

**ORDINANCE NO. 766
CHAPTER 5, ANIMALS**

ORDINANCE AMENDMENT – CHAPTER 5, ANIMALS

The proposed amendment would establish a Feral/Stray Cat Trap-Neuter-Return ordinance to help deal with the overabundance of feral/stray cats in the City.

City Manager Donald D. Crawford noted that the office that will register cat colony care takers will be the Code Enforcement Office. He also noted that should Council adopt the proposed ordinance they will be presented with a resolution naming a cat care organization that will undertake the activities listed in the ordinance. Lastly, he expressed his support for the ordinance amendment saying it will help with the stray cat issue.

A public hearing was conducted to receive citizen comment regarding the proposed addition of Chapter 5, Animals, Article III, *Feral Cat Trap-Neuter-Return Program*.

The following people commented regarding the proposed amendment:

Elmer Walworth, 1344 West King Street, said that while he appreciated what Council was trying to do he felt that returning spayed/neutered cats to the place they were found will not solve the problem because they would still be around to get into garbage and defecate in people's flower beds.

An anonymous phone comment supporting efforts to manage stray cats in town was received via the Code Enforcement Office prior to the meeting.

There were no further citizen comments.

Councilperson Bailey addressed Mr. Walworth's concerns saying that while it seems counterintuitive to put the cats back where you found them research has clearly shown that a TNR (trap-neuter-release) program is an effective way reduce the number of stray cats.

Councilperson Bandkau said he had a lot of questions about the proposed ordinance saying he found certain sections to be very vague and he felt the overall ordinance was unenforceable. He said he thought that adoption of the proposed ordinance would only create loopholes for those that hoard animals.

Councilperson Greenway noted that cats that are being cared for are not usually the cats that get into people garbage and create problems. She said she has noticed a distinct difference in the stray cats in her neighborhood since they've been neutered.

City Attorney William C. Brown noted that he had reviewed the language and agreed that it was not perfect, but could be amended if necessary.

Councilperson Bailey noted that you cannot legislate kindness. She said there is always someone that will feed a stray animal. This ordinance seeks to provide the resources that people need to take care of stray cats.

Councilperson Fox said he was concerned that a registered care taker could cease caring for a colony and there may be no one else interested in taking responsibility for them. He said the idea sounded good on paper but there was no guarantee it would work in Owosso. He also expressed concern for potential health issues presented by allowing people to have cat colonies.

Mayor Frederick noted that the City already has existing colonies that are not cared for and their numbers are not being managed, he said that even if the ordinance was not a complete success it would mark a distinct improvement over what is going on now.

Councilperson Bailey noted that 83 local cats were spayed or neutered in May alone. She hopes to one day work Community Cats right out of business!

Whereas, the Council, after due and legal notice, has met and having heard all interested persons, motion by Councilperson Teich that the following ordinance be adopted:

ORDINANCE NO. 766

**AN ORDINANCE TO ADD TO THE CODE OF ORDINANCES
CHAPTER 5 ANIMALS ARTICLE IV-FERAL/STRAY CAT TRAP-NEUTER-RETURN**

WHEREAS, communities across the country (urban, suburban, rural) are faced with growing feral/stray cat populations; and

WHEREAS, a local law addressing community cats will reduce the population of free-roaming cats, positively affect potential disease and nuisance concerns, and improve the quality of life for the citizens of Owosso; and

WHEREAS, approaches like trap-and-euthanize have failed to solve the problem; and

WHEREAS an increasing number of communities are enacting local laws to regulate and support the practice of Trap-Neuter-Return (TNR) programs as a solution; and

WHEREAS, an ordinance authorizing TNR is needed due to other existing ordinances such as feeding bans, a maximum number of animals per household, requirements against cats being at large, etc. which effectively impede TNR efforts; and

WHEREAS, these provisions can make it difficult/impossible for caretakers, the individuals who manage colonies of cats, to do their work legally, making an ordinance allowing TNR and exempting caretakers from these other laws a prerequisite for the establishment of a community-wide TNR program; and

WHEREAS, it is in the community's best interest to identify colonies and their caretakers, and offer resources to care responsibly for the cats through TNR; and

WHEREAS, the goal is to establish reasonable standards for performing TNR by providing protections to caretakers who adhere to the ordinance's terms and conditions and by clearly defining the duties of all involved parties, including caretakers, animal welfare organizations, animal control agencies and the city; and

WHEREAS, it is in the best interest of the city of Owosso to protect the health, safety and welfare of residents through managed care of community cats by setting the following standards.
