**WHEREAS**, in response to these warnings, the City Commission has secured information indicating that this threat is presented in the form of retail products sold or distributed as a mixture of dried vegetation that when covered or mixed with certain specific chemicals, produces the physiological and psychological effects of a controlled substance such as marijuana; and

**WHEREAS**, such substances are competently reported to cause hallucinations, vomiting, agitation, panic attacks, tachycardia, elevated blood pressure, pallor, numbness and tingling, disorientation, loss of time awareness and, in some cases, tremors and seizures as documented by the National Drug Intelligence Center of the United States Department of Justice in EWS Report 000006 issued May 18, 2010; and

**WHEREAS**, the medical evidence and treatment response and documentation of these symptoms and events have been confirmed by Doctor Anthony J. Scalzo, the Medical Director of the State of Missouri Poison Control Center in a special newsletter alert to the medical community generated as Volume 4, Issue 1, 2010; and

**WHEREAS**, the substances identified above are considered to be generally described as synthetic cannabinoids or salvia divinorum distributed, sold and marketed under such names as “K-2”, “K-2 SUMMIT”, “K-2 SEX”, “GENIE”, “DASCENTS”, “ZOHAI”, “SAGE”, “SPICE”, “KO KNOCK-OUT 2”, “SPICE GOLD”, “SPICE DIAMOND”, “YUCATAN FIRE”, “SOLAR FLARE”, “PEP SPICE”, “FIRE N’ ICE”, AND “SALVIA DIVINORUM”; and

**WHEREAS**, the substances identified above have not yet been designated as controlled substances under the laws of the State of Texas or under the laws of the United States; and

**WHEREAS**, the synthetic cannabinoids substances identified above may be presented under a variety of street names but share common ingredients including JWH-018 and JWH-073; and

**WHEREAS**, salvia divinorum contains the ingredient known as Salvinorin A; and

**WHEREAS**, the substances identified above manifest all of the demonstrated attributes of substances that deprive individuals of judgment, coordination and the ability to conduct themselves in a safe and appropriate manner in modern society; and

**WHEREAS**, the available medical and law enforcement information on these products indicates that individuals under the effects of these substances may be a clear and present danger to themselves and others; and

**WHEREAS**, information is available to the City Commission documenting that these substances are available for sale or distribution to individuals below the age of twenty-one (21) who lack the life experience and maturity to make informed judgments about whether the use or possession of such substances will negatively impact their ability to function in a safe and appropriate manner; and

**WHEREAS**, Texas law has long recognized the need to limit the access to intoxicating substances such as alcoholic beverages and to prevent those individuals below a general age benchmark of maturity from acquiring or using those products in order to protect the minors from the risk of a harm that they cannot effectively evaluate; and

**WHEREAS**, it is anticipated that the Texas Legislature will consider appropriate regulation of these type of commodities in its upcoming legislative session but that it is essential for the municipality to impose some type of reasonable restriction on these products until a state wide regulatory system may be properly implemented; and

**WHEREAS**, the risk posed by these substances creates a danger to the public health and safety that must be immediately addressed by the adoption of a local ordinance to protect the interests of the citizens of Kingsville, Texas;
