**Sewer Services Charges:**

82-98	Fee per disposal at Pollution Control Plant for direct dumping of raw sewage. See also § 82-810					
	Per 1,000 Gallons	\$ 60.00				3/28/2011
82-99	Industrial pretreatment fees for:	See § 82-709				
82-100	Sewer tap fees for Type 2 sewer connections	\$ 30.00				3/28/2011
82-101	One-time front footage charge for connection to public sewer (see below)					

- The charge shall be computed by assessing \$5.00 per lineal foot for each foot along the frontage of the real property to be serviced by connection to the City public sewer system, either directly or indirectly;
- As it applies to residential connections only, paragraph 1. front footage charge referred to above shall be a minimum of \$250.00 regardless of the front real property, and \$600.00 as a maximum charge regardless of the front footage of the real property. However, each lot exceeding 120 feet in width along the front footage which is or will be subdivided shall be subject to the same front footage charge for each subdivided lot;
- As it applies to commercial connections only, paragraph 1. front footage charge referred to above shall be assessed without a minimum or maximum charge and solely based on the lineal front footage.
- Notwithstanding any of the foregoing, there shall not be a front footage charge levied against sewer lines installed entirely or partially as a part of a sewer assessment district or against sewer lines constructed or being constructed by developers or builders in a platted subdivision; provided, however, that upon acceptance of sewer lines constructed by developers or builders as referred to herein the City public sewer system, any new connections shall be subject to the front footage charge.
- As it applies to residential connections only, paragraph 1., front footage charge referred to above shall be payable in full in advance of connection to the public sewer system. Provided, however, a residential customer may enter into an agreement with the City to pay out the front footage charge under the following terms and conditions:
  - The residential customer shall pay a minimum of 10% of the total front footage charge at the time of entering into the agreement.
  - Interest in the amount of 12%/yr shall be added to the unpaid balance; the interest to be calculated monthly;
  - The monthly payment may appear with the residential customer's water bill and shall be due and payable at the same time as the water service charge.
  - The agreement shall provide for monthly payments and total front footage charge in the event of default by the customer; and
  - There shall be an additional fee equal to 10% of the total front footage charge in the event of default by the customer. The front footage charge is in addition to any other tapping fees required by the city.
