

ORDINANCE 2022-06 (A-21-33)

AN ORDINANCE TO AMEND CHAPTER 5, BUILDING AND BUILDING REGULATIONS, AND CHAPTER 23, THE ZONING ORDINANCE, TO REQUIRE NATIVE TREE AND PLANT SPECIES TO BE USED AS PART OF DEVELOPMENT AND REDEVELOPMENT ACTIVITIES

WHEREAS: The Mayor and Council of the City of Doraville (“Council”) are charged with the protection of the public health, safety, and welfare of the citizens of the City of Doraville; and

WHEREAS: Native plants enhance the beauty of the landscape, promote biodiversity, support pollinators and wildlife, and protect local ecosystems and environmental health; and

WHEREAS: Native plants and landscaping also minimize maintenance costs by reducing the need for mowing, fertilizer, and herbicides; and

WHEREAS: The Council agrees that Doraville should lead the way by, as much as possible, encouraging the use of native tree and plant species; and

WHEREAS: A duly noticed public hearing was held;

NOW THEREFORE, the Mayor and Council of the City of Doraville, Georgia hereby ordain:

Section 1: That Sec. 5-277 shall be amended to read as follows:

(b) Appendix B—Tree Species Selection List ~~Overstory Trees.~~

See Chapter 5, Article XII for a list of permitted and prohibited tree species.

1.— Acer floridanum	Florida Maple or Southern
2.— Acer rubrum	Red Maple
3.— Acer saccharum	Sugar Maple
4.— Betula nigra	River Birch
5.— Carya species	Hickories, Pecans
6.— Castanea mollissima	Chinese Chestnut
7.— Celtis occidentalis	Hackberry
8.— Cercidiphyllum japonicum	Katsura Tree
9.— Cladrastis lutea	American Yellowwood
10.— Cryptomeria Japonica	Cryptomeria
11.— Cunninghamia lanceolata	Common Chinafir

**STATE OF GEORGIA
DEKALB COUNTY
CITY OF DORAVILLE**

1. <i>Acer floridanum</i>	Florida Maple or Southern
12. <i>Cupressocyparis leylandii</i>	Leyland Cypress
13. <i>Fagus grandifolia</i>	American Beech
14. <i>Fraxinus Americana</i>	White Ash
15. <i>Fraxinus pennsylvanica</i>	Green Ash
16. <i>Ginkgo biloba</i>	Ginkgo
17. <i>Halesia Carolina</i>	Carolina Silverbell
18. <i>Ilex Opaca</i>	American Holly
19. <i>Juniperus virginiana</i>	Eastern Red Cedar
20. <i>Liquidambar styraciflua</i>	Sweetgum
21. <i>Liriodendron tulipifera</i>	Yellow Poplar, Tulip Poplar
22. <i>Magnolia grandiflora</i>	Southern Magnolia
23. <i>Metasequoia glyptostroboides</i>	Dawn Redwood
24. <i>Nyssa sylvatica</i>	Black Gum, Black Tupelo
25. <i>Pinus elliottii</i>	Slash Pine
26. <i>Pinus taeda</i>	Loblolly Pine
27. <i>Pinus strobes</i>	White Pine
28. <i>Pinus virginiana</i>	Virginia Pine
29. <i>Platanus occidentalis</i>	Sycamore
30. <i>Quercus species</i>	Oaks, except Live Oaks
31. <i>Robinia psuedoacacia</i>	Black locust
32. <i>Sophora japonica</i>	Japanese Pagodatree
33. <i>Taxodium disticum</i>	Bald Cypress
34. <i>Ulmus parvifolia</i>	True Chinese Elm
35. <i>Zelkova serrata</i>	Japanese Zelkova

