

Ordinance 557

Peace and Good Order in the City of Eagle River

Chapter 54. Peace and Good Order

§ 53. Loud and unnecessary noise prohibited.

A. It shall be unlawful for any person to make, continue or cause to be made or continued any loud and unnecessary noise.

(1) **Types of loud and unnecessary noises.** The following acts are declared to be loud, disturbing and unnecessary noises in violation of this section, but this enumeration shall not be deemed to be exclusive:

(a) **Horns, signaling devices.** The sounding of any horn or signaling device on any automobile, motorcycle or other vehicle on any Street or public place in the City for longer than three seconds in any period of one minute or less, except as a danger warning; the, creation of any unreasonable loud or harsh sound by means of any signaling device and the sounding of any plainly audible device for an unnecessary and unreasonable period of time; the use of any signaling device except one operated by hand or electricity; the use of any horn, whistle or other device operated by engine exhaust and the use of any signaling device when traffic is for any reason held up.

(b) **Radios, phonographs, similar devices.** The using, operating or permitting to be played, used or operated any radio receiving; musical instrument, phonograph or other machine or device for the producing or reproducing of sound in a loud and unnecessary manner. The operation of any set, instrument, phonograph, machine or device between the hours of 10:00 p.m. and 7:00 a.m. in a manner as to be plainly audible at the property line of the building, structure or vehicle in which it is located shall be prima fade evidence of a violation of this section.

(c) **Loudspeakers, amplifiers for advertising.** The using, operating or permitting to be played, used or operated of any radio receiving set, musical instrument, phonograph, loudspeaker, sound amplifier or other machine or device for the producing or reproducing of sound which is cast upon the public streets for the purpose of commercial advertising or attracting attention of the public to any building or structure. Announcements over loudspeakers can only be made by the announcer in person and without the aid of any mechanical device.

(d) **Exhausts.** The-discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine or motor boat except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.

(e) **Construction or repair of buildings.** The erection (including excavation), demolition, alteration or repair of any building as well as the operation of any pile driver, steam shovel, pneumatic hammer; derrick, steam or electric hoist, or any other similar equipment attended by loud or unusual noise, other than between the hours of 6:00 a.m. and 9:00 p.m.; provided, however, the Chief of Police shall have the authority, upon determining that the loss of Inconvenience which would result to any party in interest would be extraordinary and of such nature as to warrant special consideration, to grant a permit for a period necessary within which time such work and operation may take place within the hours of 9:00 p.m. and 6:00 a.m.

(f) **Schools, courts, churches.** The creation of any excessive noise on any street adjacent to any school, institution of learning, church or court while in use, which unreasonably interferes with the normal operation of that institution, provided that conspicuous signs are displayed in those streets indicating a school or court.

(g) **The provisions of this section shall not apply to:**

1) Any vehicle of the City while engaged in necessary public business.

2) Excavations or repairs of streets or other public construction by or on behalf of the City, County or State at night when public welfare and convenience renders it impossible to perform such work during the day.

3) The reasonable use of amplifiers or loudspeakers in the course of public addresses which are noncommercial in nature.

(2) **Stationary noise limits.**

(a) **Maximum permissible sound levels.**

1) Noise from a stationary source, except as in sub (2)(b), shall not exceed 85db between the hours of 6:00AM and 9:00PM or 65db between the hours of 9:00PM and 6:00 AM levels measured at the property line.

2) Ambient noise is the all-encompassing noise associated with a given source, usually being a composite of sounds with many sources near and far, but excluding the noise source being measured. Ambient noise is a factor and the subject noise shall not exceed the-ambient noise by 5 db in any octave band to be designated excessive.

3) Pure tones and impulsive noises are factors. Five noise rating numbers shall be taken if the subject noise consists primarily of a pure tone or if it is impulsive in character.

(b) **Construction noise.** Construction equipment may be operated between the hours of 6:00 a.m. and 9:00 p.m., provided that said equipment does not exceed a maximum sound level of 95db measured at the property line of the location at which said equipment is in use unless prior approval by the Police Department is obtained.

(c) **Operation of certain equipment.** Lawnmowers, chainsaws, powered garden equipment, snow blowers, electric insect killing/repelling devices, and other nonconstruction maintenance equipment shall be operated only during the hours of 6:00 a:m and 9:00 p.m. unless within the specified noise levels measured at the property line of the location at which said equipment is in use.

(d) **Exemptions.** Operations of emergency equipment shall be exempt from this chapter. Snow blowers not operated on a commercial basis shall be exempt from this chapter when used to gain access to a City street. Emergency equipment shall include ambulance, police, fire, snow removal, civil defense sirens, etc. necessary for the health, safety, and protection of the citizens of the City.

(e) **Methods of measuring-noise.**

1) Noise levels shall be made with a sound level, or decibel, meter.

2) Noise measurement shall be made at the nearest lot line of the premises from which a noise complaint is received. The decibel meter shall be placed at a height of at least three feet above the ground and at least three feet away from walls, barriers, obstructions, and all other sound-reflective surfaces.

(f) **Appeals.** The City Council may grant an exemption to individuals proving evidence of substantial hardship. Evidence that reasonable technological attempts have been made to correct the problem shall be considered grounds for granting an exemption to this chapter for existing industries.

(3) Permits for amplifying devices.

(a) Permit required. The use of loudspeaker or amplifying devices emitting sound directed into a public space in the City of Eagle River is prohibited unless the party desiring to use such loudspeaker or amplifying device first obtains a permit from the Police Department.

(b) Permits for use of a loudspeaker or amplifying device after 10:00PM or before 6:00AM shall not be granted to anyone without prior approval of the City Council.

(c) The Police Department shall have the authority to revoke such a permit when the belief that the loudspeaker or amplifying device is becoming a nuisance because of the volume, method in which it is being used or the location in which it is being operated.

B. Operation of motor vehicles. No person shall operate a motor vehicle in the city so as to cause the tires thereof to squeal, the horn to blow excessively, the motor to race excessively or use engine braking systems.

Dated this 14th day of December, 2017.

JEFFREY A. HYSLOP, MAYOR

DEBRA A. BROWN, CLERK/TREASURER
