A notice of abatement lien may be recorded against the real property subject to this abatement proceeding, setting forth the date upon which abatement of the nuisance was ordered either by notice issued by the City Fire Chief or by the City Council after a hearing, the date the abatement was complete and the amount of abatement costs. Furthermore, the notice shall identify the parcel address, the record owner, the possessor of the property, if known and applicable, together with the last known address of the record owner or possessor.
