

ORDINANCE 25-33

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA, PROVIDING THAT THE MANATEE COUNTY CODE OF ORDINANCES BE AMENDED BY REVISING CHAPTER 2-4; TO ESTABLISH LIMITS AND REGULATIONS RELATED TO THE SALE OF ANIMALS; PROVIDING FOR OTHER MODIFICATIONS FOR CLARITY AND CONSISTENCY; PROVIDING FOR ENFORCEMENT; PROVIDING PENALTIES FOR VIOLATIONS; PROVIDING FOR AREAS EMBRACED; PROVIDING FOR SEVERABILITY; PROVIDING FOR CODIFICATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, ensuring the humane treatment of animals is an important public purpose; and

WHEREAS, the Animal Welfare Act (AWA), 7 U.S.C. §§2131-2159, establishes federal standards for the humane care and treatment of certain animals sold at wholesale or through a broker, publicly exhibited, used in biomedical research, or transported commercially; and

WHEREAS, the U.S. Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS) has an Animal Care program, which is responsible for implementing and enforcing animal welfare regulations pursuant to the AWA; and

WHEREAS, the AWA regulates the activities of dog breeders, unless the breeder qualifies as a "hobby breeder," and requires non-exempt breeders and brokers to maintain a license with the USDA, which requires that they agree to follow specific standards for the care of animals; and

WHEREAS, the AWA expressly provides that a state or a political subdivision of a state may promulgate standards regarding the handling, care, treatment and transportation of animals, if those standards are more restrictive than the standards promulgated by the USDA; and

WHEREAS, the USDA Inspector General (IG) issued audit reports on APHIS Animal Care regulation of the dog breeding industry in 2010 and 2021, and the findings of the reports include:

- Minimal standards in place and minimal enforcement
- Enforcement process was ineffective against large-scale dog dealers

- Inspectors did not cite or document violations properly
- The APHIS penalty worksheet calculated minimal penalties and misused guidelines to lower penalties
- Some breeders circumvented the AWA by selling animals online
- Minimal work is being done to enforce the AWA
- There is a lack of organization by the USDA
- Data reliability issues with reports being generated from the APHIS database; and

WHEREAS, in 2021 the IG summary stated: "We found that APHIS did not consistently address complaints it received or adequately document the results of its follow up. This occurred because APHIS does not have a documented process for resolving complaints and recording the results of the agency's actions. As a result, some dog breeder facilities may be conducting regulated activity without a USDA license or oversight. Therefore, APHIS is not able to ensure the overall health and humane treatment of animals at these facilities."; and

WHEREAS, data and research reviewed by Manatee County Animal Services staff supports the IG's conclusion that the USDA is not adequately regulating the dog breeding industry and is failing to safeguard the health and welfare of the dogs being produced by the industry and shipped to local pet stores for retail sale; and

WHEREAS, some commercial animal breeders operate unsanitary and inhumane breeding facilities for dogs in which the health of the dogs is disregarded; and

WHEREAS, some retail pet sales establishments purchase animals from commercial breeders that operate unsanitary and inhumane breeding facilities; and

WHEREAS, the Board of County Commissioners of Manatee County (Board) finds that it is in the best interest of Manatee County (County), and the life, health, safety, and welfare of residents, and animals, to avoid the expansion of pet sale establishments in the county by banning the opening of new retail pet stores in Manatee County; and

WHEREAS, the Board also finds that it is in the best interest of the County, and the life, health, safety, and welfare of residents, and animals, to avoid the expansion of pet sale establishments in the county by regulating the expansion or relocation within Manatee County of previously existing retail pet stores; and

WHEREAS, the Board also finds that it is in the best interest of the County, and the life, health, safety, and welfare of residents, and animals, to modify the regulations surrounding the operations of previously existing retail pet stores; and

WHEREAS, on October 22, 2024, the Board adopted Ordinance 24-92 providing, *inter alia*, for the inspection and regulation of pet stores and breeders and the Board desires that this Ordinance to complement and not supersede Ordinance 24-92; and

WHEREAS, for these reasons the Board examined options appropriate to the County to regulate retail pet sales within Manatee County, and finds it necessary to enact more comprehensive regulations of the pet retail sales within Manatee County.

