Amending Title 5, Chapter 95 of the Minneapolis Code of Ordinances relating to Building Code: Projections and Encroachments.

The City Council of The City of Minneapolis do ordain as follows:

Section 1. That Section 95.10 of the above-entitled ordinance be amended to read as follows:

95.10. Permit required for encroachment; liability; expiration. No portion of a building or other structure, including but not limited to steam lines, conduits, lighting standards, areaways, retaining walls, parking bays, etc., but excluding signs, as stated in Chapter 109, shall for any length of time encroach upon or project into, upon, over or under any street or alley, right-of-way, park or other public property without a special permit having been issued by the city clerk, except as specifically stated in this code, and the owner of any structure any part of which encroaches on, into, upon, over or under any public property shall be liable to the city for any damage which may result to any person or property by reason of such encroachment or the removal of such encroachment whether or not such encroachment is specifically allowed by this Code.

Any permission hereunder granted and all rights of the permittee hereunder shall cease at any time that said encroachment shall be removed and such permission shall in no way be considered a relinquishment by the city of that portion of said public right-of-way, or be of any force or effect beyond the time herein provided. Additional conditions may be imposed on encroachment permits to protect the health, safety or welfare of the public or to protect nearby property owners from hardship or damage or to protect other public interests as determined by the director of public works or the appropriate elected official.

Section 2. That the Minneapolis Code of Ordinance be amended by adding thereto a new Chapter 95.25 to read as follows:

95.25. Enforcement. Failure to comply with the provisions of this chapter may result in permit cancellation, administrative fines, restrictions or penalties as provided in Chapters 2, 429 and 430 of this Code.
