The Mayor and City Manager are each authorized to decrease the aggregate principal amount of the Bond and/or change the payment dates and the amounts of any of the foregoing installments if determined by the Mayor or City Manager to be in the best interests of the Issuer; provided, however, that the final principal payment of the Bond shall be due and payable within forty (40) years of the date of issuance of the Bond.

The Bond is expected to be delivered to the Government as initial purchaser thereof in installments (the "delivery installments") and each delivery installment shall be noted on the registration grid set forth on the Bond. The delivery installments shall be deemed to correspond to the serial principal installments of the Bond in direct chronological order of said serial principal installments.

The serial principal installments of the Bond will each bear interest from the date of delivery of the corresponding delivery installment to the registered holder thereof as shown on the registration grid set forth on the Bond at the rate of not to exceed two and five-eighths percent (2.625%) per annum. Interest shall be payable on the first May 1 or November 1 following the date of delivery of said delivery installment, and semiannually thereafter on May 1 and November 1 of each year until maturity or earlier prepayment of said installment, or such other dates as may be determined by the Mayor or City Manager at the time the first delivery installment of the Bond is delivered to the Government. Acceptance of the interest rate on the Bond shall be made by execution of the Bond which so designates the rate specified by the Government and accepted in writing by the Issuer. The Bond shall be issued in fully-registered form and shall not be convertible or exchangeable into more than one fully-registered bond.

The Bond or installments thereof will be subject to prepayment prior to maturity on any date on or after the date that the first principal installment of the Bond is due, in the manner specified in the form of the Bond set forth in Section 9 of this Ordinance.

Section 6. Bond Registration and Transfer. The Transfer Agent shall keep or cause to be kept at its principal office sufficient books for the registration and transfer of the Bond, which shall at all times be open to inspection by the Issuer. The Transfer Agent shall transfer or cause to be transferred on said books the Bond if presented for transfer, as hereinafter provided and subject to such reasonable regulations as it may prescribe.

The Bond may be transferred upon the books required to be kept by the Transfer Agent pursuant to this Section, by the person in whose name it is registered, in person or

by his duly authorized attorney, upon surrender of the Bond for transfer, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent. Whenever the Bond shall be surrendered for transfer, the Transfer Agent shall record such transfer on the registration books and shall register such transfer on the registration grid attached to the Bond. At the time of such transfer the Transfer Agent shall note on the Bond the outstanding principal amount thereof at the time of such transfer. The Transfer Agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer. The Issuer shall not be required (i) to issue, register the transfer of, or exchange the Bond during a period beginning at the opening of business fifteen days before the day of the mailing of a notice of prepayment of the Bond or installments thereof selected for redemption and ending at the close of business on the day of that mailing, or (ii) to register the transfer of or exchange the Bond or portion thereof so selected for prepayment. In the event that the Bond is called for prepayment in part, the Transfer Agent, upon surrender of the Bond, shall note on the Bond called for prepayment in part the principal amount prepaid and shall return the Bond to the registered owner thereof together with the prepayment amount on the prepayment date.

The Treasurer of the Issuer is hereby appointed to act as Transfer Agent with respect to the Bond. If and at such time as the Bond is transferred to or held by any registered owner other than the Government, the Issuer by resolution may appoint a bank or trust company qualified under Michigan law to act as transfer agent and bond registrar with respect to the Bond, and the Issuer may thereafter appoint a successor Transfer Agent upon sixty (60) days' notice to the registered owner of the Bond.

Section 7. Payment of the Bond. Principal of and interest on the Bond shall be payable in lawful money of the United States of America by check or draft mailed by the Transfer Agent to the registered owner at the address of the registered owner as shown on the registration books of the Issuer kept by the Transfer Agent. If the Government shall no longer be the registered owner of the Bond, then the principal of and interest on the Bond shall be payable to the registered owner of record as of the fifteenth day of the month preceding the payment date by check or draft mailed to the registered owner at the registered address. Such date of determination of the registered owner for purposes of payment of principal or interest may be changed by the Issuer to conform to future market practice. The Treasurer of the Issuer is hereby authorized to execute an agreement with any successor Transfer Agent.