NOW THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Manatee County Florida that:

Section 1. Incorporation of Recitals. The recitals set forth above are hereby adopted as findings of this Board and are incorporated herein by reference.

- (i) By the fifteenth day of the month, each Commercial Establishment shall provide the Division with the following records for each dog and cat sold, disposed of or that died during the previous month:

 - (1) A copy of each OCVI that has been completed for such dog or cat; and

 - (3) The date each dog and cat was obtained; and
 - (4) The date each dog and cat was sold, died, or was otherwise disposed of by the Commercial Establishment; and
 - (5) The name, physical address (no P.O. boxes), and telephone number of the purchaser and owner (if different from the purchaser) of each dog and cat sold during that month, including the EAID number, breed, color, sex, and age of each dog and cat.
- (j) If any dog or cat dies while in the possession of a Commercial Establishment, the Commercial Establishment shall maintain a record of the date of death and known or suspected cause of death. Any dog or cat that dies while being treated by a veterinarian or person at the request of the Commercial Establishment shall be considered in the possession of the Commercial Establishment at the time of death. The veterinarian shall specify the date of and known or suspected cause of death on the dog or cat's OCVI. Within fifteen (15) days following the death of a dog or cat, the Commercial Establishment shall provide the Division with records reflecting the

date and cause of the dog or cat's death. The Commercial Establishment shall maintain a copy of such record for a period of two (2) years from the date of the dog or cat's death.

(k) Each Commercial Establishment shall maintain on the premises all records required by the Manatee County Animal Ordinance and shall make such records available to the Division upon request.

(l) The failure to maintain complete records on each dog and cat as required by this chapter shall constitute a separate violation as to each record missing or incomplete.

(4) Each Commercial Establishment shall post conspicuously on the cage or enclosure of each dog and cat offered for sale a written notice in twelve-point or greater type identifying the breed, sex, date of birth of each dog and cat, any illness found by the veterinarian during the most recent examination, any notes in the "other information/comments" section for the pre-purchase exam, and the name, address, USDA license number and state and local license number, if applicable, of every breeder, dealer, intermediate handler and carrier that has owned, possessed or handled the dog or cat.

(5) Each Commercial Establishment shall post conspicuously in close proximity to the cages or enclosures where dogs and cats are offered for sale a notice in at least fifty- point (50) type containing the following:

"Notice to consumers: Before purchasing a dog or cat you may request information concerning each dog or cat's health, medical history, and the source from which the dog or cat was obtained. Upon your request, the Commercial Establishment is required to show you these records before you purchase a dog or cat and to give you a copy of these records when you purchase a dog or cat."

(6) At the time of sale, each Commercial Establishment shall provide the purchaser with a written notice in twelve-point (12) or greater type stating:

Pursuant to the Manatee County Animal Ordinance, every owner of a dog or cat is required to obtain a license tag for each dog and cat from the Manatee County Animal Services or an authorized veterinarian. The license tag must be renewed every year, and proof of an up-to-date rabies vaccination is required to obtain or renew a license tag.

The Manatee County Board of County Commissioners has determined that the unintended or uncontrolled breeding of dogs and cats leads to pet overpopulation at great expense to the community and that every feasible means of reducing the number of unwanted dogs and cats should be encouraged.

The Division shall have the authority to establish an alternative written disclosure form that includes the essential elements of the written notice provided herein.

- (7) At the time of sale, each Commercial Establishment shall deliver to the purchaser of each dog or cat a written disclosure(s) containing all of the information required above pertaining to records. The Commercial Establishment shall provide all of the above-cited written disclosures containing all of the information required to the prospective purchaser of each dog or cat for review prior to the purchase upon request. The Commercial Establishment shall maintain a copy of the above-cited written disclosures for a period of two (2) years from the date of sale of each dog and cat and shall make such copies available to the Division upon request.

