROPRIATE SCHEDULE)
- Section 303.15. Insert: (DATES IN TWO LOCATIONS)
- Section 602.3. Insert: (DATES IN TWO LOCATIONS)
- Section 602.4. Insert: (DATES IN TWO LOCATIONS)
- Chapter 8, Codes. Insert: (NAMES OF CODES IN THREE LOCATIONS)

**Section 3.** That Ordinance Number (PRESENT ORDINANCE NUMBER) of the (NAME OF JURISDICTION) entitled (FULL TITLE OF PRESENT ORDINANCE) and all other ordinances or parts of ordinances in conflict herewith are hereby repealed.

**Section 4.** That nothing in this ordinance or in the *Property Maintenance Code* hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred, or any cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited in Section 2 of this ordinance; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this ordinance.

**Section 5.** That the (JURISDICTION'S KEEPER OF RECORDS) shall certify to the adoption of this ordinance, and cause the same to be published as required by law; and this ordinance shall take effect and be in force from and after its approval as required by law.

CHAPTER 1  
EXHIBIT "A"  
ADMINISTRATION

SECTION 101  
GENERAL

**101.1 Title.** These regulations shall be known as the *Property Maintenance Code* of [NAME OF JURISDICTION], hereinafter referred to as "this code."

**101.2 Scope.** The provisions of this code shall apply to all existing residential and nonresidential structures and all existing premises and constitute minimum requirements and standards for premises, structures, equipment, and facilities for light, ventilation, space, heating, sanitation, protection from the elements, life safety, safety from fire and other hazards, and for safe and sanitary maintenance; the responsibility of owners, operators and occupants; the occupancy of existing structures and premises, and for administration, enforcement and penalties.

**101.3 Intent.** This code shall be construed to secure its expressed intent, which is to ensure public health, safety and welfare insofar as they are affected by the continued occupancy and maintenance of structures and premises. Existing structures and premises that do not comply with these provisions shall be altered or repaired to provide a minimum level of health and safety as required herein.

**101.4 Severability.** If a section, subsection, sentence, clause or phrase of this code is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this code.

SECTION 102  
APPLICABILITY

**102.1 General.** The provisions of this code shall apply to all matters affecting or relating to structures and premises, as set forth in Section 101. Where, in a specific case, different sections of this code specify different requirements, the most restrictive shall govern.

**102.2 Maintenance.** Equipment, systems, devices and safeguards required by this code or a previous regulation or code under which the structure or premises was constructed, altered or repaired shall be maintained in good working order. The requirements of this code are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structures. Except as otherwise specified herein, the owner or the owner's designated agent shall be responsible for the maintenance of buildings, structures and premises.

**102.3 Application of other codes.** Repairs, additions or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the building, plumbing and mechanical codes and NFPA 70. Nothing in this code shall be construed to cancel, modify or set aside any provision of the zoning code.

**102.4 Existing remedies.** The provisions in this code shall not be construed to abolish or impair existing remedies of the jurisdiction or its officers or agencies relating to the removal or demolition of any structure which is dangerous, unsafe and insanitary.

**102.5 Workmanship.** Repairs, maintenance work, alterations or installations which are caused directly or indirectly by the enforcement of this code shall be executed and installed in a workmanlike manner and installed in accordance with the manufacturer's installation instructions.

**102.6 Historic buildings.** The provisions of this code shall not be mandatory for existing buildings or structures designated by the state or local jurisdiction as historic buildings when such buildings or structures are judged by the code official to be safe and in the public interest of health, safety and welfare.

**102.7 Referenced codes and standards.** The codes and standards referenced in this code shall be those that are listed in Chapter 8 and considered part of the requirements of this code to the prescribed extent of each such reference. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

**102.8 Requirements not covered by code.** Requirements necessary for the strength, stability or proper operation of an existing structure or equipment, or for the public safety, health and general welfare, not specifically covered by this code, shall be determined by the code official.

SECTION 103  
DEPARTMENT OF PROPERTY MAINTENANCE  
INSPECTION

**103.1 General.** The department of property maintenance inspection is hereby created and the executive official in charge thereof shall be known as the code official.

**103.2 Appointment.** The code official shall be appointed by the chief appointing authority of the jurisdiction, and the code official shall not be removed from office except for cause and after full opportunity to be heard on specific and relevant charges by and before the appointing authority.

**103.3 Deputies.** In accordance with the prescribed procedures of this jurisdiction and with the concurrence of the appointing authority, the code official shall have the authority to appoint a deputy code official, other related technical officers, inspectors and other employees.

**103.4 Restriction of employees.** An official or employee connected with the enforcement of this code, except one whose only connection is that of a member of the board of appeals established under the provisions of Section 111, shall not be engaged in, or directly or indirectly connected with, the furnishing of labor, materials or appliances for the construction, alteration or maintenance of a building, or the preparation of construction documents thereof, unless that person is the owner

1998 INTERNATIONAL PROPERTY MAINTENANCE CODE

1

of the building, nor shall such officer or employee engage in any work that conflicts with official duties or with the interests of the department.

**103.5 Liability.** The code official, officer or employee charged with the enforcement of this code while acting for the jurisdiction, shall not thereby be rendered liable personally, and is hereby relieved from all personal liability for any damage accruing to persons or property as a result of an act required or permitted in the discharge of official duties.

Any suit instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. The code official or any subordinate shall not be liable for costs in an action, suit or proceeding that is instituted in pursuance of the provisions of this code, and any officer of the department of property maintenance inspection, acting in good faith and without malice, shall be free from liability for acts performed under any of its provisions or by reason of any act or omission in the performance of official duties in connection therewith.

**103.6 Fees.** The fees for activities and services performed by the department in carrying out its responsibilities under this code shall be as indicated in the following schedule

[JURISDICTION TO INSERT APPROPRIATE SCHEDULE.]

SECTION 104  
DUTIES AND POWERS OF THE CODE OFFICIAL

**104.1 General.** The code official shall enforce the provisions of this code.

**104.2 Rule-making authority.** The code official shall have authority as necessary in the interest of public health, safety and general welfare, to adopt and promulgate rules and procedures, to interpret and implement the provisions of this code; to secure the intent thereof, and to designate requirements applicable because of local climatic or other conditions. Such rules shall not have the effect of waiving structural or fire performance requirements specifically provided for in this code, or of violating accepted engineering methods involving public safety.

**104.3 Inspections.** The code official shall make all of the required inspections, or shall accept reports of inspection by approved agencies or individuals. All reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The code official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

**104.4 Right of entry.** The code official is authorized to enter the structure or premises at reasonable times to inspect subject to constitutional restrictions on unreasonable searches and seizures. If entry is refused or not obtained, the code official is authorized to pursue recourse as provided by law.

**104.5 Identification.** The code official shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

**104.6 Notices and orders.** The code official shall issue all necessary notices or orders to ensure compliance with this code.

**104.7 Department records.** The code official shall keep official records of all business and activities of the department specified in the provisions of this code. Such records shall be retained in the official records as long as the building or structure to which such records relate remains in existence unless otherwise provided for by other regulations.

**104.8 Coordination of inspections.** Whenever in the enforcement of this code or another code or ordinance, the responsibility of more than one code official of the jurisdiction is involved, it shall be the duty of the code officials involved to coordinate their inspections and administrative orders as fully as practicable so that the owners and occupants of the structure shall not be subjected to visits by numerous inspectors or multiple or conflicting orders. Whenever an inspector from any agency or department observes an apparent or actual violation of some provision of some law, ordinance or code not within the inspector's authority to enforce, the inspector shall report the findings to the code official having jurisdiction.

SECTION 105  
APPROVAL

**105.1 Modifications.** Whenever there are practical difficulties involved in carrying out the provisions of this code, the code official shall have the authority to grant modifications for individual cases, provided the code official shall first find that special individual reason makes the strict letter of this code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, life and fire safety requirements. The details of action granting modifications shall be recorded and entered in the department files.

**105.2 Alternative materials, methods and equipment.** The provisions of this code are not intended to prevent the installation of any material or to prohibit any method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material or method of construction shall be approved where the code official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety.

**105.3 Required testing.** Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the code official shall have the authority to require tests as evidence of compliance to be made at no expense to the jurisdiction.

**105.3.1 Test methods.** Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the code official shall approve the testing procedures.

**105.3.2 Testing agency.** All tests shall be performed by an approved agency.

105.3.3 Test reports. Reports of tests shall be retained by the code official for the period required for retention of public records.

105.4 Material and equipment reuse. Materials, equipment and devices shall not be reused unless such elements have been reconditioned and tested when necessary, placed in good and proper working condition and approved.