**STATE OF GEORGIA

CITY OF DORAVILLE**

Understory Trees

1. <i>Acer buergerianum</i>	Trident Maple
2. <i>Amelanchier arborea</i>	Serviceberry
3. <i>Carpinus caroliniana</i>	American Hornbeam
4. <i>Chionanthus virginicus</i>	Eastern Redbud
5. <i>Cornus species</i>	Fringe Tree, Grancy Graybeard
6. <i>Cornus species</i>	Dogwoods
7. <i>Cotinus obovatus</i>	American Smoketree
8. <i>Crataegus phaenopyrum</i>	Washington Hawthorne
9. <i>Hamamelis virginiana</i>	Witch Hazel
10. <i>Ilex species</i>	Holly
<u>11.</u> <i>Llicium floridanum</i>	Florida Anise tree
12. <i>Koelreuteria paniculata</i>	Golden Raintree
13. <i>Lagerstroemia species</i>	Crapemyrtle species
14. <i>Magnolia stellata</i>	Star Magnolia
15. <i>Malus species</i>	Flowering Crabapple
16. <i>Myrica cerifera</i>	Waxmyrtle
17. <i>Ostrya Virginia</i>	Ironwood
18. <i>Oxydendrum aboreum</i>	Sourwood
19. <i>Ptachia chinensis</i>	Chinese Pistache
20. <i>Prunus serrulata</i>	Japanese Flowering Cherry
21. <i>Prunus x yedoensis</i>	Yoshino Cherry
22. <i>Sassafras albidum</i>	Sassafras

Section 2: That Chapter 5, Article XI shall be amended to read as follows:

~~Secs. 5-295—5-320. Reserved.~~

Section 3: That Article XII shall be added to Chapter 5 of the Code of Ordinances, and shall read as follows:

ARTICLE XII. – LANDSCAPING AND PLANTING STANDARDS

Sec. 5-295. – Purpose and applicability.

(a) *Purpose.* The purpose of this section is to:

- (1) Encourage the conservation of natural resources through the use of native plants and maintenance techniques as recommended by the American National Standards Institute (A300).
- (2) Preserve and/or replace non-native trees and vegetation as part of the land development and building construction process.
- (3) Improve the appearance of all land uses in ways that improve and enhance the health of the natural environment;
- (4) Maintain permeable land areas essential to stormwater management and groundwater recharge;
- (5) Promote energy conservation through the creation of shade, thereby reducing heat retention in or on buildings or paved areas;
- (6) Protecting canopy and specimen trees as defined in this article.

(b) *Applicability.* This section shall apply to all land development and construction activities taking place in all zoning districts, with the exception of Special Districts as defined elsewhere in the Code of Ordinances.

Sec. 5-296. – Definitions.

For the purpose of this section, certain words and terms used herein shall be defined and shall have their customary dictionary definition.

Native species means any species, including trees, bushes, shrubs, grasses, and other plant material that is indigenous to that ecosystem, and whose introduction or reintroduction is not likely to cause environmental harm.

Invasive species means any species, including its seeds, spores or other biological material capable of propagating that species, that is not native to that ecosystem; and whose introduction does or is likely to cause environmental harm. Political boundaries are not used when determining a species nativity. Instead a species is defined as being exotic when it is not native to a particular ecosystem, making it possible to have a species that is native to parts of Georgia, but considered invasive in others.

Sec. 5-297. – Native trees and plants required.

- (a) Unless otherwise authorized by the City Council or Director of Planning and Community Development, native species shall be required for all landscaping and tree planting activities performed as part of land development or construction activities. See Sec. 5-298 for a list of all permitted native species.

(b) Native plant and tree species shall be required in any/all of the following scenarios:

- (1) When a Land Disturbance Permit (LDP) is required; or
- (2) When a landscape plan or tree protection plan is required; or
- (3) Whenever street trees are required to be planted or replaced; or
- (4) As otherwise required by the Council or Director of Planning and Community Development.

(c) This section is not applicable to trees or other vegetation planted on single or two-family properties outside of the scenarios outlined in Sec. 5-297(b).

Sec. 5-298. – Permitted native species.

(a) The list of species identified in subsection (c) and (d) below shall be permitted to be planted within the City limits of Doraville as part of any development or redevelopment activity. For tree species, those marked under the column “Street Tree” shall be permissible for planting as street trees.

(b) Additional native or non-native species may be proposed for planting. Applicants desiring to use species not listed must provide in writing to the Director of Planning and Community Development of Planning and Community Development and the City Arborist reasoning why it may be appropriate to use unlisted native or non-native species.

