Title

SUBSTITUTE - Creating Section 28.069 to create the Regional Mixed Use (RMX) District and amending portions of Madison General Ordinances 28.021, 28.061, 28.062, 28.141, 28.151, 28.182 to add relevant provisions related to the newly created RMX District.

Body

DRAFTER'S ANALYSIS: This ordinance creates a new zoning district, the Regional Mixed Use (RMX) District. This district is intended to provide opportunities for high-intensity mixed-use

centers supporting a variety of multifamily housing options and commercial activities that serve the needs of the region. These areas typically include large-scale sites supportive of multistory buildings and should be the most intensively developed areas in the city outside of the downtown. Staff believes this district will fill a gap not covered by the other mixed-use and commercial districts. As part of creating the RMX district, this ordinance also amends various existing provisions of the Zoning Code to add regulations pertaining to the RMX, including, importantly, determining what uses are allowed in the district either as permitted or conditional uses. The Planning Division and Zoning Administrator will provide a thorough explanation of the planning and zoning policy related implications of this new district.

This Substitute was necessary to make changes to the ordinance suggested during the Legislative Process, as summarized in the Zoning Administrator's Report related to this Substitute.

The Common Council of the City of Madison do hereby ordain as follows:

DRAFTER'S ANALYSIS: This ordinance creates a new zoning district, the Regional Mixed Use (RMX) District. This district is intended to provide opportunities for high-intensity mixed-use centers supporting a variety of multifamily housing options and commercial activities that serve the needs of the region. These areas typically include large-scale sites supportive of multistory buildings and should be the most intensively developed areas in the city outside of the downtown. Staff believes this district will fill a gap not covered by the other mixed-use and commercial districts. As part of creating the RMX district, this ordinance also amends various existing provisions of the Zoning Code to add regulations pertaining to the RMX, including, importantly, determining what uses are allowed in the district either as permitted or conditional uses. The Planning Division and Zoning Administrator will provide a thorough explanation of the planning and zoning policy related implications of this new district.

This Substitute was necessary to make changes to the ordinance suggested during the Legislative Process, as summarized in the Zoning Administrator's Report related to this Substitute.

3. Section 28.069 entitled "Regional Mixed-Use (RMX) District" of Subchapter 28D entitled "Mixed-Use and Commercial Districts" of the Madison General Ordinances is amended by creating therein the following:

"(1) Statement of Purpose.

This district is intended to provide opportunities for high-intensity mixed-use centers supporting a variety of multifamily housing options and commercial activities that serve the needs of the region. These areas typically include large-scale sites supportive of multistory buildings and should be the most intensively developed areas in the city outside of the downtown.

(2) Permitted and Conditional Uses.

See Table 28D-2 for a complete list of allowed uses within the downtown and urban districts.

(3) Dimensional Standards.

Standards represent minimums unless otherwise noted. Dimensions are in feet unless otherwise noted.

<u>Regional Mixed-Use District</u>	
<u>Front Yard Setback</u>	<u>See (a) below</u>
<u>Side yard setback: Where buildings abut residentially-zoned lots at side lot line</u>	<u>Minimum side yard required in the adjacent residential district</u>
<u>Side yard setback: Where proposed buildings or abutting buildings have window openings in side wall(s) within 6 feet of lot line</u>	<u>One-story: 5 Two-story or higher: 6 Lot width <40: 10% lot width</u>

<u>Side yard setback: other cases (i.e., infill between party wall storefront buildings)</u>	<u>none unless needed for access</u>
<u>Rear yard setback</u>	<u>The lesser of 20% of lot depth or 20 feet</u>
<u>Rear yard setback: For corner lots, where all abutting property is in a nonresidential zoning district</u>	<u>The required rear yard setback shall be the same as the required side yard setback</u>
<u>Maximum lot coverage</u>	<u>90%</u>
<u>Minimum height</u>	<u>2 Stories</u>
<u>Maximum height</u>	<u>5 stories/78 feet</u> <u>See (c) below</u>
<u>Usable open space</u>	<u>None</u>
<u>Lot area (for exclusive residential use)</u>	<u>None</u>

- (a) Front Yard Setback. The following setbacks shall apply to zoning lots with one principal building. When more than one principal building is developed on a zoning lot, additional buildings shall be exempt from the front yard setback requirement if approved and constructed concurrently with or after a building or buildings that comply with the front yard setback requirements below and occupy 30% of each street frontage on the zoning lot. Front yard setbacks on the zoning map may also be designated as a specific location (build-to-line) or as a range.

