**WHITESIDE COUNTY BOARD RESOLUTION**  
**In support of Whiteside County Agriculture**

**WHEREAS**, Illinois is home to more than 71,000 farms, 96% of which are family-owned and a third of which include livestock.

**WHEREAS**, Whiteside County accounts for 1,005 of those farms.

**WHEREAS**, those farm properties account for 335,899 acres.

**WHEREAS**, agriculture supports 2,599 jobs which accounts for an estimated 10 percent of total jobs in the county.

**WHEREAS**, agriculture and related industries generate total sales or output estimated at \$453 million.

**WHEREAS**, farm property provides 20 percent of taxable value, which provides services to residents.

**WHEREAS**, Illinois farmers support the food security of our citizens. The international pandemic displayed the importance of American food systems, processing and supply chain weaknesses.

**WHEREAS**, new livestock development accounts for additional jobs creating additional economic growth within the county.

**WHEREAS**, farmers are dedicated to caring for their animals in ways that also benefit the land. Using tools and technology to better manage soil nutrients, water runoff and air quality on the farm, farmers are using fewer natural resources and reducing their carbon footprint while producing more food.

**WHEREAS**, farmland is a finite resource that is vital to agriculture, food production, and the economic well-being of our county.

**WHEREAS**, farmers in Illinois face multiple layers of regulation involving state and federal agencies providing a comprehensive, robust regulatory program for all farms including those raising livestock.

**WHEREAS**, data and information from state regulatory agencies demonstrates environmental issues from agriculture are an extremely rare occurrence.

**WHEREAS**, the county recognizes the value agriculture contributes to our county and that the rural way of life is the backbone of our country. Efforts should be made to accommodate future success of the rural community.