**SECTION 106  
VIOLATIONS**

106.1 Unlawful acts. It shall be unlawful for a person, firm or corporation to be in conflict with or in violation of any of the provisions of this code.

106.2 Notice of violation. The code official shall serve a notice of violation or order in accordance with Section 107.

106.3 Prosecution of violation. If the notice of violation is not complied with, the code official shall institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the structure in violation of the provisions of this code or of the order or direction made pursuant thereto.

106.4 Violation penalties. Any person who shall violate a provision of this code, or fail to comply therewith, or with any of the requirements thereof shall be prosecuted within the limits provided by state or local laws. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

106.5 Abatement of violation. The imposition of the penalties herein prescribed shall not preclude the legal officer of the jurisdiction from instituting appropriate action to restrain, correct or abate a violation, or to prevent illegal occupancy of a building, structure or premises, or to stop an illegal act, conduct, business or utilization of the building, structure or premises.

**SECTION 107  
NOTICES AND ORDERS**

107.1 Notice to owner or to person or persons responsible. Whenever the code official determines that there has been a violation of this code or has grounds to believe that a violation has occurred, notice shall be given to the owner or the person or persons responsible therefore in the manner prescribed in Sections 107.2 and 107.3. Notices for condemnation procedures shall also comply with Section 108.3.

107.2 Form. Such notice prescribed in Section 107.1 shall:

1. Be in writing;
2. Include a description of the real estate sufficient for identification;
3. Include a statement of the violation or violations and why the notice is being issued;
4. Include a correction order allowing a reasonable time to make the repairs and improvements required to bring the dwelling unit or structure into compliance with the provisions of this code; and
5. Inform the property owner of the right to appeal.

107.3 Method of service. Such notice shall be deemed to be properly served if a copy thereof is:

1. Delivered personally; or
2. Delivered by certified or first-class mail addressed to the last known address; or
3. If the notice is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice.

107.4 Penalties. Penalties for noncompliance with orders and notices shall be as set forth in Section 106.4.

107.5 Transfer of ownership. It shall be unlawful for the owner of any dwelling unit or structure who has received a compliance order or upon whom a notice of violation has been served to sell, transfer, mortgage, lease or otherwise dispose of to another until the provisions of the compliance order or notice of violation have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee or lessee a true copy of any compliance order or notice of violation issued by the code official and shall furnish to the code official a signed and notarized statement from the grantee, transferee, mortgagee or lessee, acknowledging the receipt of such compliance order or notice of violation and fully accepting the responsibility without condition for making the corrections or repairs required by such compliance order or notice of violation.

**SECTION 108  
UNSAFE STRUCTURES AND EQUIPMENT**

108.1 General. When a structure or equipment is found by the code official to be unsafe, or when a structure is found unfit for human occupancy, or is found unlawful, such structure shall be condemned pursuant to the provisions of this code.

108.1.1 Unsafe structures. An unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or because such structure contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe, or of such faulty construction or unstable foundation, that partial or complete collapse is possible.

108.1.2 Unsafe equipment. Unsafe equipment includes any boiler, heating equipment, elevator, moving stairway, electrical wiring or device, flammable liquid containers or other equipment on the premises or within the structure which is in such disrepair or condition that such equipment is a hazard to life, health, property or safety of the public or occupants of the premises or structure.

108.1.3 Structure unfit for human occupancy. A structure is unfit for human occupancy whenever the code official finds that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is insanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public.

108.1.4 Unlawful structure. An unlawful structure is one found in whole or in part to be occupied by more persons

1998 INTERNATIONAL PROPERTY MAINTENANCE CODE

3

than permitted under this code, or was erected, altered or occupied contrary to law

108.2 Closing of vacant structures. If the structure is vacant and unfit for human habitation and occupancy, and is not in danger of structural collapse, the code official is authorized to post a placard of condemnation on the premises and order the structure closed up so as not to be an attractive nuisance. Upon failure of the owner to close up the premises within the time specified in the order, the code official shall cause the premises to be closed through any available public agency or by contract or arrangement by private persons and the cost thereof shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate.

108.3 Notice. Whenever the code official has condemned a structure or equipment under the provisions of this section, notice shall be posted in a conspicuous place in or about the structure affected by such notice and served on the owner or the person or persons responsible for the structure or equipment in accordance with Section 107.3. If the notice pertains to equipment, it shall also be placed on the condemned equipment. The notice shall be in the form prescribed in Section 107.2.

108.4 Placarding. Upon failure of the owner or person responsible to comply with the notice provisions within the time given, the code official shall post on the premises or on defective equipment a placard bearing the word "Condemned" and a statement of the penalties provided for occupying the premises, operating the equipment or removing the placard.

108.5 Prohibited occupancy. Any person who shall occupy a placarded premises or shall operate placarded equipment, and any owner or any person responsible for the premises who shall let anyone occupy a placarded premises or operate placarded equipment shall be liable for the penalties provided by this code.

108.6 Removal of placard. The code official shall remove the condemnation placard whenever the defect or defects upon which the condemnation and placarding action were based have been eliminated. Any person who defaces or removes a condemnation placard without the approval of the code official shall be subject to the penalties provided by this code.

**SECTION 109  
EMERGENCY MEASURES**

109.1 Imminent danger. When, in the opinion of the code official, there is imminent danger of failure or collapse of a building or structure which endangers life, or when any structure or part of a structure has fallen and life is endangered by the occupation of the structure, or when there is actual or potential danger to the building occupants or those in the proximity of any structure because of explosives, explosive fumes or vapors or the presence of toxic fumes, gases or materials, or operation of defective or dangerous equipment, the code official is hereby authorized and empowered to order and require the occupants to vacate the premises forthwith. The code official shall cause to be posted at each entrance to such structure a notice reading as follows: "This Structure Is Unsafe and Its Occupancy Has Been Prohibited by the Code Official." It shall be unlawful for any person to enter such structure except

for the purpose of securing the structure, making the required repairs, removing the hazardous condition or of demolishing the same.

109.2 Temporary safeguards. Notwithstanding other provisions of this code, whenever, in the opinion of the code official, there is imminent danger due to an unsafe condition, the code official shall order the necessary work to be done, including the boarding-up of openings, to render such structure temporarily safe whether or not the legal procedure herein described has been instituted; and shall cause such other action to be taken as the code official deems necessary to meet such emergency.

109.3 Closing streets. When necessary for the public safety the code official shall temporarily close structures and close, or order the authority having jurisdiction to close, sidewalks, streets, public ways and places adjacent to unsafe structures and prohibit the same from being utilized.

109.4 Emergency repairs. For the purposes of this section, the code official shall employ the necessary labor and materials to perform the required work as expeditiously as possible.

109.5 Costs of emergency repairs. Costs incurred in the performance of emergency work shall be paid by the jurisdiction. The legal counsel of the jurisdiction shall institute appropriate action against the owner of the premises where the unsafe structure is or was located for the recovery of such costs.

109.6 Hearing. Any person ordered to take emergency measures shall comply with such order forthwith. Any affected person shall thereafter, upon petition directed to the appeals board, be afforded a hearing as described in this code.

**SECTION 110  
DEMOLITION**

110.1 General. The code official shall order the owner of any premises upon which is located any structure, which in the code official's judgment is so old, dilapidated or has become so out of repair as to be dangerous, unsafe, insanitary or otherwise unfit for human habitation or occupancy, and such that it is unreasonable to repair the structure, to demolish and remove such structure; or if such structure is capable of being made safe by repairs, to repair and make safe and sanitary or to demolish and remove at the owner's option; or where there has been a cessation of normal construction of any structure for a period of more than two years, to demolish and remove such structure.

110.2 Notices and orders. All notices and orders shall comply with Section 107.

110.3 Failure to comply. If the owner of a premises fails to comply with a demolition order within the time prescribed, the code official shall cause the structure to be demolished and removed, either through an available public agency or by contract or arrangement with private persons, and the cost of such demolition and removal shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate.

110.4 Salvage materials. When any structure has been ordered demolished and removed, the governing body or other designated officer under said contract or arrangement aforesaid shall

**CITY OF PETAL  
MINUTE BOOK 19**

**PAGE 88**

have the right to sell the salvage and valuable materials at the highest price obtainable. The net proceeds of such sale, after deducting the expenses of such demolition and removal, shall be promptly remitted with a report of such sale or transaction, including the items of expense and the amounts deducted, for the person who is entitled thereto, subject to any order of a court. If such a surplus does not remain to be turned over, the report shall so state.

**SECTION 111  
MEANS OF APPEAL**

**111.1 Application for appeal.** Any person directly affected by a decision of the code official or a notice or order issued under this code shall have the right to appeal to the board of appeals, provided that a written application for appeal is filed within 20 days after the day the decision, notice or order was served. An application for appeal shall be based on a claim that the true intent of this code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this code do not fully apply, or the requirements of this code are adequately satisfied by other means.

