TOWN OF ENFIELD LEGAL NOTICE

THE FOLLOWING AN ORDINANCE AMENDING CHAPTER 86, SECTION 86-87 OF THE ENFIELD TOWN CODE ENTITLED UTILITIES, MAINTENANCE OF SANITARY SEWERS was adopted by the Enfield Town Council at a Regular Meeting held on June 3, 2013 pursuant to Chapter III Section 6 of the Enfield Town Charter. Said ordinance shall become effective on the 18th day of June 2013, that day being the fifteenth day following final passage.

Sec. 86-87. - Maintenance of sanitary sewers.

- (a) *Public sewers.* Public sewers will be maintained by the department of public works and said maintenance shall include cleaning, flushing and rodding as required and such necessary reconstruction as deemed necessary by the director.
- (b) *Building sewers.* Building sewers will be owned and maintained by the property owner. Said maintenance shall include cleaning, flushing and rodding as required to ensure proper flow through the building sewer and such reconstruction as needed. Should reconstruction or repair of the building sewer necessitate excavation, the following procedure shall be followed:
 - (1) The property owner shall notify the department of public works of the blockage and arrangements will be made to inspect the problem in conjunction with the property owner's plumber.
 - (2) If during the investigation it is determined that the blockage is on private property and requires excavation, the property owner shall be so informed and shall be responsible for completion of the repairs.
 - (3) ~~If during the investigation it is determined that the blockage is within the town's right-of-way, the department of public work shall accomplish the necessary work to ensure that proper safeguards are provided in roadway construction.~~

If, however, during the investigation it is determined that the blockage is within the town's right-of-way, the department of public work shall accomplish the necessary work, complete the repairs, and ensure that proper safeguards are provided in roadway construction.