The Transfer Agent shall record on the registration books the payment by the Issuer of each installment of principal or interest or both on the Bond when made and the canceled checks or drafts representing such payments shall be returned to and retained by the Treasurer of the Issuer, which canceled checks or drafts shall be conclusive evidence of such payments and the obligation of the Issuer with respect to such payments shall be discharged to the extent of such payments.

Upon payment by the Issuer of all outstanding principal of and interest on the Bond, the registered owner thereof shall deliver the Bond to the Issuer for cancellation.

Section 8. Execution and Delivery of the Bond. The Bond shall be manually signed by the Mayor and countersigned by the City Clerk and shall have the corporate seal of the Issuer impressed thereon. After execution, the Bond shall be held by the Treasurer of the Issuer for delivery to the Government. Neither the Bond nor any installment thereof shall be valid until registered by the Treasurer of the Issuer or by another person designated in writing by the Treasurer to act as bond registrar, or upon transfer by the Government and thereafter, by an authorized representative of the Transfer Agent.

Section 9. Bond Form. The Bond shall be in substantially the following form, with such completions or other changes as are necessary to conform the Bond to the terms established at the time of sale of the Bond to the Government, as determined by the Mayor of the Issuer:

For prompt payment of principal and interest on this bond, the revenues of the System, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance thereof (the "Net Revenues"), are hereby irrevocably pledged and a statutory lien thereon is hereby recognized and created. The statutory lien herein created is of equal standing and priority of lien as to the Net Revenues with the Issuer's Water Supply System Revenue Bond, Series 2020 (Taxable) (the "Outstanding Bond") and any bonds issued of equal standing and priority of lien with the Outstanding Bond.

This bond is a single, fully-registered, non-convertible bond in the principal sum of \$4,030,000, issued pursuant to Ordinance No. 464 of the Issuer adopted on November 27, 2023 (the "Ordinance"), and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of acquiring and constructing improvements to the System, as described in the Ordinance. The principal of and interest on this bond is secured by the statutory first lien hereinbefore mentioned.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest upon and the principal of this bond and any Additional Bonds hereafter issued, as and when the same become due and payable, and to create a bond and interest redemption account (including a bond reserve account) therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Ordinance.

Principal installments of this bond are subject to prepayment prior to maturity, in inverse chronological order, at the Issuer's option, on any date on or after May 1, 2024, at par and accrued interest to the date fixed for prepayment.

Thirty days' notice of the call of any principal installments for prepayment shall be given by mail to the registered owner at the registered address. The principal installments so called for prepayment shall not bear interest after the date fixed for prepayment, provided funds are on hand to prepay said installments.

This bond shall be registered as to principal and interest on the books of the Issuer kept by the Treasurer of the Issuer or successor or written designee as bond registrar and transfer agent (the "Transfer Agent") and noted hereon, after which it shall be transferable only upon presentation to the Transfer Agent with a written transfer by the registered owner or his attorney in fact. Such transfer shall be noted hereon and upon the books of the Issuer kept for that purpose by the Transfer Agent.

Section 10. Security for Bond. The Bond and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, there is hereby created a statutory lien upon the whole of the Net Revenues of the System, which shall be a lien of equal standing and priority of lien as to the Net Revenues with the Outstanding Bond, to continue until payment in full of the principal of and interest on the Bond.

Section 11. Budget. Immediately upon the effective date of this Ordinance for the remainder of the current Fiscal Year, and thereafter prior to the beginning of each Fiscal Year, the Issuer shall prepare an annual budget for the System for the ensuing Fiscal Year itemized on the basis of monthly requirements. A copy of such budget shall be mailed to the Government without request from the Government for review prior to adoption (as long as the Government is the registered owner of the Bond).

Section 12. Custodian of Funds; Funds. The Treasurer of the Issuer shall be the custodian of all funds belonging to or associated with the System and such funds shall be deposited in the Depository Bank. The Treasurer of the Issuer shall execute a fidelity bond with a surety company in an amount at least equal to the minimum amount required by the Government.

