Reside in the Driggs Area of Impact? Yes

Describe the experience that you would bring to the commission: I have been a proud resident of Driggs for over a decade and am deeply invested in this community as a homeowner and parent with children in the local schools. My professional background spans non-profit and small business management, where I have honed skills in collaboration, strategic planning, and community engagement. I am passionate about fostering responsible development within Driggs city limits, ensuring that our growth reflects the values and long-term well-being of our community. My experience equips me to contribute thoughtfully and effectively to the commission's work.

Why do you want to be considered for appointment to the commission? Volunteering in my community is a core value I hold deeply, as it allows me to contribute to the place I call home. I would be honored to serve the City of Driggs by lending my time and expertise to support the revitalization of downtown. Helping shape a vibrant, sustainable, and thriving community is a responsibility I take seriously, and I am eager to collaborate with others to bring this vision to life.

Do you anticipate any conflict of interest is any finding which you might be required to make as a member of this board? No.
