29	29 <u>CHAPTER 5 SEWERAGE TREATMENT REQUIRED</u>			
30	<u>SEC. 3-501</u>			
31	Every sewerage system whose discharge is			
32	Act, as amended, or any rules and regulations effective or promulgated under authority of said Act shall			
33	be in compliance with applicable law, and shall comply with any order or directive issued by the LA DEQ			
34	or DH&H.			
35	SEC. 3-502 Definitions			
36	The following words, terms, and phrases, when used in this Article, shall have the meanings ascribed to			
37	them in this Chapter, except where the context clearly indicates a different meaning:			
38	1. "Applicable law" means the pertinent and	d appropriate provisions of the Sta	ate Sanitary Code, other	
39	applicable Town of Abita Springs ordinances, or state and local regulations which pertain to sewerage			
10				
40 41	systems located, or to be located within the Tow	'n.		

42 2. "Community sewerage system" means any sanitary sewerage system, also known as a sanitary
43 sewage treatment works, which is owned, operated, and/or maintained by a political entity or private

47 promulgated under the authority of the Act. 48 49 3. Town of Abita Springs means the Building Inspector or other designee of the Mayor to perform the 50 tasks and duties required by this Part. 51 "DEQ" means the Louisiana Department of Environmental Quality, Office of Water Resources or 4. 52 its successor. 53 54 "DH&H" means the Louisiana Department of Health and Hospitals, Office of Public Health or its 5. 55 successor. 56 57 "Individual on-site sewage disposal system" means any or all of the various components, including 6 58 piping and pumping and treatment facilities, comprising a system designed for the collection and/or 59 treatment and/or disposal of sanitary sewage. An on-site sewage disposal system may be owned, 60 operated, and/or maintained by a political entity or private person. 61 7. "Owner" or "Owners" means any person or persons who alone or jointly or severally with others has: 62 1) Legal title to any premises, facilities or equipment affected by this Section; and/or 63 Actual physical control of any premises, facilities or equipment affected by this Section 2) 64 pursuant to the operation of the law, or an agreement, expressed or implied from the circumstances, with the owner or owners. 65 66 67 8. "Political entity" means any agency, board, commission, department or political subdivision of the State of Louisiana, or of the governing authority of the Town of Abita Springs, or any agent thereof. 68 69 70 9. "Premises" means any structure or dwelling of any construction whatsoever in which a person may 71 live, work or congregate. 72 73 "Private person" means any individual, group of individuals, firm, corporation, association, 10. 74 partnership, private entity or other legal entity, or any agent thereof. 75 76 11. "Responsible person" means the operator or operators of an on-site sewage disposal system, the 77 owners or owners of an on-site sewage disposal system, the owner or owners of the property on which an 78 on-site sewage disposal system is located, or any or all of them. 79 80 12. "Sanitary Sewage" means human, domestic, or acceptable industrial waste, except refuse, including liquid from residences, businesses, buildings, industrial establishments or other places, together with such 81 82 ground water, surface water, storm water, and other wastes as may be present. 83 84 "Sewerage system" means any or all of the various components, including piping and pumping and 13. 85 treatment facilities, comprising a system designed for the collection and/or treatment and/or disposal of 86 sanitary sewage. A sewerage system may be owned, operated, and/or maintained by a political entity or 87 private person.

person. A community sewerage system serves multiple connections and includes any individual, public,

profit, nonprofit, or not-for-profit sewerage system whose effluent discharge is subject to the provisions of the Louisiana Environmental Quality Act, as amended, or any Rules and Regulations effective or

44

45

46

14. "State Sanitary Code" means the rules and regulations which pertain to sewage disposal; including,
but not limited to those rules and regulations applicable to the collection, treatment, or disposal of sewage;
and which have been adopted by the LA Department of Health and Hospitals State Health Officer in
accordance with Title 51 of the Louisiana Administrative Code.

92

### 93 SEC. 3-503 Adoption of State Sanitary Code

The Town of Abita Springs hereby adopts for implementation and enforcement Chapter 5 of Part XIII
of Title 51 of the Louisiana Administrative Code, as it may be amended, less and except Section 511,
Paragraph B(1).

### 97 SEC. 3-504 Community Sewerage System Required

A. Municpal sewerage shall be provided in subdivisions comprised of 15 lots or more. This requirement
 shall apply to all new subdivision developments.

100 The use of individual sewerage systems in lieu of a municipal sewerage service may be authorized and 101 will be considered under the following circumstances:

In subdivisions comprised of less than 15 lots with a minimum lot size of two acres or greater and a minimum frontage of 125 feet, when the developer submits a comprehensive drainage plan, as well as a proposal for restrictive covenants which detail requirements for perpetual maintenance of drainage. Whenever the average lot size of a proposed subdivision is greater than five acres, the Town of Abita Springs may waive the requirement for a community sewerage system upon demonstration by the developer that the implementation of such provisions would prove to be a manifestly unreasonable financial hardship.

