

CITY COUNCIL ORDINANCE NO. 25-02

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, DIRECTING AN AMENDMENT TO THE CITY OF IRVINE ENGINEERING AND TRAFFIC SURVEYS FOR SPEED LIMITS, AS MAINTAINED BY THE PUBLIC WORKS & SUSTAINABILITY DEPARTMENT AS THE OFFICIAL DOCUMENTATION OF DECLARED PRIMA FACIE SPEED LIMITS

WHEREAS, California Vehicle Code Section 22357 provides that a local authority may, by ordinance, determine and declare that the speed limit on any portion of any street, other than a state highway, which would otherwise be subject to a *prima facie* speed limit of 25 miles per hour shall be increased to a *prima facie* speed limit of 30, 35, 40, 45, 50, 55, 60, or 65 miles per hour, if an engineering and traffic study indicates that such increase would facilitate the orderly movement of traffic and would be reasonable and safe; and

WHEREAS, California Vehicle Code Section 22358 provides that a local authority may, by ordinance determine and declare, that the speed limit on any portion of any street, other than a state highway, which would otherwise be subject to a *prima facie* speed limit of 65 miles per hour shall be reduced to a *prima facie* speed limit of 60, 55, 50, 45, 40, 35, 30, or 25, miles per hour, if an engineering and traffic survey indicates that the *prima facie* speed limit of 65 miles per hour is faster than what is deemed reasonable and safe; and

WHEREAS, California Vehicle Code Sections 22357 and 22358 provide that whenever a local authority has designated a *prima facie* speed limit on any portion of any street other than the *prima facie* limits applicable therein, the limits shall be effective upon the local authority erecting upon the applicable street appropriate signs giving notice thereof; and

WHEREAS, the City Council of the City of Irvine amended the Municipal Code with the adoption of Ordinance No. 01-05 removing the list of streets and *prima facie* speed limits and establishing an official list of streets and *prima facie* speed limits that shall be maintained by the City Engineer; and

WHEREAS, the City Council may, in accordance with California State Assembly Bill 43, retain the previous speed limit if no additional lanes have been added to the road since the speed limit was established; allowing the City to keep the existing speed limit even if the new Engineering and Traffic Survey shows an increase; and

WHEREAS, the City Council of the City of Irvine has considered information presented by staff, and other interested parties at a public meeting held on the 25th day of February 2025.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY ORDAIN as follows:

SECTION 1. The *City of Irvine Engineering and Traffic Surveys for Speed Limits* as maintained by the City Engineer, shall be amended to include *prima facie* speed limit postings in accordance with those new entries as shown in the attached Exhibit A titled the *City of Irvine Engineering and Traffic Surveys for Speed Limits*, dated December 2024.

SECTION 2. This Ordinance shall be posted in accordance with the provisions of the Irvine Municipal Code and shall become effective thirty days from and after the date of its passage.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 25th day of March 2025.

  
MAYOR OF THE CITY OF IRVINE