**111.2 Membership of board.** The board of appeals shall consist of members who are qualified by experience and training to pass on matters pertaining to property maintenance and who are not employees of the jurisdiction. The code official shall be an ex-officio member but shall have no vote on any matter before the board. The board shall be appointed by the chief appointing authority.

**111.2.1 Alternate members.** The chief appointing authority shall appoint two or more alternate members who shall be called by the board chairman to hear appeals during the absence or disqualification of a member. Alternate members shall possess the qualifications required for board membership.

**111.2.2 Chairman.** The board shall annually select one of its members to serve as chairman.

**111.2.3 Disqualification of member.** A member shall not hear an appeal in which that member has a personal, professional or financial interest.

**111.2.4 Secretary.** The chief administrative officer shall designate a qualified person to serve as secretary to the board. The secretary shall file a detailed record of all proceedings in the office of the chief administrative officer.

**111.2.5 Compensation of members.** Compensation of members shall be determined by law.

**111.3 Notice of meeting.** The board shall meet upon notice from the chairman, within ten days of the filing of an appeal, or at stated periodic meetings.

**111.4 Open hearing.** All hearings before the board shall be open to the public. The appellant, the appellant's representative, the code official and any person whose interests are affected shall be given an opportunity to be heard. A quorum shall consist of not less than two-thirds of the board membership.

**111.4.1 Procedure.** The board shall adopt and make available to the public through the secretary procedures under which a hearing will be conducted. The procedures shall not

require compliance with strict rules of evidence, but shall mandate that only relevant information be received.

**EXHIBIT M**

at a public hearing. When the full board is not present to hear an appeal, either the appellant or the appellant's representative shall have the right to request a postponement of the hearing.

**111.6 Board decision.** The board shall modify or reverse the decision of the code official only by a concurring vote of a majority of the total number of appointed board members.

**111.6.1 Records and copies.** The decision of the board shall be recorded. Copies shall be furnished to the appellant and to the code official.

**111.6.2 Administration.** The code official shall take immediate action in accordance with the decision of the board.

**111.7 Court review.** Any person, whether or not a previous party of the appeal, shall have the right to apply to the appropriate court for a writ of certiorari to correct errors of law. Application for review shall be made in the manner and time required by law following the filing of the decision in the office of the chief administrative officer.

**111.8 Stays of enforcement.** Appeals of notice and orders (other than Imminent Danger notices) shall stay the enforcement of the notice and order until the appeal is heard by the appeals board.

1998 INTERNATIONAL PROPERTY MAINTENANCE CODE

5

**CHAPTER 2  
DEFINITIONS**

**SECTION 201  
GENERAL**

**201.1 Scope.** Unless otherwise expressly stated, the following terms shall, for the purposes of this code, have the meanings shown in this chapter.

**201.2 Interchangeability.** Words stated in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular.

**201.3 Terms defined in other codes.** Where terms are not defined in this code and are defined in the building, fire prevention, zoning, plumbing or mechanical codes, ASME A17.1 and NFPA 70, such terms shall have the meanings ascribed to them as in those codes.

**201.4 Terms not defined.** Where terms are not defined, through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies.

**201.5 Parts.** Whenever the words "dwelling unit," "dwelling," "premises," "building," "rooming house," "rooming unit" or "story" are stated in this code, they shall be construed as though they were followed by the words "or any part thereof."

**SECTION 202  
GENERAL DEFINITIONS**

**APPROVED.** Approved by the code official.

**BASEMENT.** That portion of a building which is partly or completely below grade.

**BATHROOM.** A room containing plumbing fixtures including a bathtub or shower.

**BEDROOM.** Any room or space used or intended to be used for sleeping purposes.

**CODE OFFICIAL.** The official who is charged with the administration and enforcement of this code, or any duly authorized representative.

**CONDEMN.** To adjudge unfit for occupancy.

**DWELLING UNIT.** A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation.

**EXTERIOR PROPERTY.** The open space on the premises and on adjoining property under the control of owners or operators of such premises.

**EXTERMINATION.** The control and elimination of insects, rats or other pests by eliminating their harborage places, by removing or making inaccessible materials that serve as their food; by poison spraying, fumigating, trapping or by any other approved pest elimination methods.

**GARBAGE.** The animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food.

**HABITABLE SPACE.** Space in a structure for living, sleeping, eating or cooking. Bathrooms, toilet rooms, closets, halls, storage or utility spaces, and similar areas are not considered habitable spaces.

**IMMINENT HAZARD.** A condition which could cause serious or life-threatening injury or death at any time.

**INFESTATION.** The presence, within or contiguous to, a structure or premises of insects, rats, vermin or other pests.

**LABELED.** Devices, equipment, appliances, or materials to which has been affixed a label, seal, symbol or other identifying mark of a nationally recognized testing laboratory, inspection agency or other organization concerned with product evaluation that maintains periodic inspection of the production of the above-labeled items and by whose label the manufacturer attests to compliance with applicable nationally recognized standards.

**LET FOR OCCUPANCY OR LET.** To permit, provide or offer possession or occupancy of a dwelling, dwelling unit, rooming unit, building, premise or structure by a person who is or is not the legal owner of record thereof, pursuant to a written or unwritten lease, agreement or license, or pursuant to a recorded or unrecorded agreement of contract for the sale of land.

**OCCUPANCY.** The purpose for which a building or portion thereof is utilized or occupied.

**OCCUPANT.** Any individual living or sleeping in a building, or having possession of a space within a building.

**OPENABLE AREA.** That part of a window, skylight or door which is available for unobstructed ventilation and which opens directly to the outdoors.

**OPERATOR.** Any person who has charge, care or control of a structure or premises which is let or offered for occupancy.

**OWNER.** Any person, agent, operator, firm or corporation having a legal or equitable interest in the property, or recorded in the official records of the state, county or municipality as holding title to the property; or otherwise having control of the property, including the guardian of the estate of any such person, and the executor or administrator of the estate of such person if ordered to take possession of real property by a court.

**PERSON.** An individual, corporation, partnership or any other group acting as a unit.

**PREMISES.** A lot, plot or parcel of land including any structures thereon.

**ROOMING HOUSE.** A building arranged or occupied for lodging, with or without meals, for compensation and not occupied as a one- or two-family dwelling.

EXHIBIT "A"

202

**ROOMING UNIT.** Any room or group of rooms forming a single habitable unit occupied or intended to be occupied for sleeping or living, but not for cooking purposes.

**RUBBISH.** Combustible and noncombustible waste materials, except garbage; the term shall include the residue from the burning of wood, coal, coke and other combustible materials, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery and dust and other similar materials.

**STRUCTURE.** That which is built or constructed or a portion thereof.

**TENANT.** A person, corporation, partnership or group, whether or not the legal owner of record, occupying a building or portion thereof as a unit.

**TOILET ROOM.** A room containing a water closet or urinal but not a bathtub or shower.

**VENTILATION.** The natural or mechanical process of supplying conditioned or unconditioned air to, or removing such air from, any space.

**WORKMANLIKE.** Executed in a skilled manner; e.g., generally plumb, level, square, in line, undamaged, and without marring adjacent work.

**YARD.** An open space on the same lot with a structure.

CHAPTER 3  
GENERAL REQUIREMENTS

SECTION 301  
GENERAL

**301.1 Scope.** The provisions of this chapter shall govern the minimum conditions and the responsibilities of persons for maintenance of structures, equipment and exterior property.

**301.2 Responsibility.** The owner of the premises shall maintain the structures and exterior property in compliance with these requirements, except as otherwise provided for in Sections 305 and 306. A person shall not occupy as owner-occupant or permit another person to occupy premises which are not in a sanitary and safe condition and which do not comply with the requirements of this chapter. Occupants of a dwelling unit are responsible for keeping in a clean, sanitary and safe condition that part of the dwelling unit or premises which they occupy and control.

**301.3 Vacant structures and land.** All vacant structures and premises thereof or vacant land shall be maintained in a clean, safe, secure and sanitary condition as provided herein so as not to cause a blighting problem or adversely affect the public health or safety.

SECTION 302  
EXTERIOR PROPERTY AREAS

**302.1 Sanitation.** All exterior property and premises shall be maintained in a clean, safe and sanitary condition. The occupant shall keep that part of the exterior property which such occupant occupies or controls in a clean and sanitary condition.

**302.2 Grading and drainage.** All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.

**Exception:** Approved retention areas and reservoirs.

**302.3 Sidewalks and driveways.** All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions. Stairs shall comply with the requirements of Sections 303.10 and 702.9.