The Treasurer of the Issuer has established, pursuant to the Outstanding Ordinance, a WATER SUPPLY SYSTEM FUND, with the following accounts, into which the proceeds of the

Bond and the Revenues from the System shall be deposited in the manner and at the times provided in this Ordinance and the Outstanding Ordinance, which accounts shall be maintained, except as otherwise provided, so long as the Bond herein authorized and the Outstanding Bond remain unpaid.

(A) **CONSTRUCTION ACCOUNT.** The proceeds of the Bond, and no other funds, shall be deposited with the Depository Bank in a separate deposit account to be designated the SERIES 2023 WATER SUPPLY SYSTEM CONSTRUCTION ACCOUNT (the “Construction Account”). Moneys in the Construction Account shall be transferred, expended and used only for the following purposes:

(1) To pay all legal, engineering, financial and other expenses incident to the acquisition and construction of the Project, and incident to the issuance, sale and delivery of the Bond; and

(2) To pay the costs of the acquisition, construction, furnishing and equipping of the Project, or to reimburse the Issuer for funds expended in connection with the foregoing.

Any unexpended balance of the proceeds of sale of the Bond remaining after completion of the Project herein authorized may in the discretion of the Issuer be used for further improvements, enlargements or extensions to the System, provided that at the time of such expenditure such use be approved by the Department of Treasury (if such approval is then required by law). Any remaining balance after such expenditures shall be paid into the Bond and Interest Redemption Account and used as soon as is practical for the prepayment of installments of the Bond.

After completion of the Project and disposition of remaining proceeds, if any, of the Bond pursuant to the provisions of this Section, the Construction Account shall be closed.

(B) **WATER SUPPLY SYSTEM RECEIVING ACCOUNT.** The Revenues of the System shall continue to be set aside in the WATER SUPPLY SYSTEM RECEIVING ACCOUNT (the “Receiving Account”), and moneys so deposited therein shall be transferred, expended and used only in the manner and order as follows:

(1) Operation and Maintenance Account. Revenues shall continue to be transferred each quarter of the Fiscal Year from the Receiving Account to the OPERATION AND MAINTENANCE ACCOUNT (the “Operation and Maintenance Account”), as provided in the Outstanding Ordinance, to pay the reasonable and necessary current expenses of administration and operating and maintaining the System for the ensuing quarter.

(2) Water Supply System Bond and Interest Redemption Account. There shall continue to be a separate deposit account to be held by the Depository Bank and designated as the WATER SUPPLY SYSTEM BOND AND INTEREST REDEMPTION ACCOUNT (the “Bond and Interest Redemption Account”). In addition to the transfers to the Bond and Interest Redemption Account required by the Outstanding Ordinance, after the transfer required in (1) above, Revenues shall be transferred each quarter of the Fiscal Year, commencing January 1, 2024, from the Receiving Account, before any other expenditures or transfer therefrom, and deposited

in the Bond and Interest Redemption Account for payment of principal of and interest on the Bond and to fund the Bond Reserve Account, in the amounts and at the times specified below.

Upon any delivery of an installment of the Bond, there shall be set aside at the time of delivery and on the first day of each quarter of the Fiscal Year thereafter to the next interest payment date an amount equal to that fraction of the amount of interest due on the next interest payment date on said installment so delivered, the numerator of which is 1 and the denominator of which is the number of full and partial Fiscal Year quarters from the date of said delivery to the next interest payment date. There also shall be set aside on the first day of each Fiscal Year quarter after the delivery of the first principal installment an amount not less than 1/2 of the amount of interest due on the next interest payment date on all outstanding installments of the Bond not delivered during the then current interest payment period.

