SECTION 2

Nothing in this plan shall require the City of Fate to provide a uniform level of full municipal services to each area of the City, including annexed area, if different characteristics of topography, land use, and population density are considered a sufficient basis for providing different levels of service.

SECTION 3

This service plan shall be valid for a term of seven (7) years. Renewal of the service plan shall be at the discretion of the City Council.

SECTION 4

This service plan may be amended if the City Council determines at a public hearing that changed conditions or subsequent occurrences make this service plan unworkable or obsolete. The City Council may amend the service plan to conform to the changed conditions or subsequent occurrences pursuant to TEXAS LOCAL GOVERNMENT CODE, Section 43.056.

SECTION 5

If any annexed tracts of land are subdivided and/or further developed, then the developer(s) of such tracts shall be required to comply with the City's Subdivision Regulations.

The City requires that the developer(s) construct, at its (their) sole expense, all required valves, fire hydrants, lines, and capital improvements, etc., necessary to provide adequate water service, including adequate water pressure for fire service, within the new subdivision(s).

SECTION 6

Any improvements which may be placed, constructed or installed on any portion of a development shall conform to the minimum specifications as called for in the Building Code, the Fire Code, applicable engineering standards, and other City regulations, as to size, quality of materials, height, and strength of improvements. For the purpose of the foregoing, the following shall be considered improvements: water lines, fire hydrants, and sanitary sewer systems, or any similar improvement designed to ensure the health and safety of the public, residents, employees, or customers. In the event private drives or streets are constructed for the development of the property, they shall conform to the Fire Code, and applicable engineering standards for their construction, to assure that Fire Department vehicles may safely use them. Developers or landowners shall not permit occupancy and the City shall not issue occupancy permits for any buildings or portions thereof until such private improvements are fully completed to serve the developed area, including compliance with City regulations.

SECTION 7

Extension and provision of City services to the annexed area, and the construction, inspection and maintenance of all improvements necessary to provide such services shall be in accordance with standards contained in the City's subdivision regulations or engineering manuals, or other standard specifications, as may be amended, except as expressly provided herein to the contrary.

SECTION 8

In accordance with state law and the City's land development and subdivision ordinances and regulations, any division of the annexed area into two or more tracts or parcels for the purposes of sale will require the filing of a subdivision plat. Developers and landowners shall complete those portions of the public improvements which the City may require in order to ensure contiguity and proper service for the public improvements to the portion of the annexed property for which plat approval may be sought.
