

ORDINANCE NO. 2021-027

AN ORDINANCE AMENDING TITLES 3, 4 AND 13 OF THE CASTLE ROCK MUNICIPAL CODE BY CHANGING STORMWATER DEVELOPMENT IMPACT FEES, WATER RESOURCES SYSTEM DEVELOPMENT FEES, WATER SYSTEM DEVELOPMENT FEES, WASTEWATER SYSTEM DEVELOPMENT FEES, WATER RESOURCES, STORMWATER AND WASTEWATER RATES, METER SET FEES; MAKING CERTAIN EDITORIAL UPDATES TO SUCH TITLES; AND PROVIDING FOR THE EMERGENCY ADOPTION OF THIS ORDINANCE ON SECOND AND FINAL READING

WHEREAS, in 2010, the Town Council of the Town of Castle Rock, Colorado (the “Town”) directed staff to prepare and present annual updates to Castle Rock Water rates and fees; and

WHEREAS, the Town Council has considered and accepted Castle Rock Water’s analyses and recommendations and the following reports prepared by Stantec Consulting Services, Inc.: (i) the 2021 Castle Rock Water Rates and Fees Study Update – Vol. 1 of 2: 2022–2026 Rates Final Report dated September 2021; and (ii) 2021 Castle Rock Water Rates and Fees Study Update – Vol. 2 of 2: System Development Fees Final Report dated September 2021; and

WHEREAS, increases in the actual rate of growth for the last five years over projected growth rates, changes to estimates on long-term build out of the Town, disruptions to the renewable water rights market based on increased water scarcity, increases in inflation and construction costs for water infrastructure, requirements to issue debt to smooth future water rate increases, updates to long-term capital plans to support growth, and increases in the costs for water rights and meters all substantiate the changes that are being proposed to the Water System Development Fees, Water Resources System Development Fees, Wastewater System Development Fees, Stormwater Development Impact Fees, Water Resources, Stormwater and Wastewater Rates, and Meter Set Fees; and

WHEREAS, such cost increases and retirement of certain debt substantiate changes to the Water Resources, Stormwater, and Wastewater rates, as well as updates to capital plans to support the Town’s long term renewable water plan; and

WHEREAS, to ensure that the updates set forth in this Ordinance take effect on January 1, 2022, thereby providing Castle Rock Water with a full year of revenues at the increased system development fees, increased water resources and stormwater rates and fees and decreased wastewater rates and fees to provide the revenues needed to meet the short- and long-term needs of the rapid growth and complete the needed capital projects anticipated in the Town’s 2022 fiscal year budget and Castle Rock Water’s long-term capital plan, the Town Council hereby finds and determines that an emergency exists and, as such, it is necessary for the preservation of the immediate public health and safety for this Ordinance to take effect upon its adoption.
