AGENDA SUBJECT: Resolution C-108-14 Resolution Creating a Salary Relationship between Island County Elected Officials and Superior Court Judge and Revising Island County Code Ch. 2.02
BACKGROUND/SUMMARY: (include prior BOCC discussion & action, if applicable) Work Session <u>Nov. 12 2014</u> The County has not increased the salaries of its elected officials since 2009. According to the Municipal Research Services Corporation, the Consumer Price Index for the Seattle-Tacoma-Bremerton area increased annually by 1.3% in 2010, by 2.9% in 2011, by 2.3% in 2012 and by 2.5% in 2013 amounting to a greater than 9% cumulative increase from 2009 to 2013. The resolution proposes a two percent (2%) increase in the salaries of County elected officials above their 2009 salaries, to be effective on January 1, 2015. The proposed resolution creates an ongoing proportional salary relationship between County elected officials and the Superior Court Judges, whose salaries are periodically reviewed and set by the independent and publicly accountable Washington Citizens Commission on Salary. The salaries of Island County District 1 and District 2 Commissioners will not be increased during their current terms of office.
FISCAL IMPACT/FUNDING SOURCE: A contingency amount (\$13,000) was included in the 2015 Current Expense Fund Budget to fund this increase.

ISLAND COUNTY CODE CHAPTER 2.02)

RESOLUTION C-108-14

WHEREAS, The Island County Board of Commissioners has the responsibility of setting salaries for the Board of Commissioners and other Island County Elected Officials; and

WHEREAS, Superior Court Judges' Salaries are set by the Washington Citizens Commission on Salaries for Elected Officials; and

WHEREAS, In 2008 the Washington State Legislature recognized the dual role of the Prosecutor as both a State Officer and County Officer; and therefore increased the State's contribution to the Prosecutor's salary to one-half of a Superior Court Judge's salary and required the County to continue to contribute to the salary no less than the County's contribution to the Prosecutor's salary in 2008; and

WHEREAS, A significant portion of the County Government enterprise involves enforcing State laws and delivering State services, and in so doing, County elected officials are *de facto* officers of the State for purposes of determining their compensation; and

WHEREAS, The Board of County Commissioners recognizes the importance of "attracting citizens of the highest quality to public service by establishing appropriate salaries for the elected official's positions basing salaries on realistic standards; and pay the elected officials according to the duties of their office" as stated by the Washington Citizens Commission on Salaries for Elected Officials; and

WHEREAS, The County has not increased the salaries of its elected officials since 2009; and

WHEREAS, according to the Municipal Research Services Corporation, the Consumer Price Index for the Seattle-Tacoma-Bremerton area increased annually by 1.3% in 2010, by 2.9% in 2011, by 2.3% in 2012 and by 2.5% in 2013 amounting to a greater than 9% cumulative increase from 2009 to 2013; and

WHEREAS, the Board of County Commissioners finds that a two percent (2%) increase in the salaries of County elected officials above their 2009 salaries, to be effective on January 1, 2015, is clearly warranted and does not affect the sustainability of the County budget; and

WHEREAS, The Board of County Commissioners desires to create an ongoing proportional salary relationship between County elected officials and the Superior Court Judges, whose salaries are periodically reviewed and set by the independent and publicly accountable Washington Citizens Commission on Salaries for Elected Officials; and

WHEREAS, the Island County District 1 and District 2 Commissioners cannot increase their own salaries during their current terms of office; NOW, THEREFORE,

I

Res. C-108-14