**302.4 Weeds.** All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches (254 mm). All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.

**302.5 Rodent harborage.** All structures and exterior property shall be kept free from rodent harborage and infestation. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent reinfestation.

**302.6 Exhaust vents.** Pipes, ducts, conductors, fans or blowers shall not discharge gases, steam, vapor, hot air, grease, smoke,

odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.

**302.7 Accessory structures.** All accessory structures, including detached garages, fences and walls, shall be maintained structurally sound and in good repair.

**302.7.1** Gates which are required to be self-closing and self-latching in accordance with the building code shall be maintained such that the gate will positively close and latch when released from a still position of 6 inches (152 mm) from the gatepost.

**302.8 Motor vehicles.** Except as provided for in other regulations, not more than one currently unregistered or uninspected motor vehicle shall be parked, kept or stored on any premises, and no vehicle shall at any time be in a state of major disassembly, disrepair, or in the process of being stripped or dismantled.

**Exception:** A vehicle of any type is permitted to undergo major overhaul, including body work, provided that such work is performed inside a structure or similarly enclosed area designed and approved for such purposes.

**302.9 Defacement of property.** No person shall willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private or public property by placing thereon any marking, carving or graffiti.

It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.

SECTION 303  
EXTERIOR STRUCTURE

**303.1 General.** The exterior of a structure shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to the public health, safety or welfare.

**303.2 Protective treatment.** All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches and trim, shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well as those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight.

**303.3 Street numbers.** Each structure to which a street number has been assigned shall have such number displayed in a position easily observed and readable from the public way. All numbers shall be in Arabic numerals at least 3 inches (76 mm) high and 1/2-inch (13 mm) stroke.

**303.4 Structural members.** All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.

**EXHIBIT "A"**

**303.5 Foundation walls.** All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents.

**303.6 Exterior walls.** All exterior walls shall be free from holes, breaks, loose or rotting materials, and maintained weathertight and properly surface coated where required to prevent deterioration.

**303.7 Roofs and drainage.** The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.

**303.8 Decorative features.** All cornices, belt courses, corbels, terra cotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

**303.9 Overhang extensions.** All canopies, marquees, signs, metal awnings, fire escapes, standpipes, exhaust ducts and similar overhang extensions shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.

**303.10 Stair and walking surfaces.** Every stair, ramp, balcony, porch, deck or other walking surface shall comply with the provisions of Section 702.9.

**303.11 Stairways, decks, porches and balconies.** Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.

**303.12 Chimneys and towers.** All chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.

**303.13 Handrails and guards.** Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

**303.14 Window, skylight and door frames.** Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight.

**303.14.1 Glazing.** All glazing materials shall be maintained free from cracks and holes.

**303.14.2 Openable windows.** Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

**303.15 Insect screens.** During the period from [DATE] to [DATE], every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas, or any areas where products to be included or utilized in food for human consumption are processed, manu-

factured, packaged or stored, shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch (16 mesh per 25 mm) and every swinging door shall have a self-closing device in good working condition.

**Exception:** Screen doors shall not be required where other approved means, such as air curtains or insect repellent fans, are employed.

**303.16 Doors.** All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units, rooming units and guestrooms shall tightly secure the door.

**303.17 Basement hatchways.** Every basement hatchway shall be maintained to prevent the entrance of rodents, rain and surface drainage water.

**303.18 Guards for basement windows.** Every basement window that is openable shall be supplied with rodent shields, storm windows or other approved protection against the entry of rodents.

**SECTION 304  
INTERIOR STRUCTURE**

**304.1 General.** The interior of a structure and equipment therein shall be maintained in good repair, structurally sound and in a sanitary condition. Every occupant shall keep that part of the structure which such occupant occupies or controls in a clean and sanitary condition. Every owner of a structure containing a rooming house, a hotel, a dormitory, two or more dwelling units or two or more nonresidential occupancies, shall maintain, in a clean and sanitary condition, the shared or public areas of the structure and exterior property.

**304.2 Structural members.** All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

**304.3 Interior surfaces.** All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling paint, cracked or loose plaster, decayed wood, and other defective surface conditions shall be corrected.

**304.4 Stairs and railings.** All interior stairs and railings shall be maintained in sound condition and good repair.

**304.5 Stairs and walking surfaces.** Every stair, ramp, balcony, porch, deck or other walking surface shall comply with the provisions of Section 702.9.

**304.6 Handrails and guards.** Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

**304.7 Interior doors.** Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

**SECTION 305  
RUBBISH AND GARBAGE**

**305.1 Accumulation of rubbish or garbage.** All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.

**305.2 Disposal of rubbish.** Every occupant of a structure shall dispose of all rubbish in a clean and sanitary manner by placing such rubbish in approved containers.

**305.2.1 Rubbish storage facilities.** The owner of every occupied premises shall supply approved covered containers for rubbish, and the owner of the premises shall be responsible for the removal of rubbish.

**305.3 Disposal of garbage.** Every occupant of a structure shall dispose of garbage in a clean and sanitary manner by placing such garbage in an approved garbage disposal facility or approved garbage containers.

**305.3.1 Garbage facilities.** The owner of every dwelling shall supply one of the following: an approved mechanical food waste grinder in each dwelling unit; an approved incinerator unit in the structure available to the occupants in each dwelling unit; or an approved leakproof, covered, outside garbage container.

**305.3.2 Containers.** The operator of every establishment producing garbage shall provide, and at all times cause to be utilized, approved leakproof containers provided with close-fitting covers for the storage of such materials until removed from the premises for disposal.

**SECTION 306  
EXTERMINATION**

**306.1 Infestation.** All structures shall be kept free from insect and rodent infestation. All structures in which insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After extermination, proper precautions shall be taken to prevent reinfestation.

**306.2 Owner.** The owner of any structure shall be responsible for extermination within the structure prior to renting or leasing the structure.

**306.3 Single occupant.** The occupant of a one-family dwelling or of a single-tenant nonresidential structure shall be responsible for extermination on the premises.

**306.4 Multiple occupancy.** The owner of a structure containing two or more dwelling units, a multiple occupancy, a rooming house or a nonresidential structure shall be responsible for extermination in the public or shared areas of the structure and exterior property. If infestation is caused by failure of an occupant to prevent such infestation in the area occupied, the occupants shall be responsible for extermination.

**306.5 Occupant.** The occupant of any structure shall be responsible for the continued rodent and pest-free condition of the structure.

**Exception:** Where the infestations are caused by defects in the structure, the owner shall be responsible for extermination.

EXHIBIT "A"  
CHAPTER 4  
LIGHT, VENTILATION  
AND OCCUPANCY LIMITATIONS

SECTION 401  
GENERAL

**401.1 Scope.** The provisions of this chapter shall govern the minimum conditions and standards for light, ventilation and space for occupying a structure.

**401.2 Responsibility.** The owner of the structure shall provide and maintain light, ventilation and space conditions in compliance with these requirements. A person shall not occupy as owner-occupant, or permit another person to occupy, any premises that do not comply with the requirements of this chapter.

**401.3 Alternative devices.** In lieu of the means for natural light and ventilation herein prescribed, artificial light or mechanical ventilation complying with the building code shall be permitted.

SECTION 402  
LIGHT

**402.1 Habitable spaces.** Every habitable space shall have at least one window of approved size facing directly to the outdoors or to a court. The minimum total glazed area for every habitable space shall be 8 percent of the floor area of such room. Wherever walls or other portions of a structure face a window of any room and such obstructions are located less than 3 feet (914 mm) from the window and extend to a level above that of the ceiling of the room, such window shall not be deemed to face directly to the outdoors nor to a court and shall not be included as contributing to the required minimum total window area for the room.

**Exception:** Where natural light for rooms or spaces without exterior glazing areas is provided through an adjoining room, the unobstructed opening to the adjoining room shall be at least 8 percent of the floor area of the interior room or space, but not less than 25 square feet (2.33 m<sup>2</sup>). The exterior glazing area shall be based on the total floor area being served.

**402.2 Common halls and stairways.** Every common hall and stairway, other than in one- and two-family dwellings, shall be lighted at all times with at least a 60-watt standard incandescent light bulb or equivalent for each 200 square feet (19 m<sup>2</sup>) of floor area, provided that the spacing between lights shall not be greater than 30 feet (9144 mm). Every exterior means of egress stairway, other than in one- and two-family dwellings, shall be illuminated with a minimum of 1 footcandle (11 lux) at floors, landings and treads.

**402.3 Other spaces.** All other spaces shall be provided with natural or artificial light sufficient to permit the maintenance of sanitary conditions, and the safe occupancy of the space and utilization of the appliances, equipment and fixtures.

