

ORDINANCE NO. 563

AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, CALIFORNIA, AMENDING CHAPTER 12.20, ENTITLED "SPECIAL SPEED LIMITS" OF TITLE 12 OF THE TOWN OF APPLE VALLEY MUNICIPAL CODE

WHEREAS, the California Vehicle Code, including, but not limited to, sections 22357 and 22358, authorizes local authorities to increase or decrease local speed limits upon the basis of conducting an engineering and traffic survey; and

WHEREAS, State regulations require that local authorities review changes in local speed limits on a periodic basis to determine if the speed limits require updating; and

WHEREAS, the Town currently regulates speed limits in the Town of Apple Valley pursuant to State law under Chapter 12.20 of the Apple Valley Municipal Code; and

WHEREAS, the Town has determined that forty-seven segments currently included in section 12.20.020 of the Town of Apple Valley Municipal Code require updating, maintaining the current speed limit for thirty-four of the segments; and decreasing the speed limit for thirteen segments; and

WHEREAS, five segments not previously included in section 12.20.020 require a new speed limit; and

WHEREAS, the desire to ensure the orderly movement of traffic in a reasonable and safe manner through appropriate speed limits requires the Council to take action.

NOW, THEREFORE, the Town Council of the Town of Apple Valley, California, does ordain as follows:

Section 1. Chapter 12.20 entitled "SPECIAL SPEED LIMITS" of Title 12 of the Town of Apple Valley Municipal Code is hereby amended to read in its entirety as follows:

"Chapter 12.20 - SPECIAL SPEED LIMITS

12.20.010 Basis of Change or Determination

The prima facie speed limit declared for each street or portion thereof designated in section 12.20.020 is a speed limit which is either an increase from the prima facie speed limit or a decrease from the maximum speed limit otherwise applicable to such street or portion thereof pursuant to Chapter 7 of Division 11 of the Vehicle Code of the State (commencing at section 22348 thereof). The increase or decrease has been determined upon the basis of an engineering and traffic survey. For each street or portion thereof upon which an increase in the prima facie speed limit (otherwise applicable) has been declared, a determination has been made that the increased declared prima facie speed

limit is the most appropriate to facilitate the orderly movement of traffic and is reasonable and safe.

For each street or portion thereof upon which a decrease from the maximum speed limit (otherwise applicable) has been made and a lower speed limit declared as the prima facie speed limit, a determination has been made that the maximum speed limit (otherwise applicable) is more than is reasonable or safe, and that the declared prima facie speed limit is most appropriate to facilitate the orderly movement of traffic and is reasonable and safe.

12.20.020 Changes in State Law Speed Limits

The prima facie speed limit declared in this section for each street or portion of a street designated shall be effective from and after the posting of appropriate signs giving notice thereof. The names of the streets upon which special prima facie speed limits are hereby declared, the portion of such streets affected by the declaration, and the declared prima facie speed limits therefor is as follows:
