12-1	Plan review fees
	(a) \$2.00 for each \$1,000 dollar valuation of construction cost or major fraction thereof with the exception of occupancy type Groups R3, Group U and accessory structures (carports, boat sheds, gazebos, swimming pools, fences, and similar structures). Plan review fees for these structures shall be charged at the rate of ½ of the required permit fees.
	(b) Example: A new 2 story building is to be a Group R1 occupancy of type VB construction. The 1 st floor is 12,000 sq. ft. and the 2 nd floor is 10,000 sq. ft.
	The current estimated construction cost per sq. ft. is \$88.25 per the most recently published Building Valuation Data.
	1. Figure the total sq. footage 12,000 +10,000 = 22,000 sq. ft.
	Total sq. footage = 22,000
	2. Multiply total sq. footage by the square foot construction costs (determined by the Building Valuation Data table)
	22,000 X \$88.25 = \$1,985,625
	Total estimated construction cost = \$1,985,625
	3. Divide total construction cost by 1,000 and multiply times \$2.00
	\$1,985,625 / 1,000 = \$1,985 (rounded down)
	\$1,985 x 2.00 = \$ 3,970.00
	Plan review fee = \$3,970.
	(c) Plan review fees for commercial build outs and remodels will be based on \$2.00 per \$1,000.00 valuation with the building valuation determined as required per the adopted International Building Code.
	(d) Plan review fees for all fire protective systems will be charged at the rate of ½ the permit

	fee with the exception of NFPA 13 and 13R sprinkler systems. Fees for sprinkler systems will be based on the number of heads per the following table:

	201—300	\$500.00
	301—400	\$650.00

	Over 500	\$750 plus .50 per head
	For hydraulically designed systems, multiply the fee by 2

The average usage rate computed during these months shall apply notwithstanding any change in residence. During March of each year, the wastewater user rates shall be recomputed for each residential customer.

Note— New residences: New residences or residences which have no water usage history, shall be charged based upon actual usage at a rate of ~~\$14.00~~ **\$15.50** for the first 2,000 gallons and \$4.90 per thousand in excess of 2,000 gallons until an average can be computed based upon the formula in subsection (a) of this section.

Note— Variations: The director of finance or his designee is authorized to establish a wastewater user rate for a newly constructed residence or a residence with a change in occupancy or to make necessary adjustments in the event of a water leak upon request by the customer.

Note— The director of finance or his designee is also authorized to modify an individual's rate if application of the winter average would result in an unusual burden on the customer because their usage is relatively constant. At the request of the customer, they may be placed on a volume rate of ~~\$4.90~~ **\$5.29** per 1,000 gallons in excess of 2,000 gallons, based upon actual volumes each month.

Note— Mobile home parks and apartment complexes with one meter per multiple units shall be considered commercial.

Note— For residential customers located outside the city limits the rates for discharging normal wastewater into the sanitary sewer system shall be 1½ times the rate for customers inside the city limits.

Note— The average of all samples taken during the month that exceed 250 ppm shall be used to determine the BOD and TSS used in the following formula:

Surcharge equals

Total usage (\$2.56 [BOD-250])

1,000 gal.

and/or

(\$2.34 [TSS-250])

1,000 gal.

Note— *Low pressure sewer system (LPSS).*

(1) The minimum monthly charge for each residential customer with LPSS within the city limits shall be ~~\$14.00~~ **\$15.50** for the first 2,000 gallons or fraction thereof plus ~~\$4.90~~ **\$5.29** per thousand gallons of water used in excess of 2,000 gallons.

(2) There will be a ~~\$10.00~~ \$15.00 monthly maintenance fee to all LPSS customers.

(3) For residential customers located outside the city limits the rates for discharging normal wastewater into the sanitary sewer system shall be 1½ times the rate for customers inside the city limits.