1998 INTERNATIONAL PROPERTY MAINTENANCE CODE

basement areas shall have a clear ceiling height of not less than 7 feet (2134 mm).

Exceptions:

1. In one- and two-family dwellings, beams or girders spaced not less than 4 feet (1219 mm) on center and projecting not more than 6 inches (152 mm) below the required ceiling height.
2. Basement rooms in one- and two-family dwellings occupied exclusively for laundry, study or recreation purposes, having a ceiling height of not less than 6 feet 8 inches (2033 mm) with not less than 6 feet 4 inches (1932 mm) of clear height under beams, girders, ducts and similar obstructions.
3. Rooms occupied exclusively for sleeping, study or similar purposes and having a sloped ceiling over all or part of the room, with a clear ceiling height of at least 7 feet (2134 mm) over not less than one-third of the required minimum floor area. In calculating the floor area of such rooms, only those portions of the floor area with a clear ceiling height of 5 feet (1524 mm) or more shall be included.

**404.4 Bedroom requirements.** Every bedroom shall comply with the requirements of Sections 404.4.1 through 404.4.5.

**404.4.1 Area for sleeping purposes.** Every bedroom occupied by one person shall contain at least 70 square feet (6.5 m<sup>2</sup>) of floor area, and every bedroom occupied by more than one person shall contain at least 50 square feet (4.6 m<sup>2</sup>) of floor area for each occupant thereof.

**404.4.2 Access from bedrooms.** Bedrooms shall not constitute the only means of access to other bedrooms or habitable spaces and shall not serve as the only means of egress from other habitable spaces.

**Exception:** Units that contain fewer than two bedrooms.

**404.4.3 Water closet accessibility.** Every bedroom shall have access to at least one water closet and one lavatory without passing through another bedroom. Every bedroom in a dwelling unit shall have access to at least one water closet and lavatory located in the same story as the bedroom or an adjacent story.

**404.4.4 Prohibited occupancy.** Kitchens and nonhabitable spaces shall not be used for sleeping purposes.

**404.4.5 Other requirements.** Bedrooms shall comply with the applicable provisions of this code including, but not limited to, the light, ventilation, room area, ceiling height and room width requirements of this chapter; the plumbing facilities and water-heating facilities requirements of Chapter 5; the heating facilities and electrical receptacle requirements of Chapter 6; and the smoke detector and emergency escape requirements of Chapter 7.

**404.5 Overcrowding.** Dwelling units shall not be occupied by more occupants than permitted by the minimum area requirements of Table 404.5.

SECTION 403  
VENTILATION

**403.1 Habitable spaces.** Every habitable space shall have at least one openable window. The total openable area of the window in every room shall be equal to at least 45 percent of the minimum glazed area required in Section 402.1.

**Exception:** Where rooms and spaces without openings to the outdoors are ventilated through an adjoining room, the unobstructed opening to the adjoining room shall be at least 8 percent of the floor area of the interior room or space, but not less than 25 square feet (2.33 m<sup>2</sup>). The ventilation openings to the outdoors shall be based on a total floor area being ventilated.

**403.2 Bathrooms and toilet rooms.** Every bathroom and toilet room shall comply with the ventilation requirements for habitable spaces as required by Section 403.1, except that a window shall not be required in such spaces equipped with a mechanical ventilation system. Air exhausted by a mechanical ventilation system from a bathroom or toilet room shall discharge to the outdoors and shall not be recirculated.

**403.3 Cooking facilities.** Unless approved through the certificate of occupancy, cooking shall not be permitted in any rooming unit or dormitory unit, and a cooking facility or appliance shall not be permitted to be present in a rooming unit or dormitory unit.

**Exception:** Where specifically approved in writing by the code official.

**403.4 Process ventilation.** Where injurious, toxic, irritating or noxious fumes, gases, dusts or mists are generated, a local exhaust ventilation system shall be provided to remove the contaminating agent at the source. Air shall be exhausted to the exterior and not be recirculated to any space.

**403.5 Clothes dryer exhaust.** Clothes dryer venting systems shall be independent of all other systems and shall be vented in accordance with the manufacturer's instructions.

SECTION 404  
OCCUPANCY LIMITATIONS

**404.1 Privacy.** Dwelling units, hotel units, rooming units and dormitory units shall be arranged to provide privacy and be separate from other adjoining spaces.

**404.2 Minimum room widths.** A habitable room, other than a kitchen, shall not be less than 7 feet (2134 mm) in any plan dimension. Kitchens shall have a clear passageway of not less than 3 feet (914 mm) between counterfronts and appliances or counterfronts and walls.

**404.3 Minimum ceiling heights.** Habitable spaces, hallways, corridors, laundry areas, bathrooms, toilet rooms and habitable

TABLE 404.5  
MINIMUM AREA REQUIREMENTS

SPACE	MINIMUM AREA IN SQUARE FEET		
	1-2 occupants	3-5 occupants	6 or more occupants
Living room <sup>a,b</sup>	No requirements	120	150
Dining room <sup>a,b</sup>	No requirements	80	100
Kitchen <sup>b</sup>	50	50	60
Bedrooms	Shall comply with Section 404.4		

<sup>a</sup> For SI: 1 square foot = 0.093 m<sup>2</sup>.

<sup>b</sup> See Section 404.5.2 for combined living room/dining room spaces.

<sup>c</sup> See Section 404.5.1 for limitations on determining the minimum occupancy area for sleeping purposes.

**404.5.1 Sleeping area.** The minimum occupancy area required by Table 404.5 shall not be included as a sleeping area in determining the minimum occupancy area for sleeping purposes. All sleeping areas shall comply with Section 404.4.

**404.5.2 Combined spaces.** Combined living room and dining room spaces shall comply with the requirements of Table 404.5 if the total area is equal to that required for separate rooms and if the space is located so as to function as a combination living room/dining room.

**404.6 Efficiency unit.** Nothing in this section shall prohibit an efficiency living unit from meeting the following requirements:

1. A unit occupied by not more than two occupants shall have a clear floor area of not less than 220 square feet (20.4 m<sup>2</sup>). A unit occupied by three occupants shall have a clear floor area of not less than 320 square feet (29.7 m<sup>2</sup>). These required areas shall be exclusive of the areas required by Items 2 and 3.
2. The unit shall be provided with a kitchen sink, cooking appliance and refrigeration facilities, each having a clear working space of not less than 30 inches (762 mm) in front. Light and ventilation conforming to this code shall be provided.
3. The unit shall be provided with a separate bathroom containing a water closet, lavatory, and bathtub or shower.
4. The maximum number of occupants shall be three.

**404.7 Food preparation.** All spaces to be occupied for food preparation purposes shall contain suitable space and equipment to store, prepare and serve foods in a sanitary manner. There shall be adequate facilities and services for the sanitary disposal of food wastes and refuse, including facilities for temporary storage.

EXHIBIT "A"

CHAPTER 5  
PLUMBING FACILITIES AND  
FIXTURE REQUIREMENTS

SECTION 501  
GENERAL

501.1 **Scope.** The provisions of this chapter shall govern the minimum plumbing systems, facilities and plumbing fixtures to be provided.

501.2 **Responsibility.** The owner of the structure shall provide and maintain such plumbing facilities and plumbing fixtures in compliance with these requirements. A person shall not occupy as owner-occupant or permit another person to occupy any structure or premises which does not comply with the requirements of this chapter.

SECTION 502  
REQUIRED FACILITIES

502.1 **Dwelling units.** Every dwelling unit shall contain its own bathtub or shower, lavatory, water closet and kitchen sink which shall be maintained in a sanitary, safe working condition. The lavatory shall be placed in the same room as the water closet or located in close proximity to the door leading directly into the room in which such water closet is located. A kitchen sink shall not be used as a substitute for the required lavatory.

502.2 **Rooming houses.** At least one water closet, lavatory and bathtub or shower shall be supplied for each four rooming units.

502.3 **Hotels.** Where private water closets, lavatories, and baths are not provided, one water closet, one lavatory and one bathtub or shower having access from a public hallway shall be provided for each ten occupants.

502.4 **Employees' facilities.** A minimum of one water closet, one lavatory and one drinking facility shall be available to employees.

502.4.1 **Drinking facilities.** Drinking facilities shall be a drinking fountain, water cooler, bottled water cooler, or disposable cups next to a sink or water dispenser. Drinking facilities shall not be located in toilet rooms or bathrooms.

SECTION 503  
TOILET ROOMS

503.1 **Privacy.** Toilet rooms and bathrooms shall provide privacy and shall not constitute the only passageway to a hall or other space, or to the exterior. A door and interior locking device shall be provided for all common or shared bathrooms and toilet rooms in a multiple dwelling.