#### 109 SEC. 3-505 Authority of the Town of Abita Springs

110 The Town of Abita Springs, in order to monitor the operation of any individual, public, profit, nonprofit, 111 or not-for-profit sewerage system located in the Town of Abita Springs, may enter upon the premises of 112 any such sewerage system at a reasonable time and in a reasonable manner for the purpose of inspecting 113 any such sewerage system in order to determine that the operation of the sewerage system is conducted in 114 accordance or compliance with applicable law. The responsible person for the property upon which the 115 inspection is conducted, by reason of his/her/its operation of the sewerage system to be inspected, 116 implicitly consents to the entrance of the said authorized employee or agent upon the property, and same 117 shall not be deemed a trespass.

#### 118 SEC. 3-506 Required Facilities; Connection to Sewerage System

119 A. All new or existing premises, public or private, where people live, work, or congregate shall be 120 provided with approved toilet facilities, including hand washing facilities. Such plumbing facilities shall 121 be properly connected to a municipal sewerage system, whenever available, or to an individual on-site 122 sewage disposal system which is specifically approved for the premises by the State Health Officer or his 123 duly authorized representative after determining that the installation and operation of an individual on-site 124 sewage disposal system will not create a nuisance or public health hazard. It shall be the duty of the owner, 125 manager or agent of any occupied premises, public or private, where people live, work or congregate to 126 provide the premises with an approved method of sewage disposal in compliance with the requirements 127 of this Article.

B. (1) Whenever the Town of Abita Springs determines that any building or structure to be constructed is in proximity to the sewage collection or treatment facility of a qualified community sewerage system, said building or structure shall be required to connect thereto. When a qualified community sewerage system is available, and there is an approved public water supply with adequate water capacity, all plumbing fixtures within any building or structure shall be connected to such approved public water supply and community sewerage system.

(2) For the purposes of this Section, a "qualified community sewerage system" is a community
sewerage system: 1) which has the actual and/or anticipated capacity which will be required to realize the
peak sewage demand of the subject building or structure, and 2) the operation and maintenance of which
in accordance and compliance with all regulatory requirements; all as determined by the Town of Abita
Springs.

(3) The Town of Abita Springs, at the time of its consideration of the issuance of the building permit for the subject building or structure, may waive the requirement in Subsection B(1) upon the showing by the applicant that the implementation of the provisions of said Subsection would prove to be a manifestly unreasonable financial hardship. In no event, however, shall a Certificate of Occupancy be issued or shall any other such final action on the subject building permit occur unless and until an individual on-site sewage disposal system has been specifically approved for the premises by the State Health Officer, or his duly authorized representative.

146 C. (1) Prior to the issuance of a sewerage system inspection permit for any non-residential mobile home, 147 permanent building or structure, the Town of Abita Springs shall inspect the premises to determine if the 148 plumbing fixtures are properly connected to a permitted individual on-site sewage disposal system. The 149 Town of Abita Springs shall inspect individual on-site sewage disposal systems to determine that said 150 systems are not causing an apparent health or environmental problem

prior to the issuance of any sewerage system inspection permit for the connection or transfer of electrical power service. In no event, however, shall a sewerage system inspection permit be issued or shall any other such final action occur unless and until an individual on-site sewage disposal system has been specifically approved for the premises by the State Health Officer or his duly authorized representative.

(2) Prior to the issuance of a sewerage system inspection permit for any residential mobile home, permanent building or structure, the Town of Abita Springs shall inspect the premises to determine if the plumbing fixtures are properly connected to an individual on-site sewage disposal system. The Town of Abita Springs shall inspect individual on-site sewage disposal systems to determine that said systems are not causing an apparent health or environmental problem prior to the issuance of any sewerage system inspection permit for the connection or transfer of electrical power service.

#### 161 SEC.3-507 Manner of Inspection

162 The Town of Abita Springs shall be authorized to inspect every sewerage system located in the Town of 163 Abita Springs. In conducting an inspection of a sewerage system, the Town of Abita Springs shall conform 164 to the relevant and appropriate practices and procedures of the DEQ and the DH&H as such practices and 165 procedures relate respectively to the inspection of said sewerage systems.

