8.66.055 - Procedure for Other Significant Tree Removals.

For any significant tree removal not subject to Section 8.66.050, a permit will be required from the City Arborist. In all cases, the City Arborist shall keep a record of the type and size of tree removed, the reason for the removal, photographs of the tree documenting the reason for removal, the date, the contractor(s) involved, and the name and address of the property owner. No such permits will be issued until February 28, 2021 or sooner by further amendment to this section, except for emergency circumstances, significant utility infrastructure projects undertaken pursuant to State or Federal regulations or programs, for City park projects, or where a tree poses significant negative impact to an adjacent existing structure, or for dead or dangerous trees, or where a lot is of such density with existing trees that the removal of certain significant trees is considered beneficial to the health of the tree canopy. Any tree removed in violation of this section, prior to February 28, 2021, shall require a payment into the tree replacement fund as per Section 8.66.070 according to a schedule as follows: Ten percent (10%) of the replacement value for property owners who qualify for the City of Cambridge residential real property tax exemption, no fee for property owners that receive established forms of financial assistance, and the full replacement cost in all other circumstances. The value to be paid into the tree replacement fund shall be equivalent to the cost of purchasing, planting, watering and maintaining said Replacement Trees for a period of not less than five years.