503.2 **Location.** Toilet rooms and bathrooms serving hotel units, rooming units or dormitory units, shall have access by traversing not more than one flight of stairs and shall have access from a common hall or passageway.

503.3 **Location of employee toilet facilities.** Toilet facilities shall have access from within the employees' regular working

area. The required toilet facilities shall be located not more than one story above or below the employees' regular working area and the path of travel to such facilities shall not exceed a distance of 500 feet (152 m). Employee facilities shall either be separate facilities or public customer facilities.

**Exception:** Facilities that are required for employees in storage structures or kiosks, which are located in adjacent structures under the same ownership, lease or control, shall not exceed a travel distance of 500 feet (152 m) from the employees' regular working area to the facilities.

SECTION 504  
PLUMBING SYSTEMS AND FIXTURES

504.1 **General.** All plumbing fixtures shall be properly installed and maintained in working order, and shall be kept free from obstructions, leaks and defects and be capable of performing the function for which such plumbing fixtures are designed. All plumbing fixtures shall be maintained in a safe, sanitary and functional condition.

504.2 **Fixture clearances.** Plumbing fixtures shall have adequate clearances for usage and cleaning.

504.3 **Plumbing system hazards.** Where it is found that a plumbing system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, inadequate venting, cross connection, backsiphonage, improper installation, deterioration or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

SECTION 505  
WATER SYSTEM

505.1 **General.** Every sink, lavatory, bathtub or shower, drinking fountain, water closet or other plumbing fixture shall be properly connected to either a public water system or to an approved private water system. All kitchen sinks, lavatories, laundry facilities, bathtubs and showers shall be supplied with hot or tempered and cold running water in accordance with the plumbing code.

505.2 **Contamination.** The water supply shall be maintained free from contamination, and all water inlets for plumbing fixtures shall be located above the flood-level rim of the fixture. Shampoo basin faucets, janitor sink faucets, and other hose bibs or faucets to which hoses are attached and left in place, shall be protected by an approved atmospheric-type vacuum breaker or an approved permanently attached hose connection vacuum breaker.

505.3 - 507.1

505.3 **Supply.** The water supply system shall be installed and maintained to provide a supply of water to plumbing fixtures, devices and appurtenances in sufficient volume and at pressures adequate to enable the fixtures to function properly, safely, and free from defects and leaks.

505.4 **Water heating facilities.** Water heating facilities shall be properly installed, maintained and capable of providing an adequate amount of water to be drawn at every required sink, lavatory, bathtub, shower and laundry facility at a temperature of not less than 120°F (49°C). A gas-burning water heater shall not be located in any bathroom, toilet room, bedroom or other occupied room normally kept closed, unless adequate combustion air is provided. An approved combination temperature and pressure relief valve and relief valve discharge pipe shall be properly installed and maintained on water heaters.

SECTION 506  
SANITARY DRAINAGE SYSTEM

506.1 **General.** All plumbing fixtures shall be properly connected to either a public sewer system or to an approved private sewage disposal system.

506.2 **Maintenance.** Every plumbing stack, vent, waste and sewer line shall function properly and be kept free from obstructions, leaks and defects.

SECTION 507  
STORM DRAINAGE

507.1 **General.** Drainage of roofs and paved areas, yards and courts, and other open areas on the premises shall not be discharged in a manner that creates a public nuisance.

EXHIBIT "A"

CHAPTER 6

MECHANICAL AND ELECTRICAL REQUIREMENTS

SECTION 601  
GENERAL

**601.1 Scope.** The provisions of this chapter shall govern the minimum mechanical and electrical facilities and equipment to be provided.

**601.2 Responsibility.** The owner of the structure shall provide and maintain mechanical and electrical facilities and equipment in compliance with these requirements. A person shall not occupy as owner-occupant or permit another person to occupy any premises which does not comply with the requirements of this chapter.

SECTION 602  
HEATING FACILITIES

**602.1 Facilities required.** Heating facilities shall be provided in structures as required by this section.

**602.2 Residential occupancies.** Dwellings shall be provided with heating facilities capable of maintaining a room temperature of 65°F (18°C) in all habitable rooms, bathrooms and toilet rooms based on the winter outdoor design temperature for the locality indicated in Appendix D of the plumbing code.

**602.3 Heat supply.** Every owner and operator of any building who rents, leases or lets one or more dwelling unit, rooming unit, dormitory or guestroom on terms, either expressed or implied, to furnish heat to the occupants thereof shall supply heat during the period from [DATE] to [DATE] to maintain a temperature of not less than 65°F (18°C) in all habitable rooms, bathrooms, and toilet rooms.

**Exception:** When the outdoor temperature is below the winter outdoor design temperature for the locality, maintenance of the minimum room temperature shall not be required provided that the heating system is operating at its full design capacity. The winter outdoor design temperature for the locality shall be as indicated in Appendix D of the plumbing code.

**602.4 Occupiable work spaces.** Indoor occupiable work spaces shall be supplied with heat during the period from [DATE] to [DATE] to maintain a temperature of not less than 65°F (18°C) during the period the spaces are occupied.

**Exceptions:**

1. Processing, storage and operation areas that require cooling or special temperature conditions.
2. Areas in which persons are primarily engaged in vigorous physical activities.

**602.5 Room temperature measurement.** The required room temperatures shall be measured 3 feet (914 mm) above the floor near the center of the room and 2 feet (610 mm) inward from each exterior wall.

605 - 607.1

SECTION 605  
ELECTRICAL EQUIPMENT

**605.1 Installation.** All electrical equipment, wiring and appliances shall be properly installed and maintained in a safe and approved manner.

**605.2 Receptacles.** Every habitable space in a dwelling shall contain at least two separate and remote receptacle outlets. Every laundry area shall contain at least one grounded-type receptacle or a receptacle with a ground fault circuit interrupter. Every bathroom shall contain at least one receptacle. Any new bathroom receptacle outlet shall have ground fault circuit interrupter protection.

**605.3 Lighting fixtures.** Every public hall, interior stairway, toilet room, kitchen, bathroom, laundry room, boiler room and furnace room shall contain at least one electric lighting fixture.

SECTION 606  
ELEVATORS, ESCALATORS AND DUMBWAITERS

**606.1 General.** Elevators, dumbwaiters and escalators shall be maintained to sustain safely all imposed loads, to operate properly, and to be free from physical and fire hazards. The most current certificate of inspection shall be on display at all times within the elevator or attached to the escalator or dumbwaiter; or the certificate shall be available for public inspection in the office of the building operator.

**606.2 Elevators.** In buildings equipped with passenger elevators, at least one elevator shall be maintained in operation at all times when the building is occupied.

**Exception:** Buildings equipped with only one elevator shall be permitted to have the elevator temporarily out of service for testing or servicing.

SECTION 607  
DUCT SYSTEMS

**607.1 General.** Duct systems shall be maintained free of all obstructions and shall be capable of providing the required function.

SECTION 603  
MECHANICAL EQUIPMENT

**603.1 Mechanical equipment.** All mechanical equipment, fireplaces and solid fuel-burning appliances shall be properly installed and maintained in a safe working condition, and shall be capable of performing the intended function.

**603.2 Cooking and heating equipment.** All cooking and heating equipment, components and accessories in every heating, cooking and water-heating device shall be maintained free from leaks and obstructions.

**603.2.1 Cooking equipment.** Cooking appliances shall not be used to provide space heating to meet the minimum requirements of Section 602.3.

**603.3 Removal of combustion products.** All fuel-burning equipment and appliances shall be connected to an approved chimney or vent.

**Exception:** Fuel-burning equipment and appliances which are labeled for unvented operation.

**603.4 Clearances.** All required clearances to combustible materials shall be maintained.

**603.5 Safety controls.** All safety controls for fuel-burning equipment shall be maintained in effective operation.

**603.6 Combustion air.** A supply of air for complete combustion of the fuel and for ventilation of the space containing the fuel-burning equipment shall be provided for the fuel-burning equipment.

**603.7 Energy conservation devices.** Devices intended to reduce fuel consumption by attachment to a fuel-burning appliance, to the fuel supply line thereto, or to the vent outlet or vent piping therefrom, shall not be installed unless labeled for such purpose and the installation is specifically approved.

SECTION 604  
ELECTRICAL FACILITIES

**604.1 Facilities required.** Every occupied building shall be provided with an electrical system in compliance with the requirements of this section and Section 605.

**604.2 Service.** The size and usage of appliances and equipment shall serve as a basis for determining the need for additional facilities in accordance with NFPA 70. Every dwelling shall be served by a main service that is not less than 60 amperes, three wires.

