- A. Gaming Revenue Distribution. Revenues distributed from gaming enterprise revenues will be distributed, except as provided in subsection B of this section, as follows:
1. Up to the first fifteen (15) percent as determined by the Squaxin Island Tribal Council will be set aside for distribution to eligible tribal members as per capita payments.
 2. The remainder at a minimum of eighty-five (85) percent will be apportioned with the following formula:
 - a. Fifteen (15) percent of the revenue will be deposited into interest bearing account(s) to create a long-term account from which the interest income can be utilized for tribal needs. The account will be managed based on the prudent investment standard and managed by the Tribal Finance Department.
 - b. Fifteen (15) percent of the revenue will be used for the purchase of land that is not directly related to programmatic or enterprise needs. The Tribal Council may apportion such revenues between the on-Island and off-Island sub-accounts; provided, such monies shall be apportioned so as to ensure that the on-Island sub-account maintains a balance of, and is replenished as necessary to maintain a balance of, no less than five hundred thousand dollars (\$500,000.00). Off-Island properties would include purchases in the "Kamilche corridor," habitat conservation areas, and culturally sensitive sites. These properties could be managed properties with rents applied back to the fund or allowed to remain as purchased.
 - c. Thirty-five (35) percent of the revenue will be used for government projects and programs. An approximate equal proportion of funds will be for projects and programs. Allocations for these expenditures will be developed by the budget process for adoption by the Tribal Council on an annual basis.
 - d. Thirty-five (35) percent of the revenue will be used for economic development administered by Island Enterprises, Inc. (IEI). Expenditures for economic development will require Tribal Council approval through an annual operating plan developed by IEI.
- B. Upon to one million dollars (\$1,000,000.00) per year in net gaming revenues distributed from gaming enterprises shall be exempt from the allocation herein with up to five hundred thousand dollars (\$500,000.00) distributed as per capita payments and the remainder distributed for special projects and programs and unbudgeted expenditures in Section 2.36.090(D)(2), in amounts determined by the Tribal Council.

 2. Profits will be distributed by the following formula beginning in FY2006:

- a. Each economic venture will establish and maintain a retained earnings balance before further distributions occur. This will generally be set at six months operating expenses, special retained earnings may be set aside for specific purposes, such as expansion.
 - b. Fifteen (15) percent as determined will be distributed to eligible senior tribal members as per capita payments.
 - c. Fifteen (15) percent of the revenue will be deposited into interest bearing account(s) to create a long-term account from which the interest income can be utilized for tribal needs. The account will be managed based on the prudent investment standard and managed by the Tribal Finance Department.

Per capita payments not made by reason of this subsection shall instead be used to fund government projects and programs.
- E. Any per capita payment authorized under this chapter, other than those payments made pursuant to Section 2.36.095(C)(a), may be offset by amounts owed to the Tribe or its enterprises. The process and procedure for such offset shall be as follows:

 3. The department or enterprise shall file with the Squaxin Island Tribe Finance Department (Finance Department) a certified statement indicating the Tribal member whose per capita offset is being sought, and the dollar amount of such offset. The certified statement shall be filed a minimum of fifteen (15) days prior to any regularly scheduled per capita payment date. A copy of the certified statement shall be served on the Tribal member by sending such certified statement both regular and certified mail to the last known mailing address of the Tribal member, as kept by the Squaxin Island Enrollment Officer.
 4. The Finance Department shall honor any timely filed per capita offset request made by a department or enterprise. For each regularly scheduled per capita payment date, no more than fifty (50) percent, of the per capita payment a Tribal member may be entitled to shall be offset, and/or withheld, and paid to the party requesting the offset. The fifty (50) percent offset shall be after the withholding of any taxes, where appropriate, and such offsets shall continue until such time as the total amount due and owing the department or enterprise is paid in full.

F. Per-Capita payments uncollectable due to death of recipient. The recipient of any of the per-capita payments available under this chapter may nominate, in a writing in such form as maybe prescribed by the Tribe and/or Island Enterprises Inc., the person who shall receive any per-capita that is uncollectible due to the death of the recipient. The beneficiary designated may be altered at any time by the recipient through the use of such form as the Tribe and/or IEI shall provide. Any per-capita distributed under this section shall be considered a non-probate asset under Title 8.