Upon any delivery of a delivery installment of the Bond there shall be set aside at the time of such delivery and on the first day of the Fiscal Year quarter thereafter to the next principal payment date an amount equal to that fraction of the amount of principal due on the next principal payment date on said installment so delivered, the numerator of which is 1 and the denominator of which is the number of full and partial Fiscal Year quarters from the date of said delivery to the next principal payment date. There shall also be set aside each Fiscal Year quarter on or after the delivery of the first delivery installment, an amount not less than 1/4 of the amount of principal due on the next principal payment date. Except as hereinafter provided, no further deposits shall be made into the Bond and Interest Redemption Account (excluding the Bond Reserve Account) for the Bond once the aforesaid sums have been deposited therein. Any amount on deposit in the Bond and Interest Redemption Account (excluding the Bond Reserve Account) in excess of (a) the amount needed for payment of principal installments of the Bond for the then current principal payment period, plus (b) interest on the Bond for the then current interest payment period, shall be used by the Issuer for redemption of principal installments of the Bond or, in the alternative, shall be deposited in or credited to the Receiving Account.

If for any reason there is a failure to make such quarterly deposit in the amounts required, then the entire amount of the deficiency shall be set aside and deposited in the Bond and Interest Redemption Account out of the Revenues first received thereafter which are not required by this Ordinance to be deposited in the Operation and Maintenance Account or the Bond and Interest Redemption Account, which amount shall be in addition to the regular quarterly deposit required during such succeeding quarter or quarters.

There is hereby recognized in the Bond and Interest Redemption Account a separate account designated as the BOND RESERVE ACCOUNT (the "Bond Reserve Account"). In addition to the transfers to the Bond Reserve Account required by the Outstanding Ordinance, commencing on the first day of the Fiscal Year quarter after delivery of the first delivery installment of the Bond there shall be withdrawn from the Receiving Account on the first day of each Fiscal Year quarter and set aside in and transferred to the Bond Reserve Account, after provision has been made for the Operation and Maintenance Account and the current requirements of the Bond and Interest Redemption Account, the sum of at least \$4,100 per quarter (\$16,400 annually) until there is accumulated in such account the lesser of the sum of \$163,938 or the Reserve Amount for the Bond.

Except as hereinafter provided, no further deposits shall be made into the Bond Reserve Account pursuant to the requirements of this Ordinance once the lesser of the sum of \$163,938 or the Reserve Amount for the Bond has been deposited therein. The moneys in the Bond Reserve Account shall be used solely for the payment of the principal installments of and interest on the Bond as to which there would otherwise be default; provided, however, that in the event the amount on deposit in the Bond Reserve Account exceeds the amount then required to be on deposit therein pursuant to the requirements of this Ordinance, the moneys in excess of such requirements shall be used to pay principal installments of and interest on the Bond on the next payment date.

If at any time it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the Net Revenues first received thereafter which are not required by this Ordinance to be used for operation and maintenance or for current principal and interest requirements for the Bond.

No further payments need be made into the Bond and Interest Redemption Account for the Bond after enough of the principal installments of the Bond have been retired so that the amount then held in the Bond and Interest Redemption Account (including the Bond Reserve Account) is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the principal installments of the Bond then remaining outstanding.

The moneys in the Bond and Interest Redemption Account and the Bond Reserve Account shall be invested in accordance with Section 13 of this Ordinance, and profit realized or income earned on such investment shall be used or transferred as provided in Section 13 of this Ordinance.

(3) Repair, Replacement and Improvement Account. There is hereby continued a separate account designated REPAIR, REPLACEMENT AND IMPROVEMENT ACCOUNT (the "RRI Account"). The Issuer is currently obligated, pursuant to the Outstanding Ordinance, to deposit quarterly into the RRI Account an amount not less than \$3,250 (\$13,000 annually) in connection with the Outstanding Bond. After the transfers required in (1) and (2) above, and so long as any principal installments of the Outstanding Bond remain outstanding, Revenues shall continue to be transferred each Fiscal Year quarter from the Receiving Account and deposited in the RRI Account in an amount not less than \$3,250 (\$13,000 annually). Moneys in the RRI Account shall be used and disbursed only for the purpose of paying the cost of (a) repairing any damage to and emergency maintenance of the System, (b) repairing or replacing obsolete, deteriorating, deteriorated or worn out portions of the System, (c) acquiring and constructing extensions and improvements to the System and (d) when necessary, for the purpose of making payment of principal and interest on the Bond. If the amount in the Bond and Interest Redemption Account and the Bond Reserve Account is not sufficient to pay the principal of and interest on the Bond when due, the moneys in the RRI Account shall be transferred to the Bond and Interest Redemption Account and used for that purpose. Moneys in the RRI Account may be invested in accordance with Section 13 of this Ordinance.