C. Warranties for dogs and cats.

- (1) A dog or cat that is purchased from a Commercial Establishment shall be considered unfit for purchase if any of the following apply:
- (a) Within fourteen (14) days following the sale of a dog or cat by a Commercial Establishment a licensed veterinarian of the purchaser's choosing certifies that, at the time of the sale, the dog or cat was unfit for purchase due to illness or disease, the presence of symptoms of a contagious or infectious disease, or the presence of internal or external parasites, excluding fleas and ticks.
 - (b) Within one (1) year following the sale of a dog or cat, a licensed veterinarian of the purchaser's choosing certifies such dog or cat to be unfit for purchase due to a congenital or hereditary disorder that adversely affects the health of the dog or cat.
 - (c) Within one (1) year following the sale of a dog or cat, the breed, sex, or health of such dog or cat is found to have been misrepresented to the purchaser.
- (2) If a dog or cat is unfit for purchase for any of the above-cited reasons, the

Commercial Establishment shall afford the purchaser the right to choose one (1) of the following options:

- (a) The right to return the dog or cat and receive a refund of the purchase price, including the sales tax, and reimbursement for reasonable veterinary costs directly related to the veterinarian's examination and certification that the dog or cat is unfit for purchase pursuant to this chapter and directly related to necessary emergency services and treatment undertaken to relieve suffering; or
- (b) The right to return the dog or cat and receive an exchange dog or cat of the purchaser's choice of equivalent value, and reimbursement for reasonable veterinary costs directly related to the veterinarian's examination and certification that the dog or cat is unfit for purchase pursuant to this section and directly related to necessary emergency services and treatment undertaken to relieve suffering; or
- (c) The right to retain the dog or cat and receive reimbursement for reasonable veterinary costs for necessary services and treatment related to the attempt to cure or curing of the dog or cat.

Reimbursement for veterinary costs may not exceed the purchase price of the dog or cat. The cost of veterinary services is reasonable if comparable to the cost of similar services rendered by other licensed veterinarians in proximity to the treating veterinarian and the services rendered are appropriate for the certification by the veterinarian.

- (d) The refund or exchange required by this chapter shall be made by the Commercial Establishment not later than ten (10) business days following receipt of a signed veterinary certification as required in this chapter. The purchaser must notify the Commercial Establishment within a reasonable time after the veterinarian's determination that the animal is unfit and must provide the Commercial Establishment with a copy of the written certification of unfitness.
- (e) A dog or cat may not be determined unfit for sale on account of an injury sustained or illness contracted after the purchaser takes possession of the dog or cat. A veterinary finding of intestinal or external parasites is not grounds for declaring a dog or cat unfit for sale unless the dog or cat is clinically ill because of that condition.
- (f) If a Commercial Establishment wishes to contest a demand for

veterinary expenses, refund, or exchange made by a purchaser under this section, the Commercial Establishment may require the purchaser to produce the dog or cat at a mutually agreed upon time and place for examination by a licensed veterinarian designated by the Commercial Establishment. Upon such examination, if the purchaser and the Commercial Establishment are unable to reach an agreement that constitutes one (1) of the options set forth in this chapter within ten (10) business days following examination by the Commercial Establishment's designated veterinarian, the purchaser may initiate an action in a court of competent jurisdiction to recover or obtain reimbursement of veterinary expenses, refund, or exchange.

- (g) No Commercial Establishment shall require or attempt to require a purchaser to sign a contract or agreement to waive any of the rights provided by this chapter.
- (h) This Ordinance does not in any way limit the rights or remedies that are otherwise available to a purchaser under any other law.
- (i) Each Commercial Establishment shall provide the purchaser of a dog or cat at the time of sale with the written notice required by Florida Statutes § 828.29(12), which shall be provided in twelve-point (12) or greater type.
- (j) No Commercial Establishment shall require the purchaser of a dog or cat to use the Commercial Establishment's veterinarian in order to receive a refund or exchange required by this chapter.
- (k) If a purchaser requests a refund or requests to return or exchange a dog or cat pursuant to this Ordinance, each Commercial Establishment shall maintain all records related to the purchaser's request for a period of two (2) years from receipt of such records and shall deliver a copy of the purchaser's request to the Division within seven (7) days of receipt.

The renewal inspection shall be unscheduled, and may be conducted at any reasonable hour by any animal services officer, who shall act in accordance with the renewal inspection period notice and at a minimum shall be given access to and the opportunity to investigate the animals, premises and records of a license holder to determine compliance with Section 767, Florida Statutes, and Section 828, Florida Statutes, as may be amended, and the Manatee County Animal Ordinance.