**604.3 Electrical system hazards.** Where it is found that the electrical system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient outlets, improper wiring or installation, deterioration or damage, or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

EXHIBIT "A"

CHAPTER 7  
FIRE SAFETY REQUIREMENTS

SECTION 701  
GENERAL

**701.1 Scope.** The provisions of this chapter shall govern the minimum conditions and standards for fire safety relating to structures and exterior premises, including fire safety facilities and equipment to be provided.

**701.2 Responsibility.** The owner of the premises shall provide and maintain such fire safety facilities and equipment in compliance with these requirements. A person shall not occupy as owner-occupant or permit another person to occupy any premises that do not comply with the requirements of this chapter.

SECTION 702  
MEANS OF EGRESS

**702.1 General.** A safe, continuous and unobstructed path of travel shall be provided from any point in a building or structure to the public way.

**702.2 Exit capacity.** The capacity of the exits serving a floor shall be sufficient for the occupant load thereof as determined by the building code.

**702.3 Number of exits.** In nonresidential buildings, every occupied story more than six stories above grade shall be provided with not less than two independent exits. In residential buildings, every story exceeding two stories above grade shall be provided with not less than two independent exits. In stories where more than one exit is required, all occupants shall have access to at least two exits. Every occupied story which is both totally below grade and greater than 2,000 square feet (186 m<sup>2</sup>) shall be provided with not less than two independent exits.

**Exception:** A single exit is acceptable under any one of the following conditions:

1. Where the building is equipped throughout with an automatic sprinkler system and an automatic fire detection system with smoke detectors located in all corridors, lobbies and common areas.
2. Where the building is equipped throughout with an automatic fire detection system and the exit is an approved smokeproof enclosure or pressurized stairway.
3. Where an existing fire escape conforming to the building code is provided in addition to the single exit.
4. Where permitted by the building code.

**702.4 Arrangement.** Exits from dwelling units, rooming units, guestrooms and dormitory units shall not lead through other such units, or through toilet rooms or bathrooms.

**702.5 Exit signs.** All means of egress shall be indicated with approved "Exit" signs where required by the building code. All "Exit" signs shall be maintained visible and all illuminated "Exit" signs shall be illuminated at all times that the building is occupied.

of the landing, balcony, porch, deck, ramp or other walking surface

**Exception:** Guards are not required at any location where guards are exempted by the building code.

**702.10 Stairway identification.** A sign shall be provided at each floor landing in all interior stairways more than three stories above grade, designating the floor level above the floor of exit discharge. All elevator lobby call stations on all floor levels shall be identified by approved signs in accordance with the requirements for new buildings in the building code.

**Exception:** The emergency sign shall not be required for elevators that are part of an accessible means of egress complying with the building code.

**702.11 Locked doors.** All means of egress doors shall be readily openable from the side from which egress is to be made without the need for keys, special knowledge or effort, except as provided for in Section 702.11.1.

**702.11.1 Locks permitted.** Locks or fasteners shall not be installed on egress doors except in accordance with the following conditions:

1. In mental, penal or other institutions where the security of inmates is necessary, in which case properly trained supervisory personnel shall be continuously on duty and approved provisions are made to remove occupants safely in case of fire or other emergency.
2. In problem security areas, special-purpose door alarms or locking devices shall be approved prior to installation. Manually operated edge or surface-molded flush bolts are prohibited.
3. Where the door hardware conforms to that permitted by the building code.

**702.12 Emergency escape.** Every sleeping room located below the third story in residential and group home occupancies shall have at least one openable window or exterior door approved for emergency egress or rescue; or shall have access to not less than two approved independent exits.

**Exception:** Buildings equipped throughout with an automatic fire suppression system.

**702.12.1 Security.** Bars, grilles or screens placed over emergency escape windows shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required for normal operation of the window.

SECTION 703  
ACCUMULATIONS AND STORAGE

**703.1 Accumulations.** Rubbish, garbage or other materials shall not be stored or allowed to accumulate in stairways, passageways, doors, windows, fire escapes or other means of egress.

**703.2 Hazardous material.** Combustible, flammable, explosive or other hazardous materials, such as paints, volatile oils and cleaning fluids, or combustible rubbish, such as wastepaper, boxes and rags, shall not be accumulated or stored unless

**702.6 Corridor enclosure.** All corridors serving an occupant load greater than 30 and the openings therein shall provide an effective barrier to resist the movement of smoke. All transoms, louvers, doors and other openings shall be closed or shall be self-closing.

**Exceptions:**

1. Corridors in occupancies, other than high-hazard occupancies, which are equipped throughout with an automatic sprinkler system.
2. Patient room doors in corridors in health care occupancies where smoke barriers are provided in accordance with the fire prevention code, are not required to be self-closing.
3. Corridors in educational occupancies where each room that is occupied for instruction or assembly purposes has at least one-half of the required means of egress doors opening directly to the exterior of the building at ground level.
4. Corridors that are in compliance with the building code.

**702.7 Dead-end travel distance.** All corridors that serve more than one exit shall provide direct connection to such exits. The length of a dead-end corridor shall not exceed 35 feet (10668 mm) where the building is not equipped throughout with an automatic sprinkler system. The dead-end travel distance limitation shall be increased to 70 feet (21336 mm) where the building is equipped throughout with an automatic sprinkler system.

**Exception:** Dead ends that are in compliance with the building code.

**702.8 Aisles.** Arrangements of chairs or tables and chairs shall provide for ready access by aisle accessways and aisles to each egress door. The minimum clear width of each aisle in assembly, educational and health care occupancies shall be maintained in accordance with the requirements of the building code. In all other occupancies, aisles shall have a minimum required clear width of 44 inches (1118 mm) where serving an occupant load greater than 50, and 36 inches (914 mm) where serving an occupant load of 50 or less. The clear width of aisles shall not be obstructed by chairs, tables or other objects.

**702.9 Stairways, handrails and guards.** Every exterior and interior flight of means of egress stairs serving any building or portion thereof and having more than four risers shall have a handrail on at least one side of the stair. Every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches (762 mm) above the floor or grade below shall have guards. Handrails shall not be less than 30 inches (762 mm) nor more than 42 inches (1067 mm) high, measured vertically above the nosing of the tread or above the finished floor of the landing or walking surface. Guards shall not be less than 30 inches (762 mm) high above the floor

such storage complies with the applicable requirements of the building code and the fire prevention code.

SECTION 704  
FIRERESISTANCE RATINGS

**704.1 General.** The fire-resistance rating of floors, walls, ceilings, and other elements and components required by the building code shall be maintained.

**704.2 Maintenance.** All required fire doors and smoke barrier shall be maintained in good working order, including all hardware necessary for the proper operation thereof. Fire doors shall not be held open by door stops, wedges and other unapproved hold-open devices.

SECTION 705  
FIRE PROTECTION SYSTEMS

**705.1 General.** All systems, devices and equipment to detect a fire, actuate an alarm, or suppress or control a fire or any combination thereof shall be maintained in an operable condition at all times in accordance with the fire prevention code.

**705.2 Fire suppression system.** Fire suppression systems shall be maintained in proper operating condition at all times.

**705.3 Standpipe systems.** Standpipe systems shall be maintained in proper operating condition at all times. Hose connections shall be unobstructed.

**705.4 Fire extinguishers.** All portable fire extinguishers shall be visible, provided with ready access thereto, and maintained in an efficient and safe operating condition. Extinguishers shall be of an approved type.

**705.5 Smoke detectors.** A minimum of one approved single-station or multiple-station smoke detector shall be installed in each guestroom, suite or sleeping area in residential and group home occupancies, and in dwelling units in the immediate vicinity of the bedrooms in occupancies in one- and two-family dwellings and multifamily dwellings. In all residential occupancies, smoke detectors shall be required on every story of the dwelling unit, including basements. In dwelling units with split levels and without an intervening door between the adjacent levels, a smoke detector installed on the upper level shall suffice for the adjacent lower level, provided that the lower level is less than one full story below the upper level.

**705.5.1 Installation.** All detectors shall be installed in accordance with the building code and the manufacturer's instructions. When actuated, the smoke detectors shall provide an alarm suitable to warn the occupants within the individual room or dwelling unit.

**705.5.2 Power source.** The power source for smoke detectors shall be either an AC primary power source or a monitored battery primary power source.

**705.5.3 Tampering.** Anyone tampering or interfering with the effectiveness of a smoke detector shall be in violation of this code.