(4) General Obligation Debt Account. After the transfers required in (1) and (2) above, and any transfers made pursuant to (3) above, Revenues may be transferred from the Receiving Fund to a General Obligation Debt Account established by the Issuer (the "G.O. Account") and utilized by the Issuer to pay debt service on presently existing or future general obligation bond

issues of the Issuer or general obligations or contractual obligations of the Issuer incurred or to be incurred for System purposes.

(5) Reverse Flow of Funds; Surplus Money. In the event the moneys in the Receiving Account are insufficient to provide for the current requirements of the Operation and Maintenance Account, the Bond and Interest Redemption Account (including the Bond Reserve Account) or the RRI Account, any moneys and/or securities in the accounts of the System described by this Ordinance shall be transferred, first, to the Operation and Maintenance Account, second, to the Bond and Interest Redemption Account, and third, to the RRI Account.

All moneys remaining in the Receiving Account at the end of any Fiscal Year after satisfying the above requirements for the deposit of moneys into the Operation and Maintenance Account, the Bond and Interest Redemption Account (including the Bond Reserve Account) and the RRI Account may be transferred to the Bond and Interest Redemption Account and used to call the Bond or portions thereof for redemption, or at the option of the Issuer, transferred to the G.O. Account or the RRI Account and used for the purpose for which such accounts were established; provided, however, that if there should be a deficit in the Operation and Maintenance Account, the Bond and Interest Redemption Account (including the Bond Reserve Account) or the RRI Account, on account of defaults in setting aside therein the amounts hereinbefore required, then transfers shall be made from such moneys remaining in the Receiving Account to such accounts in the priority and order named in this Section, to the extent of such deficits.

Section 13. Investments. Moneys in the funds and accounts established herein and moneys derived from the proceeds of sale of the Bond may be invested by the Issuer in the obligations and instruments permitted for investment by Section 24 of Act 94, as the same may be amended from time to time; provided, however, that as long as the Bond is held by the Government, then the investment may be limited to the obligations and instruments authorized by the Government. Investment of moneys in the Bond and Interest Redemption Account being accumulated for payment on the next maturing principal or interest payment on the Bond shall be limited to obligations and instruments bearing maturity dates prior to the date of the next maturing principal or interest payment on the Bond. Investment of moneys in the Bond Reserve Account shall be limited to direct obligations of the United States of America or obligations the timely payment of which are fully guaranteed by the United States of America and bearing maturity dates or subject to redemption, at the option of the holder thereof, not later than five (5) years from the date of the investment. In the event investments are made, any securities representing the same shall be kept on deposit with the Depository Bank. Interest income earned on investment of funds in the Receiving Account, the Operation and Maintenance Account and the Bond and Interest Redemption Account (except the Bond Reserve Account) shall be deposited in or credited to the Receiving Account. Interest income earned on the investment of funds in the Bond Reserve Account shall be deposited in the Bond and Interest Redemption Account.

Section 14. Rates and Charges. Rates and charges for the services of the System have been established by the Issuer in an amount sufficient to pay the costs of operating, maintaining and administering the System, to pay the principal of and interest on the Bond and Outstanding Bond and to meet the requirements for repair, replacement, reconstruction and improvement of the System and all other requirements provided herein, and otherwise comply with the covenants provided in the Outstanding Ordinance and herein. The Issuer hereby covenants and agrees to fix

and maintain at all times while the Bond shall be outstanding such rates for service furnished by the System as shall be sufficient to provide for the foregoing expenses, requirements and covenants, and to create a Bond and Interest Redemption Account (including a Bond Reserve Account) for the Bond. The rates and charges for all services and facilities rendered by the System shall be reasonable and just, taking into consideration the cost and value of the System and the cost of maintaining, repairing, and operating the same and the amounts necessary for the retirement of the Bond, and accruing interest on the Bond, and there shall be charged such rates and charges as shall be adequate to meet the requirements of this Section and Section 12 of this Ordinance.

