Certificate of Substantial Completion

Owner: City of Petal Mississippi Location: Petal City Park

Contractor: Lee's Electric Co., Inc. For: Sports Lighting Improvements for Baseball Field and Softball Fields #1 & #2

Project Manager: Larry Joe Daughtry Date of Issuance: September 29, 2006

Contract Date: March 21, 2005 Date of Completion: September 13, 2006

The entirety of the work performed under the above referenced contract between The City of Petal Mississippi and Lee's Electric Company, Inc., The Contractor, has been reviewed by each of the undersigned and found to be substantially complete. The Date of Substantial Completion is also the date of commencement of applicable warranties required by the contract documents between Owner and Lee's Electric Company, Inc., The Contractor, except as state below.

Definition of Date of Completion

The Date of Substantial Completion of the work is the date certified by Larry Joe Daughtry, P.E., The Engineer, when the construction is sufficiently complete, in accordance with the applicable contract documents between Owner and The Contractor, Owner can occupy or utilize the work or designated portion thereof for the use for which it is intended, as expressed in the contract documents between the Owner and The Contractor. The Owner began using the facilities and new sports lighting systems on 19 July 2006; therefore, this date will be used as the date for equipment warranties.

Engineer By: Larry Joe Daughtry Date: 29 Sept 06

A list of items to be completed or corrected by Contractor is attached hereto (Exhibit A). The failure to include any items on such list does not alter the responsibility of Contractor to complete all work in accordance with the contract documents between The City of Petal and Lee's Electric Company, Inc. The date of commencement of the Contractor's warranties for items in Exhibit A will be the date of final acceptance by Larry Joe Daughtry, P.E., Engineer, and the Owner unless otherwise agreed to in writing. The Subcontractor will complete or correct the work listed in Exhibit A attached hereto within 21 days from the above Date of Completion, and is responsible for any loss or damage to the Project until Final Acceptance.

Contractor By: Randy Lee Date: Sept 29, 2006

The Owner accepts the work (or designated portion thereof) as substantially complete. The Owner does hereby assume full possession thereof. The certificate shall be automatically deemed as Final Acceptance when all work has been fully completed in Exhibit A, or Exhibit A states "NONE".

EXHIBIT "E"

Mrs. Ishee,

I have inspected the sports lighting improvements project at Petal City Park and I will approve for the City to begin use of the athletic fields and corresponding lighting as of today, 19 July 2006. I am pleased with the quality of workmanship that has been performed and the lighting levels for each athletic field are very adequate and exceed the requirements of the specifications. I have discussed the immediate use of the facilities with Lee's Electric and they have also approved use of the fields. Lee's Electric will or already has provided the Recreation Department keys for operation of the control equipment.

The project is 95% complete and a final inspection has been scheduled for next week to identify minor issues that must be addressed by the contractor to include such items as clean up, dressing around poles and trenching, and labeling panels and control equipment.

After this final inspection, I will provide the City with a Notice of Substantial Completion.

Pre-Final Inspection

A pre-final inspection on referenced project was performed on 25 July. The following issues were identified for the Contractor to address.

- 1. Contractor will have to dress around the new poles to remove any excess dirt and scrap materials.
2. Contractor needs to dress around new Main Distribution Panels area.
3. Contractor needs to repair asphalt surfaces where trenching was performed.
4. Contractor must properly attach the safety cable to each pole. Excess cable is hanging freely at ground level.
5. Contractor must properly label with plastic labels all panels, lighting contactors and switches for identifying the various loads or lighting fixtures served (Baseball Field Left Field Side, Baseball Field Right Field Side, Softball Field Infield, Softball Field Outfield, etc.).
6. Contractor must provide typewritten director for each new power panel.
7. Contractor has not removed the old distribution panel and control system located inside fenced in area behind the concession building.
8. Contractor has not remove old wooden poles and exposed wiring, conduit and disconnects.
9. Contractor is to provide power source to each dugout for sump pump and future lighting and receptacle.
10. Contractor needs to strap sagging 1" PVC conduit to building by lighting contactor and switch controlling parking lot lights.
11. Contractor is to provide owner with all keys for panels, key switches and control devices.
12. Coach Watkins likes the key switch to be located by lighting contactors for the baseball field lighting (one for left field side and one for right field side) rather than placing control toggle switches in press box area.
13. Contractor must provide written approval by CHM Sports verifying lighting levels for each field and assuring that the installation was performed satisfactorily.
14. Contractor must provide owner with written warranty agreement by equipment provider.

Final Inspection

A final inspection on referenced project was performed on 8 September 2006. The following issues were identified for the Contractor to address.

- 1. Contractor must properly label with plastic labels all panels, lighting contactors and switches for identifying the various loads or lighting fixtures served (Baseball Field Left Field Side, Baseball Field Right Field Side, Softball Field Infield, Softball Field Outfield, etc.).
2. Contractor must provide typewritten director for each new power panel.
3. Contractor will leave some of the old distribution panel and control system located inside fenced in area behind the concession building to maintain power to the sump pumps in the dugouts and the irrigation control system.
4. Contractor is to verify the separate power source to each dugout for sump pump and new power source for future lighting and receptacle.
5. Contractor must provide written approval by CHM Sports verifying lighting levels for each field and assuring that the installation was performed satisfactorily.
6. Contractor must provide owner with written warranty agreement by equipment provider.

In Re: Roadway Lighting-Springfield Road: DIXIE E.P.A. W.O. #261679

Dear Mr. Scott:

A request was made to Dixie E.P.A. to install roadway lights at the above project. The cost to install a 250 watt roadway light is \$140.29. This cost allows the light to be installed at an existing pole location. The cost per month will be \$15.00 per light.

A drawing was sent to Dixie E.P.A. in May of this year showing the various locations along Springfield Road and its side streets. I was contacted by Lisa Weaver, Alderwoman for the City of Petal, earlier this month about when the lights would be installed. I called her back with the above cost on August 15<sup>th</sup> to give to you for your meeting scheduled for that night. I let her know that of the eighteen (18) poles shown on the drawing, only fourteen (14) had suitable clearance between existing telephone and television cables and Dixie's electrical system to allow them to be installed. It is estimated to install fourteen (14) lights for a cost of \$1,964.06.

A copy of our work order will be sent to Bell South Telephone and to Comcast Cablevision requesting that space be provided for us to attach the lights on the four (4) remaining poles.

Please return a check in the amount of \$1,964.06. As soon as we receive this amount, the work order will be released to the construction department to be scheduled for construction.

Very truly yours,