1. A minimum of fifty percent (50%) of the street-facing building wall shall be set back no more than twenty-five (25) feet.

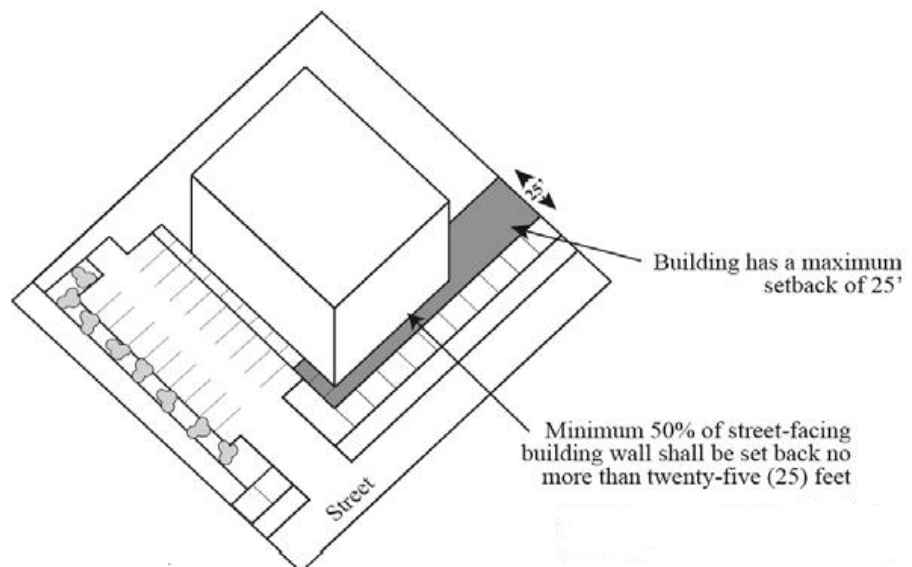

Figure D16: Maximum Setback Illustration

- (b) Rear or Side Yard Height Transition to Residential Districts. Where the RMX District abuts a residential district at the rear or side lot line, building height at the rear or side yard setback line shall not exceed two (2) stories/twenty-five (25) feet. From this point, building height may increase at a ratio of one foot of rise to one foot of horizontal distance away from

the property line, (a 45° angle) up to the maximum allowed height. Transitions exceeding this height and/or ratio limitation require conditional use approval. (See Figure D12)

- (c) Additional Height. Building height exceeding the maximum may be allowed with conditional use approval.

(4) Site Standards.

The following standards are applicable to new buildings and additions exceeding 50% of original building's floor area.

- (a) For the Single-Family Attached, Small Multi-Family, Large Multi-Family, and Courtyard Multi-Family Building Forms, parking shall be located behind, beside, or below the building, or in a common parking court in the interior of a block. If located on the side of the building, surface or structured parking shall occupy no more than twenty-five percent (25%) of the frontage along the primary abutting street. For Large Multi-Family Buildings, structured parking at ground level shall not be visible on the front facade of the building.
- (b) For all Building Forms other than (a) above, parking shall not be placed between the front facade of a building and the abutting street. Parking shall be located to rear or side of principal building; parking abutting primary street frontage is limited to forty percent (40%) of lot frontage.
- (c) Parking buildings shall be designed with ground-floor retail or office uses fronting primary streets.

(5) Site Standards: New and Existing Development.

- (a) All business activities shall be conducted within completely enclosed buildings except:

1. Off-street parking and off-street loading.
2. Outdoor display and outdoor storage.
3. Vending machines.
4. Outdoor eating, cooking, and service areas associated with food and beverage establishments.
5. Bicycle-sharing facilities.
6. Auto service stations.
67. Agricultural activities.
78. Temporary outdoor events.
89. Solar energy systems and wind energy systems.
910. Walk-up service windows.
104. Yard sales.
112. Composting
123. Keeping of chickens and keeping of honeybees.
134. Outdoor recreation."