Section 15. No Free Service. No free service shall be furnished by the System to any individual, firm or corporation, public or private or to any public agency or instrumentality.

Section 16. Covenants. The Issuer covenants and agrees, so long as the Bond herein authorized remains unpaid, as follows:

(a) It will comply with applicable laws and regulations of the State of Michigan and continually operate and maintain the System in good condition.

(b) (i) It will maintain complete books and records relating to the operation and financial affairs of the System. If the Government is the holder of the Bond, the Government shall have the right to inspect the System and the records, accounts, and data relating thereto at all reasonable times.

(ii) It will cause an annual audit of such books of record and account for the preceding Fiscal Year to be made each year by a recognized independent certified public accountant, and will cause such accountant to mail a copy of such audit to the Government, without request of the Government. Such audit shall be completed and so made available not later than one hundred eighty (180) days after the close of each Fiscal Year.

(c) It will maintain and carry, for the benefit of the holder of the Bond, insurance on all physical properties of the System, of the kinds and in the amounts normally carried by municipalities engaged in the operation of similar systems. The amount of said insurance shall be acceptable to the Government. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling principal installments of the Bond.

(d) It will not borrow any money from any source or enter into any contract or agreement or otherwise incur any other liabilities in connection with the System that may in any way be a lien upon the Revenues, without obtaining the prior written consent of the Government, nor shall it transfer or use any portion of the Revenues derived in the operation of the System for any purpose not herein specifically authorized.

(e) It will not voluntarily dispose of or transfer its title to the System or any part thereof, including lands and interest in land, sale, mortgage, lease or other encumbrances, without obtaining the prior written consent of the Government.

(f) Any extensions to or improvements of the System shall be made according to sound engineering principles, and plans and specifications shall be submitted to the Government for prior review.

Section 17. Additional Bonds. The Issuer may issue additional bonds payable from the Net Revenues of the System and secured by a statutory lien on the Net Revenues (the “Additional Bonds”), which shall be of equal standing and priority of lien as to the Net Revenues with the Bond, the Outstanding Bond and any Additional Bonds then outstanding, for the purposes and on the conditions set forth in the Outstanding Ordinance.

Section 18. Ordinance Shall Constitute Contract. The provisions of this Ordinance shall constitute a contract between the Issuer and the holder of the Bond. After the issuance of the Bond, this Ordinance shall not be repealed or amended in any respect that will adversely affect the rights and interests of the holder of the Bond without the consent of such holder, nor, except as specifically provided herein, shall the Issuer adopt any law, ordinance or resolution in any way adversely affecting the rights of the holder so long as the Bond or interest thereon remains unpaid.

Section 19. Refunding of Bond. If at any time it shall appear to the Government that the Issuer is able to refund upon call for redemption or with consent of the Government the then outstanding bond by obtaining a loan for such purposes from responsible cooperative or private credit sources at reasonable rates and terms for loans for similar purposes and periods of time, the Issuer will, upon request of the Government, apply for and accept such loan in sufficient amount to repay the Government, and will take all such actions as may be required in connection with such loans.

Section 20. Default of Issuer. The holder of the Bond may, by proper suit, action, mandamus or other proceeding, protect and enforce the statutory lien upon the Net Revenues of the System, and may, by proper suit, action, mandamus or other proceeding, enforce and compel performance of all duties of the officers of the Issuer, including the fixing of sufficient rates, the collection of Revenues, the proper segregation of the Revenues of the System and the proper application thereof. The statutory lien upon the Net Revenues, however, shall not be construed as to compel the sale of the System or any part thereof. If there shall be any default in the payment of the principal of or interest on the Bond, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the System on behalf of the Issuer, under the direction of the court, and by and with the approval of the court, to perform the duties of the officers of the Issuer more particularly set forth herein and in Act 94.

