AN ORDINANCE AMENDING SECTION 6.113 OF ORDINANCE 1979(42)
AND REPEALING ORDINANCE 1979 (42-A174) OF THE COMPREHENSIVE ZONING
REGULATIONS FOR
THE CITY OF PETAL, MISSISSIPPI

BE IT ORDAINED BY THE MAYOR AND BOARD OF ALDERMEN OF THE
CITY OF PETAL, MISSISSIPPI:

SECTION I: Ordinance 1979 (42-A174) is hereby repealed, and the following article of
Ordinance 1979(42) be amended as follows:

6.113 SINGLE MANUFACTURED HOMES OR MOBILE HOME
UNITS OR MODULAR HOME UNITS NOT IN MOBILE HOME PARKS

Manufactured homes, mobile home units or modular home units (hereinafter referred to as mobile
homes) existing upon parcels of land outside of mobile home parks shall comply with the
following regulation:

1. Mobile homes presently existing as a primary owner/occupied residence may continue as a non-conforming use, and may be sold or conveyed to another party, or replaced, or enlarged and improved upon, provided the terms and conditions of this ordinance are met.
2. Any mobile homes presently existing as a primary owner/occupied residence lawfully existing upon parcels of land outside of mobile home parks inside the City of Petal on the date of the passage of this ordinance, may be sold or conveyed to another party, provided that if the mobile home is to remain in the same location then the parcel of property which the mobile home occupies must also be sold or conveyed at the same time and along with the mobile home, and provided that if the mobile home is to be moved from the existing property, it is not moved to another location inside the City of Petal, other than into an existing mobile home park in accordance with the existing ordinances of the City of Petal.
3. Any mobile homes presently existing as a primary owner/occupied residence lawfully inside the City of Petal on the date of the passage of this ordinance may be replaced by a newer and improved mobile home of equal or larger heated square footage, provided the following terms and conditions are met. Any such person desiring to replace an existing mobile home within the City of Petal may do so with the intent of upgrading or improving the existing mobile home, or with the intent of replacing a damaged or destroyed mobile home, provided a permit is obtained from the City Building Inspector prior to doing so. The applicant will provide at a minimum to the City Building Inspector the make, model, and year of manufacture of both the existing mobile home and the proposed replacement mobile home; a specification sheet of the replacement mobile home and full-view pictures of the replacement mobile home; the name and contact information of the person, persons, company, or companies who will be moving the mobile homes; the moving company must show proof of licensing and bond to the City of Petal Building Department; and a written explanation of how the replaced mobile home will be disposed.
A Mobile Home Replacement Permit Application Fee of \$25.00 (twenty-five dollars) will be paid by the applicant to the City Building Department at the time of application. The City Building Inspector will make a determination as to whether or not the proposed replacement mobile home is indeed newer and in better condition than the existing mobile home, and shall either issue a mobile home replacement permit or deny the request within seven (7) days of receiving the application. The Mobile Home Replacement Permit will apply only to the specific make, model, and year of the mobile home listed as the replacement home on the application, and will expire after a period of thirty (30) days from its issuance. Upon installation of the replacement mobile home, the City will require that the replacement mobile home be securely anchored to the ground by an anchoring system which is approved by the Mississippi State Insurance Commission.
In the event the City Building Inspector denies the permit application, the applicant will be notified in writing of the reason(s) for the denial. The applicant may appeal the matter before the Board of Alderman within thirty (30) days of receiving written confirmation of the denial from the City Building Department.
4. During the replacement of the mobile home, under no circumstances will the mobile home to be replaced be allowed to remain on the property along with the replacement mobile home for a period of more than seven (7) days. Any such owner failing to have the replaced mobile home removed within the allotted period will be cited by the appropriate representative of the City Building Department and may be fined up to \$25.00 (twenty-five dollars) per each day of non-compliance upon conviction in Municipal Court.

If the replaced mobile home is still present on the property along with the replacement mobile home after a period of thirty (30) days, then the City of Petal, upon written notification to the owner, and upon posting of a notification on the front door of the replaced mobile home, may hold a hearing conducted by the Board of Aldermen to determine if the City of Petal should remove the replaced mobile home and attach a lien to the real property upon which the mobile home is located for the amount of the costs associated with the removal and disposal of the replaced mobile home.

5. Any mobile homes presently existing as a primary owner/occupied residence lawfully inside the City of Petal on the date of the passage of this ordinance may be repaired, enlarged, or improved upon, provided the proposed construction is in compliance with the building and zoning codes of the City of Petal and the proper building permits are obtained.

6. In the event any mobile home presently existing not in a mobile home park inside the city of Petal is moved or removed in a manner not in compliance with the terms and conditions of this ordinance, then the subsequent use of the land or lot upon which the mobile home was previously located shall conform to the regulations specified by the Comprehensive Zoning Law for the City of Petal for the district in which such land is located.