(c) Table of Permitted Native Tree Species

Scientific Name	Common Name	Street Tree
<i>Acer barbatum</i>	Southern Sugar Maple	X
<i>Acer rubrum</i>	Red Maple	X
<i>Acer saccharum</i>	Sugar Maple	X
<i>Aesculus flava</i>	Yellow Buckeye

<i>Ulmus americana</i>	American Elm	X

(d) Table of Permitted Native Plant Species

Scientific Name	Common Name
<i>Aesculus parviflora</i>	Bottlebrush Buckeye
<i>Aesculus sylvatica</i>	Painted Buckeye
<i>Aralia spinosa</i>	Devil's Walkingstick
<i>Bignonia capreolata</i>	Crossvine
<i>Callicarpa americana</i>	American Beautyberry
<i>Calycanthus floridus</i>	Sweetshrub
<i>Campsis radicans</i>	Trumpet creeper
<i>Cephalanthus occidentalis</i>	Button Bush
<i>Clinopodium carolinianum</i>	Georgia Calamint
<i>Clinopodium georgianum</i>	Georgia Basil
<i>Crataegus spathulata</i>	Littlehip Hawthorn
<i>Euonymus americanus</i>	Strawberry-Bush
<i>Fothergilla gardenii</i>	Dwarf Fothergilla
<i>Gelsemium sempervirens</i>	Carolina Yellow Jessamine
<i>Hamamelis virginiana</i>	Common Witchhazel
<i>Hydrangea quercifolia</i>	Oakleaf Hydrangea
<i>Ilex glabra</i>	Inkberry
<i>Itea virginica</i>	Virginia Sweetspire
<i>Leucothoe fontanesiana</i>	Drooping Leucothoe
<i>Lonicera sempervirens</i>	Trumpet Honeysuckle
<i>Muhlenbergia capillaris</i>	Pink Muhlygrass
<i>Panicum virgatum</i>	Switchgrass
<i>Phlox subulata</i>	Moss Phlox
<i>Rhododendron</i>	Native Azalea Cultivars
<i>Rhus copallina</i>	Winged Sumac
<i>Symplocos tinctoria</i>	Horse-Sugar
<i>Vaccinium stamineum</i>	Deerberry
<i>Vaccinium virgatum</i>	Rabbiteye Blueberry
<i>Viburnum acerifolium</i>	Mapleleaf Viburnum
<i>Viburnum dentatum</i>	Arrowwood Viburnum
<i>Viburnum prunifolium</i>	Blackhaw Viburnum
<i>Viburnum rufidulum</i>	Rusty Blackhaw

<i>Wisteria frutescens</i>	American Wisteria
<i>Xanthorhiza simplicissima</i>	Yellow-Root

Sec. 5-299. – Prohibited non-native invasive species.

(a) The following species shall be prohibited from being planted within the City limits of Doraville as part of any development or redevelopment activity. Further, in any instance of construction or development where it is discovered that there is existing growth of any of these species, they shall be removed and/or replaced with an equivalent and appropriate native vegetation, as applicable.

(b) Table of Prohibited Non-Native Invasive Species

Scientific Name	Common Name
<i>Ailanthus altissima</i>	Tree of Heaven
<i>Albizia julibrissin</i>	Mimosa
<i>Alternanthera philoxeroides</i>	Alligator Weed
<i>Berberis thunbergii</i>	Japanese Barberry
<i>Broussonetia papyrifera</i>	Paper Mulberry
<i>Clematis ternifolia</i>	Sweet Autumn Clematis
<i>Eichhornia crassipes</i>	Water Hyacinth
<i>Elaeagnus pungens</i>	Thorny Olive
<i>Elaeagnus umbellata</i>	Autumn Olive
<i>Euonymus alatus</i>	Winged Euonymus (Burning Bush)
<i>Euonymus fortunei</i>	Wintercreeper
<i>Fallopia japonica</i>	Japanese Knotweed
<i>Hedera helix</i>	English Ivy
<i>Hydrilla verticillata</i>	Hydrilla
<i>Imperata cylindrical</i>	Congon Grass
<i>Koelreuteria paniculata</i>	Golden Rain Tree
<i>Lespedeza bicolor</i>	Shrubby Lespedeza
<i>Lespedeza cuneata</i>	Sericea Lespedeza
<i>Ligustrum japonicum</i>	Japanese Privet
<i>Ligustrum sinense</i>	Chinese Privet
<i>Lonicera japonica</i>	Japanese Honeysuckle
<i>Lonicera maackii</i>	Amur Honeysuckle
<i>Lygodium japonicum</i>	Japanese Climbing Fern
<i>Mahonia bealei</i>	Leatherleaf Mahonia
<i>Melia azerdarach</i>	Chinaberry
<i>Microstegium vimineum</i>	Nepalese Browntop
<i>Miscanthus sinensis</i>	Chinese Silvergrass
<i>Morus alba</i>	White Mulberry
<i>Murdannia keisak</i>	Marsh Dayflower