The Issuer hereby agrees to transfer to any bona fide receiver or other subsequent operator of the System, pursuant to any valid court order in a proceeding brought to enforce collection or payment of the Issuer’s obligations, all contracts and other rights of the Issuer, conditionally, for such time only as such receiver or operator shall operate by authority of the court.

Section 21. Ordinance Subject to Michigan Law and Government Regulations. The provisions of this Ordinance are subject to the laws of the State of Michigan and to the present and future regulations of the Government not inconsistent with the express provisions hereof and Michigan law.

Section 22. Fiscal Year of System. The fiscal year for operating the System shall be the Fiscal Year.

Section 23. Issuer Subject to Loan Resolution. So long as the Government is holder of the Bond, the Issuer shall be subject to the loan resolution (RUS Bulletin 1780-27) and shall comply with all provisions thereof.

Section 24. Covenant Not to Defeas. So long as the Government is the holder of the Bond, the Issuer covenants that it will not defeas the Bond or any portion thereof.

Section 25. Certain Determinations. The Mayor, City Manager and the City Clerk are each hereby individually authorized to adjust the final bond details set forth herein to the extent necessary or convenient to complete the transactions authorized herein, and in pursuance of the foregoing each is authorized to exercise the authority and make the determinations authorized pursuant to Section 7a(1)(c) of Act 94, including, but not limited to, determinations regarding interest rates, prices, discounts, maturities, principal amounts, denominations, dates of issuance, interest payment dates, redemption rights, the place of delivery and payment, and other matters necessary to effectuate the sale and issuance of the Bond authorized hereby, all within the parameters established by this Ordinance. The Mayor and the City Clerk are each hereby authorized to confirm the final terms and details of the Bond by execution of the Bond.

Section 26. Negotiated Sale to the Government. The Issuer has considered the option of selling the Bond through a competitive sale and a negotiated sale and determines to sell the Bond to the Government in a negotiated sale in order to obtain interest rates and other terms not generally available from conventional municipal bond market sources and for the opportunities provided by a negotiated sale to the Government to select and adjust the terms of the Bond, including the prepayment of the principal of the Bond at any time without premium.

The Mayor, City Manager and the City Clerk are each hereby authorized and directed to negotiate the sale of the Bond to the Government at an interest rate not to exceed two and five-eighths percent (2.625%) per annum. The sale of the Bond to the Government at an interest rate of not to exceed two and five-eighths percent (2.625%) per annum and at the par value thereof is hereby approved. The Treasurer of the Issuer is hereby authorized to deliver the Bond in accordance with the delivery instructions of the Government.

Section 27. Authorization of Other Actions. The Mayor, City Clerk, City Treasurer, City Manager and Finance Director of the Issuer are each authorized and directed to execute and deliver all other agreements, documents and certificates and to take all other actions necessary to complete the issuance and delivery of the Bond in accordance with this Ordinance.

Section 28. Conflict and Severability. All ordinances, resolutions and orders or parts thereof in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed, and each section of this Ordinance and each subdivision of any section hereof is hereby declared to be independent, and the finding or holding of any section or subdivision thereof to be invalid or void shall not be deemed or held to affect the validity of any other section or subdivision of this Ordinance.

Section 29. Paragraph Headings. The paragraph headings in this Ordinance are furnished for convenience of reference only and shall not be considered to be a part of this Ordinance.

Section 30. Publication and Recordation. This Ordinance shall be published in full in a newspaper of general circulation in the Issuer qualified under State law to publish legal notices promptly after its adoption, and the same shall be recorded in the Ordinance Book of the Issuer and such recording authenticated by the signatures of the Mayor and the City Clerk.

Section 31. Effective Date. This Ordinance is hereby determined by the City Council to be immediately necessary for the preservation of the peace, health and safety of the Issuer and shall be in full force and effect from and after its passage and publication as required by law.