**705.6 Fire alarm systems.** Fire alarm systems shall be in proper operating condition at all times.

FROM: DAN TOLBERT  
BUILDING OFFICIAL

IT IS MY RECOMMENDATION THAT THE 1998 INTERNATIONAL PROPERTY MAINTENANCE CODE BE ADOPTED BY THE CITY OF PETAL WITH THESE CHANGES OR ADDITIONS:

1. THE BOARD OF APPEALS (SECTION 111.2) BE THE SAME AS THE BOARD OF ZONING APPEALS REFERENCED IN THE CITY ZONING ORDINANCE.
2. CHANGE THE (60) SIXTY AMPERES IN SECTION 604.2 TO 100 AMPERES.

*Dan Tolbert*

1  
The Mayor of the City of Petal, California

Mayor, I am writing you this morning  
and I would like to talk with you  
with you in regard to the Aldermen  
The Aldermen of Petal, March 27th  
Veterans Club in honor of those that  
served. The same time would get it  
passed in 1968. The People of Petal  
are very much in favor of this and  
as we know King was a brave freedom

like Commander James Coates, Post 3636  
of Petal would like to pledge \$200  
for the keeping of a Memorial of that  
of Hazel Coates and pledged \$300.  
If you, Mary, you are ready to  
pledge. The only one - 3636 Post, Petal.

I am a member of the Ladies Purple  
Heart I have given much a time in  
Democracy. I am also a member of the  
Ladies VFW. Also my husband who a life  
time member of the Disabled Vet. He has  
Purple Heart. The men who have  
Purple Heart was awarded them because  
they were down on the battle field, death  
of the enemy, I believe by the U.S.A.  
I cannot look here. The Veterans were  
there to protect the women, children  
I make our County a free place  
I have requested this Aldermen several  
years ago & got no response. Mayor I  
know you are the Mayor of Petal.  
And I think you will not believe  
the fact you will get to help  
Petal get this matter passed. Hope  
and I know we are lucky to have  
a man like Don King who has pledged  
with your help to stand by them.  
I don't think Petal will have to  
put up a large amount of money.  
And last I would like to say  
I lived with a fine man 59 years  
who never accept killing of humans  
and who was too disabled for his  
service. Also a daughter, and a no (no family)  
family. Veterans who are lived. And I  
know he was a small no. Please  
work with Don King in a peaceful  
manner. It will be such a great  
step for you of the City of Petal, Ms.  
- Wife of Bruce Coates -  
Mrs. Hazel Coates

**Proposal for wedding package  
for the civic center and investment for tablecloths .**

We would like to propose the following package to be offered for a Wedding and or Wedding Reception.

A package deal for a wedding would consist of the following:

Use of the Auditorium and the Kitchen would be \$250.00 this would include 4 hours the night before for set up and the whole day of the reception. If they needed the Magnolia room, then the package deal would be \$300.00.

This package deal would give them a one price which in planning would be a selling point for us.

We checked with the Hattiesburg community Center and their price is \$25.00 per hour which did not include the kitchen.

We would also like to propose the purchase of table cloths for the tables, we would charge per table for the use of them, having these table cloths on site would be an asset to our banquets and weddings that are booked in the Civic Center.. To date we already have 12 wedding receptions booked this year. We could have rented the tablecloths today with the pipeline group, they had 20 tables and had to make do with the paper they had.

Tablecloth cost: \$309.40 per dozen we would need 3 dozen total cost would be approximately \$928.20. The cost for cleaning would be \$6.00 each. We should be able to pay for them within a year, We could rent them for \$8.00 per table, we would clear \$2.00 per table after cleaning. The cost for the 6ft and 8 ft oblong tables would be approximately \$600.00 with the cost of cleaning to be \$6.00. This would be a service we could offer and by offering an on site use would be a convenience for banquets and weddings.

We can look in the future and maybe add skirting for the oblong tables, the cost would be approximately \$1,200.00 we can add these to our inventory. This of course would be after the cost of our tablecloths has been satisfied.

The Civic Center would be ideal for this type of function and would be an ideal deal for both the customer and the

Respectfully submitted.

**RESOLUTION OF THE MAYOR AND  
BOARD OF ALDERMEN OF THE CITY OF PETAL, MISSISSIPPI**

A RESOLUTION REQUESTING THE LEGISLATURE OF THE STATE OF MISSISSIPPI TO ENACT A LOCAL AND PRIVATE BILL, TO AUTHORIZE THE GOVERNING AUTHORITIES OF THE CITY OF PETAL, MISSISSIPPI, TO IMPOSE A SPECIAL SALES TAX OF NOT MORE THAN 1% ON THE GROSS PROCEEDS OF ALL SALES OR THE GROSS INCOME OF BUSINESSES IN THE MUNICIPALITY DERIVED FROM ACTIVITIES TAXED AT THE RATE OF 7% OR MORE UNDER THE MISSISSIPPI SALES TAX LAW; TO PROVIDE THAT THE SPECIAL SALES TAX SHALL NOT BE LEVIED UNLESS AUTHORIZED BY AT LEAST 3/5<sup>TH</sup>'S OF THE VOTE CAST AT AN ELECTION CALLED AND HELD FOR SUCH PURPOSE; TO AUTHORIZE THE CITY OF PETAL, MISSISSIPPI TO INCUR AND INDEBTEDNESS IN AN AMOUNT NOT GREATER THAN AN AMOUNT WHOSE DEBT SERVICE IS CAPABLE OF BEING FUNDED BY THE PROCEEDS OF THE SPECIAL SALES TAX; TO PROVIDE THAT THE SPECIAL SALES TAX REVENUE COLLECTED PURSUANT TO SUCH A TAX SHALL BE USED AND EXPENDED BY THE CITY OF PETAL, ONLY TO FUND THE CONSTRUCTION OF CERTAIN TRANSPORTATION, RECREATION, AND INFRASTRUCTURE PROJECTS AND/OR OTHER CAPITAL PROJECTS.

THE MAJOR AND BOARD OF ALDERMEN OF THE CITY OF PETAL, MISSISSIPPI, A MUNICIPALITY, DO HEREBY REQUEST THAT THE LEGISLATURE OF THE STATE OF MISSISSIPPI ENACT LOCAL AND PRIVATE LEGISLATION, TO PERMIT THE CITY OF PETAL TO ACCOMPLISH THE FOLLOWING, TO WIT:

1.

To permit the municipality to impose a special sales tax of not more than 1% on the gross proceeds of all sales or the gross income of businesses in the municipality derived from activity taxed at the rate of 7% or more under the Mississippi Sales Tax Law; and

2.

To provide that the special sales tax shall not be levied unless authorized by at least 3/5<sup>th</sup>'s of the vote cast at an election called and held for such purpose; and

3.

To authorize the City of Petal to incur an indebtedness in an amount not greater than an amount who's debt service is capable of being funded by the proceeds of the special sales tax; and

EXHIBIT "F"

4.

To provide that the special sales tax revenue collected pursuant to such a tax shall be used and expended by the municipality only to fund the construction of certain transportation, recreation, and infrastructure projects, and/or other capital projects; and

5.

Under such additional terms and provisions as the Legislature of the State of Mississippi might impose.

SO RESOLVED on this, the 15<sup>th</sup> day of February, A.D., 2000.

City of Petal by:

Jack Gay, Jr.  
Mayor

DONATED LEAVE POLICY

Any City employee may donate a portion of his/her unused sick leave to another city employee who is suffering from a catastrophic injury or illness.

"Catastrophic injury or illness" means a severe condition or combination of conditions affecting the mental or physical health of an employee, including pregnancy, that requires the services of a licensed physician for an extended period of time and that forces the employee to exhaust all leave time accumulated by that employee, resulting in the loss of compensation from the City.

"Donor" employee donating sick leave to another employee.

"Recipient" employee receiving the sick leave from another employee.

"Committee" will consist of the Mayor, City Clerk and the Department Head or Supervisor of the recipient.

An employee must have an accumulation of 60 sick days in order to qualify as a donor and then can only donate a maximum of 5 days out of the 60 days to any one employee. The donor must designate the employee who is to receive the leave and the amount of leave to be donated in writing to the City Clerk, who will then notify the Department Heads of both the donor and recipient.

An employee must have exhausted all of his or her earned vacation and sick leave to be eligible to receive any leave donated by other employees. The maximum amount of leave that an employee may receive is a total of 60 days.

Before an employee may receive donated leave, he or she must provide the City Clerk with a physician's statement that states the beginning date of the catastrophic injury or illness, a description of the injury or illness, and a prognosis for recovery and the anticipated date that the employee will be able to return to work.

If an employee is aggrieved by the decision of the Committee that the employee is not eligible to receive donated leave because in the Committee's determination the injury or illness is not a catastrophic injury or illness, the employee may appeal the decision to the Board of Aldermen.

If the total amount of leave that is donated to any employee is not used by the recipient employee, the donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of the number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees.

Donated leave shall not be used in lieu of disability retirement.

*adopted Feb. 15, 2000*