<i>Vinca major</i>	Big Periwinkle
<i>Vinca minor</i>	Common Periwinkle
<i>Wisteria floribunda</i>	Japanese Wisteria
<i>Wisteria sinensis</i>	Chinese Wisteria

Section 4: That Sec. 23-1104 of the Zoning Ordinance shall be amended to read as follows:

Sec. 23-1104. – Buffer composition and maintenance.

In those instances where the natural vegetation and topography are sufficient to achieve the desired level of screening as determined by the City Council, a planted buffer shall be provided and shall consist of plant material of such growth characteristics as will provide an acoustical and visual screen. ~~The following plants are approved for use as part of the screening buffer:~~ Refer to Sec. 5-298 and 5-299 for a full list of permitted and prohibited tree and plant species.

(1) Trees	Yaupon Holly
	American Holly
	Eastern Red Cedar
	Laurel Cherry
	Arizona Cypress Redbay
	Virginia Pine
(2) Shrubs	Cleyera

STATE OF GEORGIA
 DEKALB COUNTY
 CITY OF DORAVILLE

	Euonymus
	Japanese Privet
	California Privet
	European Privet
	Southern Waxmyrtle
	Northern Bayberry
	Pittosporum
	Japan Yew
	Red Tip
(3) Ground Cover	Short Juniper
	Periwinkle
	Lippia
	Evergreen Candyturf
<p>Other evergreen plant materials having the same growth characteristics as the aforementioned may be substituted, subject to approval by the City Council prior to installation.</p>	
<p>The planted buffer installed as required by this article shall be guaranteed for the duration of the incompatible land use, or until such use changes to a compatible type. Necessary trimming and maintenance shall be performed to maintain the health of the plant materials, to provide an aesthetically pleasing appearance, and to assure that the buffer serves the purpose for which it was intended.</p>	

Section 5: That Sec. 23-2050 of the Livable Community Code shall be amended to read as follows:

Sec. 23-2050. - LANDSCAPE STANDARDS

(a) General to Zones T3, T4, T5, T6, and Special Districts:

- (1) Permitted tree species and caliper within the Private Frontage shall be as established in ~~Sec. 5-298 Table 12A: Landscaping Trees~~. ~~Street trees~~ Trees in the Private Frontage shall also comply with the following:
 - i. No more than 33 percent of the trees shall be the same species, and
 - ii. At least 70 percent of the trees shall be overstory trees.
- (2) The non-native invasive species identified in ~~Sec. 5-299 Table 12B: Landscaping Invasive Species~~ are prohibited from outdoor planting, but not sale or indoor planting.
- (3) The property owner is responsible for maintaining all required landscaping in good health and condition. Any dead, unhealthy, damaged or missing landscaping and screening shall be replaced with landscaping that conforms to this code within 90 days, or within 180 days where weather concerns would jeopardize the health of plant materials.

Section 6: That Tables 12A and 12B of the Livable Community Code shall be deleted:

TABLE 12A: ~~Landscaping Trees~~

~~This table shows permitted tree and shrub species within the Public and the Private Frontages. All plant materials shall be equal to or surpass specifications as defined in the current issue of "American Standards for Nursery Stock," published by the American Association of Nurserymen, Inc. All overstory trees shall have a minimum caliper of 3 inches measured 18 inches above ground.~~