#### 166 SEC.3-508 Sewerage System Permit

167 A. No sewerage system shall be used or placed in operation without approval in the form of a sewerage 168 system permit issued by the State Health Officer or his duly authorized representative. A new sewerage

- 169 system permit shall be required upon the initial installation of an individual on-site sewage disposal
- 170 system. Each time the occupancy, connection or transfer of electrical power service changes, an inspection
- 171 of the individual on-site sewage disposal system and the issuance of a sewerage system inspection permit
- by the Town of Abita Springs shall be required.
- 173 B. The landlord, owner, manager or agent, may acquire for the period of two years on rental property,
- 174 an approved sewerage system permit. It shall be the duty of any of the aforementioned persons to obtain, 175 make available and provide such approved sewerage system permit to the renter of the property. It shall 176 also be the responsibility of any of the aforementioned persons to obtain renewal of such approved
- 177 sewerage system permit every two years thereafter.
  - 178 <u>SEC. 3-509 Sewerage system inspection permit prerequisite for permanent utility service</u>
  - A. No electrical power utility company licensed to do or doing business in the Town of Abita Springs
    shall install or connect permanent electrical service to any mobile home or permanent building or structure
    until a sewerage system inspection permit has been issued. No electrical power utility company licensed
    to do or doing business in the Town of Abita Springs shall install or connect temporary electrical service
    to any mobile home or permanent building or structure unless a work authorization has been issued by the
    Town of Abita Springs.
  - 185

B. If an electrical service connection is made absent any authorization by the Town of Abita Springs,
the Town of Abita Springs may provide written notification to the appropriate electrical power utility
company to terminate electrical service. The electrical power company shall provide for termination of
unauthorized electrical service within 48 hours of receiving notification from the Town of Abita Springs.
If no or insufficient action is taken after proper notification, the Town of Abita Springs shall take any and
all steps which it is empowered to take pursuant to the Town of Abita Springs Code of Ordinances in order
to require compliance with this Article.

#### 193 SEC. 3-510 Apartment complexes, mobile home parks

A. All persons who own or operate apartment complexes of four or more units and mobile home parks
with four or more units shall be required to obtain a sewerage system permit from the State Health Officer
or his duly authorized representative verifying that the sewage treatment plant associated with the complex
or mobile home park is an approved system and in compliance with all applicable provisions of the State
Sanitary Code.

B. All owners or operators of complexes or mobile home parks as defined in this Section shall apply tothe Town of Abita Springs for a sewerage system permit.

C. The owner or operator of complexes or mobile home parks may acquire for the period of two years on rental property, an approved sewerage system permit. It shall be the duty of any of the aforementioned persons to obtain, make available and provide such approved sewerage system permit to the renter of the property. It shall also be the responsibility of any of the aforementioned persons to obtain renewal of such approved sewerage system permit every two years thereafter.

206

#### 207 SEC. 3-511 Sewerage System Inspection Permit Fee

In order to defray the costs associated with the inspection on-site sewage disposal systems serving all new or existing buildings or structures, shall be assessed in an amount to be established by Resolution of the

- 210 Abita Springs Board of Aldermen, sewerage system inspection permit fee is hereby assessed for the
- 211 issuance of each sewerage system inspection permit. Such sewerage system inspection permit fee shall be
- in addition to any other applicable fee collected by the Town of Abita Springs.
- 213

#### 214 <u>SEC. 3-512 Violations – Complaints regarding violations</u>

215 Whenever a violation of this chapter occurs or is alleged to have occurred, any person may file a written

216 complaint. Such complaint stating fully the causes and basis thereof shall be filed with the Clerk of the

217 Town of Abita Springs. The clerk shall record properly such complaint, immediately investigate and

218 take action thereon as provided in this chapter.

# 219 <u>SEC. 3-513 - Penalties for violations.</u>

Violations of the provisions of this chapter of failure to comply with any of its requirements shall be provided ninety (90) days to become compliant and to cure any order of violation. After the Ninety (90) days have expired and the violator is not compliant the Town may disconnect the services for water and/or issue a misdemeanor summons and upon conviction thereof the violator shall be fined not less than \$100.00 nor more than \$300.00 or imprisoned for not more than 30 days or both, and in addition thereto shall pay all costs and expenses involved in the case, however, the maximum of aggregated fines are not to exceed \$1,000.00. Each day, such violation continues shall be considered as a separate offense.

## 227 <u>Sec. 3-514. - Enforcement.</u>

228 This chapter shall be enforced by the Mayor, Town of Abita Springs, or by their designee.

## 229 <u>Sec. 3-515. - Special exceptions.</u>

230 If conditions exist where hardship ensues by applying minimum requirements as established by the 231 Louisiana Department of Health and Human Resources, the Mayor or the Board of Alderman of the 232 Town of Abita Springs may request additional information on the proposed use of the property by requesting necessary studies by an independent consultant or institute at the expense of the applicant or 233 234 legal property owner. If it is determined that a hardship does exist by applying the minimum 235 requirements as approved by the Louisiana Department of Health and Human Resources, the Mayor 236 with the approval of the Board of Aldermen may grant a variance from the requirements of this 237 ordinance as carried out by whatever means they deem necessary.

238

And the amendment was declared adopted this, 20<sup>th</sup> day of December, 2016. This ordinance becomes
 effective March 1, 2017.
